Use the facilities approximately 4-5 times weekly.

Which facilities do you use?

I use the Gilleland Creek Trails that go off in several different directions. Weekly I use swim and run at Lake Pflugerville.

Please list the programs offered by the Parks Department.

There are so many to list. Range from toddler, youth, adult, and senior activities. Which include gymnastics, basketball skills, youth & adult tennis, volleyball, and dancing. Also there are those programs that reach out to our community, Pfarmers Market, Aquatic Programs, Adopt-a-Trail program, and Community Gardens for a few to mention.

What areas or programs would you like to see improved or expanded?

Would like to continue to work with our other commissioners and Parks personnel on expanding our Trail System, Skate Spot initiative, ensure our parks are well representative. As well as working with City Council on our sport programs and volunteering with the Deutschen Pfest Committee.

Our city has over 25 miles of trails, which is only second to City of Austin. That is a accomplishment and we are still growing!!

What are the biggest challenges that you see facing Parks and Recreation in Pflugerville in the next 5 years?

Funding. As we grow in population, so does our use of the recreation and park facilities. Even though we (commissioners) view the future and wish for more available perks for our parks, strongly believe we have to maintain what we have and ensure the maintenance keeps up with the demand of our facilities. It is fine line to fund new ideas and to keep our facilities in working condition.

As commissioners it is important to review our five year comprehensive park plan with our city council and city manager regularly to adjust this working document.

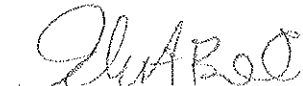

Please provide any additional information you feel would be useful to the City Council in considering your application. Please use additional sheets as necessary. A cover letter and/or resume may also be submitted with the application.
