5A. [ORD-0071](#)

Conduct a public hearing and consider approving an ordinance on first reading with the caption reading: AN ORDINANCE OF THE CITY OF PFLUGERVILLE, TEXAS AMENDING ORDINANCE NO. 874-07-04-10 OF THE CITY OF PFLUGERVILLE, TEXAS, AS AMENDED, BY CHANGING THE ZONING DESIGNATION FROM GENERAL BUSINESS 1 (GB1) TO LIGHT INDUSTRIAL (LI) FOR LOT 2, BLOCK A, PFAIRWAY OFFICE PARK, A 5.773 ACRE LOT OUT OF THE WILLIAM BARKER SURVEY NO. 74 IN PFLUGERVILLE, TEXAS, LOCATED AT 2911 A.W. GRIMES BLVD; TO BE KNOWN AS THE 2911 A.W. GRIMES REZONING. (REZ1106-01), AND PROVIDING AN EFFECTIVE DATE.

Mr. Fletcher provided information. He reported that the Planning and Zoning Commission recommended denial, which results in the requirement of a supermajority of the Council for approval. Mr. Fletcher answered questions of the City Council.

Kari Blachly, representing the owners of Shoreline Boat and RV, Kevin Kolbeck and Todd Eggers, introduced Mr. Kolbeck and Mr. Eggers to make a presentation. Mr. Kolbeck and Mr. Eggers provided information on their company, which is a boat and RV repair facility for structural and cosmetic repair. They explained that they would like to maintain their existing business and add the storage concept to the rear of the facility. They spoke to screening concerns and reviewed their plans for fencing and screening. They spoke to traffic concerns, indicating that they only have two to five visitors a day with deliveries. They stated that they would have 12 to 18 employees and normal business hours, 8:00 a.m. to 5:00 p.m. They stated regarding the impact from noise and odor, that all facilities have full HVAC, and they do the work inside the shop with no odors that emit from the property. They stated that there is not really any noise because everything is done inside the facility.

Mr. Kolbeck and Mr. Eggers reviewed their employee plans and salaries and estimates for sales tax generation. They stated that they would like the LI zoning because it provides building standards within their budget and suits their needs to operate the storage.

Mayor Coleman asked if it would be covered storage. The owners indicated that it would be closed on each end with a cover and discussed the proposed layout with the Council. Mr. Fletcher also provided information during the discussion.

Mr. White stated that he thinks there is a demand for these repair services and that they will be successful. He stated he is looking at why that storage piece is so critical. The owners spoke to question. Mayor Coleman noted that when discussing the parking ordinance a few years back, RV storage seemed to be in demand. Mr. White stated that he thinks there was an ample supply of spots in the area. Mr. Fletcher answered questions.

Russ Bohls, 20 Chisholm Trail, Round Rock, stated to represent the owners of the subject tract and adjacent tract to the north, indicating that the current owners are the Lawrence Trust. He provided a history of the ownership of the three tracts of property. He stated that the developer on the three tracts has gone away and First State Bank, owner of the adjacent office park property, is opposed to the rezoning, stating that they submitted a letter. Rodney Blackburn, Planning and Zoning Commission stated that he has spoken with Doug Morowitz, president of the bank, regarding their concern for the LI zoning, and explained their concern for the front of the building being 100% masonry and the other sides 25%, with one of the sides facing the office park. Mr. White stated that he drove the area and is confused because he would have thought that the bank would have taken the opposite stance, to want it to develop. Mr. Blackburn stated that they do want it to develop but want the GB2 zoning. He stated that the main reason that the Planning and Zoning Commission recommended denial was because of the open storage. Mr. White noted that there is LI zoning adjacent. Mr. Blackburn stated that the banker's concern was for the open storage and the metal building facing their property.

Elena Perales, 2919 A.W. Grimes Boulevard, stated that she owns the property with the single family home south of this property, which has been rezoned GB. She stated that she bought it when it was in the country and she still lives there. She stated that her biggest concern was the smell and what businesses will be looking at her property and how they will feel about this zoning next door. She stated that she is for the new business and GB2 seems to work fine. She explained that she does not have a problem with the RVs, but has concern with LI.

Joe Willie McAllistor, 201 Barton Springs Road, Austin, was signed up to speak, but when called upon, stated that he did not wish to speak any longer.

Glenn Cook stated that he owns one of the condos in the adjacent office park. He stated that he is not opposed to Shoreline developing this property. He stated that he represents the bank in selling the rest of lots in the park. He explained that he is aware of the easement that leads to tract A. He explained that his main concerns are that the doctors that own condos within the office park are against this rezoning. He stated that he also has concern for clients that come into his business in the office park will see motor home and boat

storage. He stated that he would want a wall/buffer. Mr. Cooper asked about the condo parking which exists on this tract. Mr. Cook spoke to the parking spaces. Mr. Cook stated that it is necessary for the buffering fence, that they do not want to look at wrecked boats and RVs.

Mr. White indicated that he had question for Ms. Perales. Ms. Perales returned to the podium. Mr. White asked Ms. Perales if she is opposed to the storage or if she would like to see something else there. Ms. Perales stated she is gone during the day and it is not a big issue for her. She stated her biggest concern, if LI, would be to make sure they meet all the requirements and create the wall and put in the shubbery, to think about the residents and make sure everyone is happy. Mr. Gonzales stated that over the years they have seen a lot of development and changes that we have been concerned about. He stated that this is a gateway from the west side of Pflugerville. He stated that it has been improved and he thinks that in looking at the plans, that the company, if they are true to form and follow our requirements, would be a positive attribute. He stated that he thinks that the message that they are getting this evening is that you have a concern about your property and the development and the RV folks need to be sensitive to that and they have issues to work out with the bank. He stated that he thinks it could be a project that could be worked out to everyone's benefit.

Phil Snead, Tandem Logistics owner, stated that he thinks the property needs to be developed if there is an opportunity for a buyer to come in and develop in an aesthetic manner. He stated that his office is 4,000 sq. feet and they consider it as class A. He stated that his customers come in from out of state about every two weeks. He stated that the vision for the business park was more than it is today and that they have invested and property values have gone down with the property in receivership. He stated that it is important for him to preserve his class A property. He stated that Shoreline is not a bad idea, but he would want a level of comfort for the screening and coverage along the west line, as something they can count on.

Ms. Blachly stated that in the Council's packet on the dais, there are letters of recommendations from their existing neighbors, that one is from a dentist that has been next to them for 10 years. She stated as far as the buffering and screening, the City's unified development code lays those out specifically.

Mayor Coleman asked Mr. Akers if he has a position or informal position from the economic development aspect. Mr. Akers stated that the Pflugerville Community Development Corporation was approached and they do promote and appreciate new and expanded businesses in Pflugerville. He stated that they support all businesses and would love to have Shoreline in Pflugerville. He stated that they have no opinion on the location.

Mark Mathis, 1806 Tolstoy Circle, stated that he thinks they would have a hard time getting a 40-foot trailer down A.W. Grimes near Bob's where the roadway narrows. Mr. White stated that he looked at it and does not dispute that it may be difficult, but he thinks it is possible. It was noted that trucks enter and exit Austin Foam Plastics.

There were no additional requests to speak at the public hearing. Mr. Cooper made a motion to close the public hearing. Mr. Gonzales seconded the motion. All voted in favor. The motion carried.
