Anticipate pre-engineered or efficient steel frame system (may be hybrid pre-eng if desirable). Budget for building is \$1,330,000 - \$1,500,000 @ \$190 - \$200/sf which includes some owner FF&E. It is understood that there is another \$250,000 budget for civil/sitework beyond 5' from the building, which will be designed & built by City staff. Project will proceed in (2) principal phases: Phase 1 – Design and Documents, and Phase 2 – Bidding and Construction. Phase 2 is scheduled for late 2015 following funding.

### BASIC SERVICES

#### Phase 1

##### **Design and Documents**

- Participation with Owner in an initial meeting to assess needs and determine design criteria.
- Visit the site to gather data and visually verify existing conditions.
- Develop design and construction documents suitable for bidding, permits and construction.
- Deliverables consist of documents including drawings, specifications, and statement of probable construction cost. These would be submitted for owner review at phases of schematic design (15% complete)/design development (40% complete), and final review (95% complete.) Owner requested revisions and corrections will be incorporated into the next phased submission. Owner requested revisions to previously approved documents may be subject to additional service fees.
- Attend document owner review meetings with designated representative at each phased submission.

#### Phase 2

##### **Bid Phase**

- Maintain control and issue of bid documents to plan rooms and prospective bidders, including addenda, and manage communications during bid process.
- Attend pre-bid conference.
- Review bids with Owner and make recommendations on award.

**Construction Phase**

- Submit documents to agencies having jurisdiction over the project (City, TDLR). Architect will provide documents as necessary for City of Pflugerville site plan approval.
- Respond in a timely manner as the primary point of contact as the owner’s representative during construction.
- Review submittals and shop drawings.
- Provide clarifications/interpretations of bid documents, including response to RFI’s (Request for Information).
- Assist in making finish material and color selections.
- Attend pre-construction conference and site visits during construction to assure quality and compliance with documents. Includes progress visits with report for Architect at approximately biweekly intervals as appropriate while construction is in progress, plus a final walk through, for a total of 18-20 visits. Progress meetings / field observations during the course of construction for structural would total 3-4, and for MEP 5-6. We assume approximately 9-10 months on-site construction duration.
- Assist in project closeout.

**SCHEDULE**

Following are minimum durations of time that we will need to effectively complete our work:

<b><u>Phase 1</u></b>	Schematic Design	4 weeks
	Design Development	8 weeks
	Construction Documents	12 weeks
<b><u>Phase 2</u></b>	Bid and Negotiation	6 weeks
	Award Contract	2 weeks
	Construction and Close-out	40 weeks
	<b>Total Duration</b>	<b>72 weeks</b>

Note that the above does not include time for owner review and comment. It is understood that Phase 2 is scheduled to begin late 2015.

**FEES**

Fees for basic services would be a lump amount of \$98,400. Fees are payable either on a monthly basis for percentage of work complete or in phases as follows:

<b><u>Phase 1</u></b>	Schematic Design (15%)	\$ 14,760
	Design Development (25%)	\$ 24,600
	Construction Documents (35%)	\$ 34,440
<b><u>Phase 2</u></b>	Bidding (5%)	\$ 4,920
	Construction Administration (20%)	\$ 19,680
	<b>Total</b>	<b>\$ 98,400</b>

**ADDITIONAL SERVICES**

Additional services are defined as any services not listed as basic including revisions to previously approved plans, changes in project scope, or additional work necessitated by unknown or unforeseen circumstances. Services would be performed either at an hourly rate or negotiated at that time. See attachment for hourly rates.

**REIMBURSABLE EXPENSES**

Reimbursable expenses are defined as follows and will be billed at direct cost (invoice) plus 5% for overhead:

1. Reproduction and plotting of documents for other than A/E's own in-house use.
2. Shipping, mailing and delivery expenses for other than A/E's own in-house use.
3. Additional subconsultants if requested.
4. Any other disbursements, agency fees, etc., made on behalf of the Client.

**ASSUMPTIONS AND EXCLUSIONS**

- Phase 1 is understood to be complete by May 2015. Phase 2 should begin after funding is available around October 2015. Should Phase 2 be delayed beyond mid 2016 such that bid documents, estimates, etc. need to be updated or additional work becomes necessary, then that additional work is subject to additional services.
- Revisions requested to previously approved plans that necessitate additional work for the A/E may be subject to additional services.
- Submittals with applications to agencies with jurisdiction are included (City, TDLR). Agency fees would be a reimbursable expense.
- Basic visual field investigation of existing systems and conditions is included, assumes existing site and extensive field verification is not necessary.
- Removal of asbestos or other hazardous material is not included. Any removal which may be necessary will be provided by Owner.
- Drawings will be prepared in AutoCAD.
- Owner will furnish all relevant design standards, Geotech Report, Site Survey and special inspections during construction (as required by International Building Code).
- Owner will provide all site/civil engineering design and documents by in-house staff. This would include all paving, grading, drainage and utilities up to 5' outside of the building line. Architect will provide a schematic plan of the site including parking, drives and walkways in AutoCAD for the civil engineer's use. A/E will coordinate with the Owner's civil engineer to assure quality and completeness between disciplines. A/E and civil engineer agree to collaborate and cooperate in providing design solutions that would be in the best interest and value to the project.
- A/E will provide Landscaping and Irrigation design and documents as a basic service. Landscaping is understood to be functional and utilitarian, no code requirements. Irrigation is understood to be serviced from treated Type 1 City water from the treatment plant same as those serving the adjacent park.
- Electrical, gas, city water, and sanitary sewer utilities currently exist in the immediate vicinity with sufficient capacity to support the new work. The work of this project will connect to these existing building systems without modification. If we find that existing infrastructure, such as electrical capacity, must be upgraded, this design work may be subject to an additional service fee.
- Particular telecom, data, and security systems if required are to be provided by the Owner. Architect will coordinate with system requirements.
- Estimates of probable construction cost by a professional cost estimator are included. Architect will provide opinions of probable cost phased submission of schematic design, design development and 95% CDs.
- Record "as-built" drawings would be an additional service. Basic service would include providing the contractor's record drawings and CAD files of the bid documents, plus any addenda and/or project revisions that may have been incorporated in the course of the project. We would estimate providing CAD record drawings at the completion of the work should not exceed \$4,000, assuming normal job changes during the course of construction.

**OWNER RESPONSIBILITIES**

Following are certain expectations that we consider to be the owner's responsibilities:

- Owner will provide a designated representative, and timely review and response to inquiries in order to maintain an orderly progression.
- Owner will furnish relevant design standards, and owner furnished equipment specifications.

Proposed sub-consultants with Architecture Plus include Jaster-Quintanilla for Structural and HCE Engineers for MEP, and Project Cost Resources for cost estimating.

We appreciate this opportunity to work with the City of Pflugerville. If the above is acceptable, we are prepared to begin work immediately upon execution of this as a letter agreement by your authorized representation.
