

Addition of 20 Ford Police Interceptor Patrol Vehicles

The Police Department is seeking twenty (20) additional Ford Police Interceptor Utility patrol vehicles, thus allowing for every sworn employee (officer) to have a take home police vehicle. The advantages of which are as follows:

- Allows for rapid deployment of multiple officers during a critical incident
- Less wear and tear on patrol vehicles as they will not be driven every day of the year
- Take home vehicles for all sworn employees will bring us in line with surrounding agencies and will aid in officer recruitment and retention
