RE: Wholesale Wastewater Service Agreement between the City of Hutto and Kelly Lane Utility Company Dated June 9, 1999; Assumed by City of Pflugerville in December, 2002

Dear Ms. Giannini,

The City of Hutto has requested that the above referenced agreement be extended for the period of January 2, 2021 – July 1, 2021 and amendment #2 to the agreement has been prepared for your consideration. It is understood that this is intended to be the final extension of the agreement and as such the City of Hutto is moving forward with a project to transfer flows covered under the agreement. The project began final design in February 2020 and was completed in October of 2020. Hutto has bid and awarded the project to a contractor and will be issuing a Notice to Proceed on December 7th of 2020 with anticipated substantial completion of the project in June of 2020.

The six-month extension is needed to provide time for the completion of the project and to allow the City of Hutto to divert the flows away from Pflugerville's wastewater system.

Please feel free to reach out if you have any further questions on this matter at 512-759-5989

Sincerely,

Samuel Ray, P.E.
City of Hutto
Director of Engineering
