2 Discuss Only

2a 2022-0346 Discussion regarding parks role in the planning process.

Shane Mize, Director of Parks and Recreation, presented.

Parkland development and dedication is a part of planning process. We do have a lot of amenities that not a lot of other cities have. A lot of those 55 miles of trails were dedicated by Development and that is an important tie between Parks Master Planning and the Comprehensive Plan in the development process. Parkland Dedication and Development dollars lives in planning for a reason. It is the mechanism that the city uses that when a city grows, quality amenities grow with it and that people have access to them.

2c 2022-0347 Discussion regarding Aspire Pflugerville 2040 Comprehensive Plan and the Parks Master Plan.

Emily Barron, Planning and Development Services Director, spoke on the Comprehensive Plan and the future land use map as it pertains to the Parks Department. One of the features of the parks in this plan is the well being of the community.

Parkland dedication goes before the Parks and Recreation Commission and Planning and Zoning has final authority on Plats. Parkland dedication ends with platting. The 10 minute concept, that everyone in the community is within

10 minutes of a park, is the ultimate goal of the healthy community.

2a 2022-0348

Discussion regarding the Parks Capital Improvement Plan.

Emily Barron, Planning and Development Services Director and Shane Mize, Parks and Recreation Director presented information on the Parks Capital Improvement Plan.
