Objectivity and a knowledge of municipal ordinances is necessary to ascertain when a variance is in the public interest, does not create an unnecessary hardship, and upholds the spirit of the ordinance from which you are granting a variance. A financial hardship is not considered a reason for granting a variance. Please define "unnecessary hardship" as it would relate to granting a variance.

Each case is unique and it's difficult to answer without knowledge of the situation.

Variations are an important part of a cities structure and committee members should carefully scrutinize a variance request before suggesting changes.

Please provide any additional information you feel would be useful to the City Council in considering your application. Please use additional sheets as necessary. A cover letter and/or resume may also be submitted with the application.
