A vibrant watercolor splash in shades of pink, magenta, and red, with some yellow and orange tones, set against a white background. The splash has a textured, organic feel with various brushstrokes and splatters.

*Harvest Pfest*

The image features a vibrant watercolor background. A large, textured purple shape is the central focus, surrounded by splatters and washes of red and pink. The overall effect is artistic and dynamic. The word "Meetings" is written in a white, elegant cursive font, centered over the purple area.

The Youth Advisory Council has provided us with lessons in our future careers, government insight, connections to the community, and friendships that we'll cherish for the rest of our lives. Thank you so much to Ms. Stubbs and the City Council for making this group and our journey together possible.
