The franchise fee shall be paid each quarter, within thirty (30) days after the end of the quarter. The city may inspect the books of a commercial service provider with or without previous notice, at any time during regular business hours. Use of air brakes to stop near residences is prohibited, except in emergency conditions.

(D) *Safety.* Drivers must observe all safety laws, including speed limit and traffic control signs.

(E) *Disposal.* The collected refuse shall be disposed of in a manner complying with all city ordinances, state laws and regulations and all federal laws and regulations pertaining to the disposal of solid waste. §52.13 INSURANCE, INDEMNITY AND BOND.

(A) *Insurance.* A commercial service provider must secure and maintain in effect insurance to protect the commercial service provider, its employees, and the city from claims for bodily injuries, death or property damage which may arise out of the commercial service provider's performance or nonperformance of its duties under the franchise, whether that performance or nonperformance is by the commercial service provider or one directly or indirectly employed by the commercial service provider. The following minimum levels of coverage are required:

A commercial service provider's failure to maintain any required insurance or to furnish any required certificate will be grounds for termination of the franchise. All insurance certificates must confirm that the insurance may not be terminated or materially changed without 30 days prior notice to the city.

(B) *Indemnity.* The commercial service provider shall also execute an agreement providing that, to the fullest extent permitted by law, the commercial service provider will and does hereby indemnify and hold harmless the City and its officers, directors, agents and employees from and against all claims, damages, losses and expenses, including, but not limited to, attorney's fees, arising out of or resulting from the performance or failure to perform the work required under the franchise. This obligation will not be construed to negate or reduce any other

right or obligation of indemnity that would otherwise exist. This indemnification requirement will not be limited by any limitation on the amount or type of damages, compensation or benefits payable by or for the commercial service provider under any workers compensation acts, disability benefit acts or other employee benefit acts.
