

Res-0793

Approving a resolution of the City of Pflugerville, Texas authorizing the City Manager to execute an Agreement for a Local On-System Improvement Project (LOSA) with the Texas Department of Transportation (TxDOT) for roadway work associated with the Heatherwilde at Pecan Street intersection improvement project.

Project Background

- Pacheco Koch Consulting Engineers, Inc. prepared Construction PS&E for the Pecan Street Intersection Improvements at Heatherwilde Project.
- TxDOT North Austin Area Office requires the LOSA prior to review and approval for construction in the amount of \$8,119.00
- Project has been planned and programmed through the 5-year CIP

Project Information

- LOSA required by TxDOT to utilize their ROW
- City is responsible for all project costs
- Construction of intersection and operational improvements including; pavement markings, traffic signal improvements, and the addition of turn lanes at FM 1825 (W. Pecan Street) and Heatherwilde Boulevard
- Staff is coordinating with the Heatherwilde HOA to address the neighborhood entrance sign
- Construction anticipated to bid upon TxDOT approval

Staff Recommendation

Staff recommends approving a resolution of the City of Pflugerville, Texas authorizing the City Manager to execute an Agreement for a Local On-System Improvement Project (LOSA) with the Texas Department of Transportation (TxDOT) for roadway work associated with the Heatherwilde at Pecan Street intersection improvement project.
