The Pflugerville Community Development Corporation Board of Directors manages the affairs of the City's 4B Corporation which promotes economic development in order to eliminate unemployment and underemployment, and to promote and encourage employment and the public welfare of, for, and on behalf of the City by developing, purchasing, leasing, implementing, providing, and financing projects under Section 4B of the Development Corporation Act of 1979. Up to 4 employees of the City, members of the City Council, or other officers of the City are allowed to serve on the board.

Does any potential conflict of interest exist which may interfere or inhibit you to carry out the duties of a Pflugerville Community Development Corporation Boardmember? ☐ Yes ☒ No (If Yes, please explain.)

What do you see as the primary role of the PCDC Boardmembers?

I see the primary role of the PCDC Boardmember as overseeing the taxpayer's investment in the local community through business incentives. The role I would like to play would be of a watchdog when it comes to planning the growth of our local business sector.

In your opinion, how much involvement in developing the economic goals and strategy for the City should the PCDC have? How much involvement in developing the economic goals and strategy for the City should the City Council have?

Both groups are accountable to the public in general. PCDC involvement should reflect the levels of energy and enthusiasm as its overall membership. Likewise, City Council involvement should reflect its' own individual perspectives.

What do you think is the City's primary need in establishing an economic development strategy?

I think the City's primary need in establishing an economic development strategy is to design the growth of our local business sector. Efforts to grow business locally should be balanced with efforts to promote sustainability and maintain quality of life for city residents.

What are the major challenges Pflugerville faces in economic development?

The people of Pflugerville must do their best to ensure that commercial interests and industry does not succeed at the expense of the public interest. Growing quality of life for the residents of the city must take priority over business growth.

Please provide any additional information you feel would be useful to the City Council in considering your application. Please use additional sheets as necessary. A cover letter and/or resume may also be submitted with the application.

If chosen, I would be a voice for the citizens of Pflugerville not the voice of business.

By signing this application, I hereby affirm that I am aware of the requirements for the position and certify that I meet those requirements.
