

## Cooperative (Co-op) Purchasing Agreements

The city is a member of the following purchasing cooperative (co-ops). These organizations complete competitive bidding on a variety of goods and services on behalf of their members. The vendors listed on these sites have provided the lowest price on the specific goods or services mentioned for that vendor (note: this might not include all the items a vendor sells) at the time of contract acquisition.

The City also participates in Interlocal Agreements with other jurisdictions for cooperative purchasing. These arrangements allow the City to use the contract terms and pricing another jurisdiction has negotiated ("piggyback") for specific contracts.
