RE: City of Pflugerville
Ordinance-0089
Granted Conveyance of a 10' Private Wastewater Easement

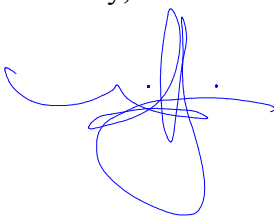

Dear Ms. Sellers,

The DPS Megacenter Project located at 216 Wells Branch Parkway has implemented a revision in the type and route of the wastewater facilities being constructed as subdivision improvements to serve the DPS Megacenter site and the adjacent HW Carmen Investments tract of land.

This revision will no longer require the Private Wastewater Easement approved by the City Council on January 10, 2012.

If you require any additional information for your procedures to rescind the ordinance, please do not hesitate to give me a call.

Sincerely,
