# PLAY THAT MOVES YOU<sup>®</sup>

At Burke, movement is our mantra. It drives our purpose and ignites our passion to bring the best in playground design and the most innovative, developmentally rich play, outdoor fitness and recreation products. Our research and testing push us to create new and unique ways to challenge children, families, schools, communities, teams and individuals to move, to grow and to play. Play fosters opportunities for connection between generations and with our peers, provides growth and togetherness and moves us in so many ways. Join Our Movement<sup>®</sup> and experience the many ways play can move you.

## PLAY FOR HEALTH

Movement is life and is one of the most important aspects in overall health and wellness for people of all ages and abilities. Burke has playground and fitness offerings that engage everyone in all stages of life to move. Our Nucleus<sup>®</sup> and Intensity<sup>®</sup> playgrounds feature a fusion of play that helps children engage in active play throughout the day for enhanced growth and developmental opportunities. ELEVATE<sup>®</sup> Fitness Course brings obstacle course fitness to a whole new level and is poised to engage children 5-12, teenagers and adults. ACTIVATE<sup>®</sup> Fitness Circuit and INVIGORATE<sup>®</sup> Dynamic Fitness are a great way to add events to a fitness trail or create a space for outdoor exercise. Our variety of fitness equipment will meet you where you are in your fitness journey and challenge you to be more.

## PLAY FOR YOUR MIND

Playful experiences are learning experiences and children at play are developing a wide-variety of skills that range from problem solving and cognitive planning to memory and self-regulation. Each and every time a child plays they are contributing positively to their cognitive development and setting themselves up for future success.

## PLAY FOR CONNECTION

Play provides us with common experiences, shared laughter and true connection. It brings communities together and helps us return to the simplicity of basic human connection and kindness. Parks and recreation spaces are critical because they lay the groundwork for the intergenerational engagement, interaction and development we all seek. Products such as Novo<sup>®</sup> Playful Furniture, with interesting pieces that can be used in a variety of ways, foster those opportunities by creating a space where everyone can interact and play together in their own way. The Konnection<sup>®</sup> Swing revolutionizes connection by promoting face-to-face connections and playing together. Every person of every age and ability brings their own unique experiences that enhance the collective and moves us all through play.

## PLAY FOR MOTION

Motion play creates a childhood experience like no other by creating movement for children of all abilities and providing developmental benefits, including increased spatial awareness, inner ear stimulation and balance. Motion can be a source of calm for children with sensory processing differences while providing delight and excitement for children of all ages.

## PLAY FOR DEVELOPMENT

Play is the work of childhood and helps children express themselves, monitor their emotions and develop a sense of identity that fuels their self-esteem and shapes their world view. Creating environments that foster this growth is at the heart of what we do at Burke and helps to teach resiliency and perseverance, all skills that transcend the playground and help children to develop into successful and healthy adults.

# TESTIMONIALS

*"Service, Safety, Quality. Three words I would use to describe the people, business model, and overall organizational standards that inspires the BCI Burke Company. Every organization has a unique set of challenges and goals when it comes to building an educational environment - and from our experience, BCI Burke came to the table ready to work with us as partners to meet those challenges and goals head on.*

*We chose to work with BCI Burke because we needed a reliable company that would be able to provide nothing less than the highest quality product with our own time limitations. As with most other businesses, we did not have the luxury of making an investment into a project of this magnitude and not feel 100% certain that we had gotten the very best of our dollar. We also had to assure our stakeholders that we would see that investment last the test of time.*

*BCI Burke offered us superb and consistent customer service, the ability to achieve our goal on a fast timetable, and the confidence that our playground is genuinely the very best in design and safety. This is something that we will showcase in our school for many years to come.*

*After working with the company, I know personally they are committed to go the extra mile to satisfy your needs. BCI Burke is a master in their field but also provide the customer with an intuitive understanding of service".*

Angela H. Brunini  
Principal  
St. Anthony Catholic School

*"I am writing to tell you how much I enjoyed and appreciated working with your local representative...Through the years, I have worked with a number of playground companies, but never with anyone with the professionalism, commitment and follow-through of (your Burke Rep). We are all so excited about our children having the opportunity to play on your wonderful equipment; of course, we want everything! We are so impressed with the many, many possible designs. Thank you for the quality of your equipment and your local representatives."*
