

STAFF REPORT

Planning & Zoning:	2/4/2019	Staff Contact:	Jeremy Frazzell, Asst. Planning Director
City Council:	2/26/2019	E-mail:	jeremyf@pflugervilletx.gov
Case No.:	REZ1812-02	Phone:	512-990-6300

SUBJECT: To receive public comment and consider an application to rezone a tract of land located generally northeast of the Immanuel Rd and Wells Branch Pkwy intersection in order to establish opportunities for future development on an approximate 192 acre tract of land. Approximately 21.3 acres are proposed to be rezoned from Agriculture/Development Reserve (A) to General Business 1 (GB1) district, approximately 19.0 acres are proposed to be rezoned from Agriculture/Development Reserve (A) to Single Family Mixed Use (SF-MU) district, and approximately 151.4 acres are proposed to be rezoned from Agriculture/Development Reserve (A) to Single Family Residential (SF-R) district; all to be known as the Lisso Tract Rezoning. (REZ1812-02)

LOCATION:

The property consists of approximately 192 acres located at the northeast corner of Wells Branch Pkwy, an east/west arterial, and Immanuel Rd, a north/south collector roadway.

SITE ANALYSIS:

The property has historically been used as rangeland and includes one of the original home sites within the Pflugerville area. When Wells Branch Pkwy was created, the subject property became divided, leaving the majority of the tract located along the north side of Wells Branch Pkwy and a smaller tract along the south side of Wells Branch Pkwy. The proposed rezoning is for the majority of the northern tract.

The subject property includes an existing house and associated agricultural outbuildings in the relative central portion of the property. A looped drive provides a vehicular connection between Wells Branch Pkwy, near the existing house, to Immanuel Road, establishing a four way intersection with Immanuel Road and Purple Martin Dr. The drive is currently used to access multiple out-buildings and vehicle storage locations on the property. A small creek and associated floodplain is located in the northeastern portion of the property, which includes an existing stock tank and additional vehicle storage.

BACKGROUND:

The owner entered into a non-annexation development agreement with the City of Pflugerville which allowed the property to remain in an agricultural state in the county until such time that the applicant petitioned for annexation or a development permit was filed on the property. In 2018, the land owner filed a petition for annexation, and became a part of the City of Pflugerville in August 2018. Upon annexation, the property was zoned to the Agriculture/Development Reserve (A) district and has remained zoned as such to

STAFF REPORT

date. At time of annexation, the vehicle storage was located on the property, and as such the existing land use is considered a legal non-conforming land use, able to remain on the property indefinitely, provided it remains compliant with Subchapter 8 of the Unified Development Code.

SURROUNDING LAND USE:

The subject property is primarily surrounded by various existing single family developments (north, east, and west). Northeast of the tract is unimproved land located in the county, and the City of Pflugerville wastewater facility. Northwest of the tract is an approximate 2-acre tract located in the county, and used as a heavy truck repair facility and a cell phone tower. To the south is Wells Branch Pkwy, followed by unimproved land, previously part of the subject tract. The table below further clarifies the zoning and existing land uses.

Adjacent	Base Zoning District	Existing Land Use
North	Single Family Suburban (SF-S)	Gatlinburg single family neighborhood
South	Agriculture/Development Reserve (A)	Unimproved, agricultural land
East	City of Pflugerville Extraterritorial Jurisdiction (ETJ)	Boulder Ridge manufactured housing
West	Single Family Suburban (SF-S) and Multi-family 10 (MF-10)	Mountain Creek East single family neighborhood and single family condominium development.

PROPOSED REQUEST:

The proposed rezoning to the SF-R and SF-MU districts is at the request of a professional homebuilder organization in order to enable a new single family neighborhood with a variety of lot sizes as permitted within the SF-R and SF-MU zoning districts. The area located at the corner and along Wells Branch Pkwy is proposed to be rezoned to the GB1 district and will remain in the control of the current owner for future commercial development. Below is a description of the proposed land use districts and their location within the tract.

General Business 1 (GB1) district: *Approximately 21.3 acres*

Per the Unified Development Code, the General Business 1 (GB1) district *“is designed to accommodate a full range of retail and office uses with a city-wide and even regional trade area. These types of commercial uses are conducted wholly within an enclosed building. The uses in this district have operating characteristics and traffic service requirements compatible with typical office, retail, shopping, and high density residential environments”*. The following are listed as land uses allowed in the GB1 district:

- Permitted residential land uses: Assisted Living, Live Work Unit, Nursing Home/Skilled Nursing,

