

Pavement Marking Services

Scope of Work

- As part of routine street maintenance services, striping has been done annually through utilizing contractors due to the specialized nature and equipment required to perform this work. The City of Pflugerville has a variety of pavement markings, and 233.38 centerline miles of roadway that require restriping for increased visibility and traffic safety.
- The proposed action authorizing the services of DIJ Construction would address all pavement marking needs through out the City as needed.

Recommendation

Authorize a piggyback contract with the City of Leander to utilize D.I.J Construction, Inc. for pavement marking in an amount not to exceed \$190,000, utilizing unit pricing by D.I.J Construction, Inc. obtained through the RFP process and selected as the lowest responsive and responsible bidder, and authorizing the City Manager to execute same.
