DRAINAGE EASEMENT AGREEMENT

THE STATE OF TEXAS §

COUNTY OF TRAVIS §

GRANT OF EASEMENT:

TERRELL TIMMERMANN (“Grantor”, whether one or more), for the sum of Ten and No/100 Dollars (\$10.00) and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged and confessed, does hereby grant, sell and convey unto **THE CITY OF PFLUGERVILLE, TEXAS**, a home rule city located in Travis County, Texas (“Grantee”), a temporary easement and right-of-way (“Easement”) upon and across the parcels of real property of Grantor which are more particularly described on Exhibit “A”, attached hereto and incorporated herein by reference (collectively, “Easement Tracts”) for the construction of roadway embankment, a storm drainage crossing to consist of an open enclosed reinforced concrete pipe and channel grading necessary for the Pfluger Farm Lane roadway construction project, and across the following described property, to-wit:

TO HAVE AND TO HOLD the same to Grantee and its successors and assigns, together with the right and privilege at any and all times to enter the Easement Tract, or any part thereof, for the purpose of construction, operation, maintenance, replacement, upgrade, and repair of the improvements which are constructed and installed therein or thereon by Grantee under the terms of this Easement.

Grantor does hereby covenant and agree to WARRANT AND FOREVER DEFEND title to the Easement herein granted, unto Grantee, its successors and assigns, against every person whomsoever lawfully claiming or to claim the same or any part thereof, subject to the matters set forth herein and all validly existing restrictions, covenants, conditions, easements, royalty and mineral reservations, and all other matters of record, if any, affecting the Property.

CHARACTER OF EASEMENT:

The Easement is an easement in gross.

PURPOSE OF EASEMENT:

The Easement shall be used for public roadway and drainage purposes, to receive storm water from tracts located upstream from the Easement Tract, including placement, construction, installation, replacement, repair, maintenance, relocation, removal, and operation of a drainage culvert and roadway improvements, or making connections thereto.

Grantee shall have a continuous right of access to the Easement Property for the operation, repair, maintenance, replacement and expansion of the drainage facilities and related appurtenances.

DURATION OF EASEMENT:

The Easement shall be temporary. The easement shall expire the earlier of (1) completion of Phase A improvements or (2) March 31, 2014, whichever is earlier. Grantor hereby binds Grantor and Grantor's heirs, legal representatives, successors and assigns, to warrant and forever defend the Easement unto Grantee, its successors and assigns, against any person whomsoever lawfully claiming or to claim the same or any part thereof.

EXCLUSIVENESS OF EASEMENT:

The Easement is non-exclusive and Grantee's use shall be in common with Grantor and their successors and assigns. To the extent that such entry or use does not interfere with Grantee's use of the Easement as a drainage easement, Grantor hereby reserve, for themselves and their successors and assigns, the right to enter upon and use the surface of the Easement Tract, subsurface of the Easement Tract and the air space over the Easement Tract. Notwithstanding anything contained herein to the contrary, Grantor shall not use the Easement Tract in any other manner or grant any easement on or across the Easement Tract that interferes in any material way, or is inconsistent with, the easements, rights, and privileges granted hereunder or the terms and conditions hereof.

MAINTENANCE:

Grantor shall keep the Easement free from any obstruction not authorized by Grantee. Grantor shall maintain the surface area or the Easement Property, which shall include but shall not be limited to regular mowing to prevent vegetation from becoming an obstruction to the flow of water within the Easement.

Grantee has the right to trim and cut down trees and shrubbery and to remove other improvements and structures to the extent reasonably necessary to prevent interference with the operation or repairs to Grantee's facilities in the Easement Tract

ENTIRE AGREEMENT:

This instrument contains the entire agreement between the parties relating to the rights herein granted and the obligations herein assumed. Any oral representation or modification concerning this instrument shall be of no force and effect except for any subsequent modification in writing, signed by the party to be charged.

BINDING EFFECT:

This agreement shall bind and inure to the benefit of the respective parties hereto, their heirs, legal representatives, successors and assigns.

ASSIGNABILITY:

This Easement and the rights of Grantee hereunder may be assigned by Grantee so long as the assignee utilizes the Easement as contemplated herein.