STAFF REPORT

- Permitted non-residential land uses: Athletic Facilities, Auction Sales, Automotive Parts Sales, Inside, Automotive Repair and Service, Automobile Parking Lot/Garage, Automobile Sales and Rental, Bar/Tavern, Micro Brewery/Distillery/Winery, Brewpub/Wine Bar, Business Services, Catering Establishment, Cemetery/Mausoleum, Civic Center, Clinic, Commercial Recreation and entertainment, Indoor, Commissary, Convention Center, Day Care Facility, Dry Cleaning Minor, Equipment and Machinery Sales and Rental, Minor, Event Center, Financial Institution, Golf Course and/or Country Club, Golf Driving Range, Government Facilities, Health/Fitness Center, Hospital, Household Appliance Service and Repair, Laundromat, Liquor Store, Lounge, Massage Therapy, Mortuary/Funeral Home, Museum/Art Gallery, Office, Park or Playground, Pawn Shop, Personal Service, Place of Worship, Minor Print Shop, Reception Hall, Restaurant, Retail Sales and Service – including users over 50,000 square feet, Private School, Theater, Trade school, and Transit Facility.
- Conditional uses include: Condominium, Multi-family, Commercial Animal Establishments, Bail Bond, Car Wash, Outdoor Commercial Recreation and entertainment, Indoor, Drive In, Financial Services Institution, Alternative, Gas Station, Hotel/Hotel Residence, Mobile Food Park, Nursery/Indoor Sales, Utilities, and Wireless Telecommunication Facilities.
- Specific Use Permit include: Body Art Studio, College, University or Private Boarding School, Wireless Telecommunication Facilities.

Single-Family Mixed Use (SF-MU) district: Approximately 19 acres

According to the Unified Development Code, the Single Family Mixed Use (SF-MU) Residential District “...is intended to address small lot, single family detached and single family attached (townhome) housing opportunities at a low to medium density. This district may be used in areas of 20 acres or less with direct access to major thoroughfares. Non-residential uses may be considered if cohesively designed as a mixed use neighborhood.” The following are listed as land uses allowed in the SF-MU district:

- Permitted residential land uses: Single Family Detached, Single Family Attached (3 or more units) Townhome, and Condominium.
- Permitted non-residential uses: Government Facilities, Park or Playground, Personal Services, and Place of Worship.
- Conditional uses include: Accessory Dwelling Unit, Live Work Unit, Amenity Center, Brewpub/Wine Bar, Day Care Facility, Dry Cleaning (minor), Farm/Ranch (orchard, vineyard, garden), Financial Institution, Health/Fitness Center, Massage Therapy, Museum/Art Gallery, Personal Services, Restaurant, Retail Sales and Services, and Utilities. Conditions associated with these land uses are described in Section 4.2.3 of the UDC and generally are limited in size, location, and allowed when designed cohesively as a mixed use development.

Single-Family Residential (SF-R) district: Approximately 151.4 acres

According to the Unified Development Code (UDC), the Single Family Residential District (SF-R) “...may be used to master plan a large, low density residential subdivision with an opportunity for a mixture of lot sizes

STAFF REPORT

based on overall acreage. In certain cases, the district may also be used where an infill of single family suburban housing types may be appropriate.”

- Permitted residential land uses: Accessory Dwelling
- Permitted non-residential uses: Unit Government Facilities, Park or Playground, Place of Worship
- Conditional uses include: Condominium, Single Family Detached, Amenity Center, Utilities
- Specific Use Permit uses include: Golf Course and/or Country Club, School (private or parochial)

The land use conditions associated with the single family detached land use are intended to provide a variety of lot sizes throughout the development. When more than 50 acres are proposed to be zoned SF-R district, a minimum of 25% of the lots within the overall preliminary plan shall have a minimum 7,500 sq. ft. lot area, a minimum of 10% of the lots within the overall preliminary plan shall have a minimum 9,000 sq. ft. or greater lot area, and at no point shall a lot have a lot area less than 6,250 square feet.

COMPREHENSIVE PLAN:

The Comprehensive Plan identifies the area with a mixture of low-density residential, medium to high density residential and neighborhood center, with parks and open space provided along the creek/floodplain. The proposed request is consistent with the development goals of the land use plan to provide a diverse supply of housing to meet the needs of the community, while preserving the sensitive creek areas. A continuation of the trail network and open space within the neighborhood will be required to remain consistent with the goals of the Parks and Recreation master plans, providing connectivity and park opportunities within close proximity to residential neighborhoods.

Goal 2 of the Comprehensive Plan encourages infill and new development to be focused around a hierarchy of centers to provide employment and shopping districts in areas where infrastructure is currently available. Action items associated with Goal 2 also encourage new and infill development to accommodate basic services within walking distance of residential areas and provide facilities that serve multiple neighborhoods.

Goal 3 of the Comprehensive Plan further states the “amount of commercial and industrial land uses will accommodate opportunities for employment, services, and growing the municipal tax base.” The addition of commercial development potential along an arterial roadway that provides services to the region appears consistent with the goal.

STAFF RECOMMENDATION:

The purpose of the Single Family Residential (SF-R) and Single Family Mixed Use (SF-MU) zoning district requests is to allow an opportunity for a neighborhood to be developed with varying lot sizes in the city without having to pursue a Planned Unit Development (PUD). The proposed General Business 1 (GB1) district is consistent with other similarly situated properties along Wells Branch Pkwy. The proposed GB1 zoning will not provide conforming zoning to the existing vehicle storage land use currently on the property.

STAFF REPORT

While there is concern with establishing residential zoning and development opportunities for new single family neighborhoods adjacent to potentially incompatible land uses, the expectation is the existing land use will transition once the area begins to receive further development pressure. The Comprehensive Plan is the long range plan for the City which supports the proposed rezoning request, and Staff recommends approval of the rezoning requests from Agriculture/Development Reserve (A) to General Business 1 (GB1) district for approximately 21.3 acres, Single Family Residential (SF-R) district for approximately 151.4 acres, and Single Family Mixed Use (SF-MU) district for approximately 19 acres.

NOTIFICATION:

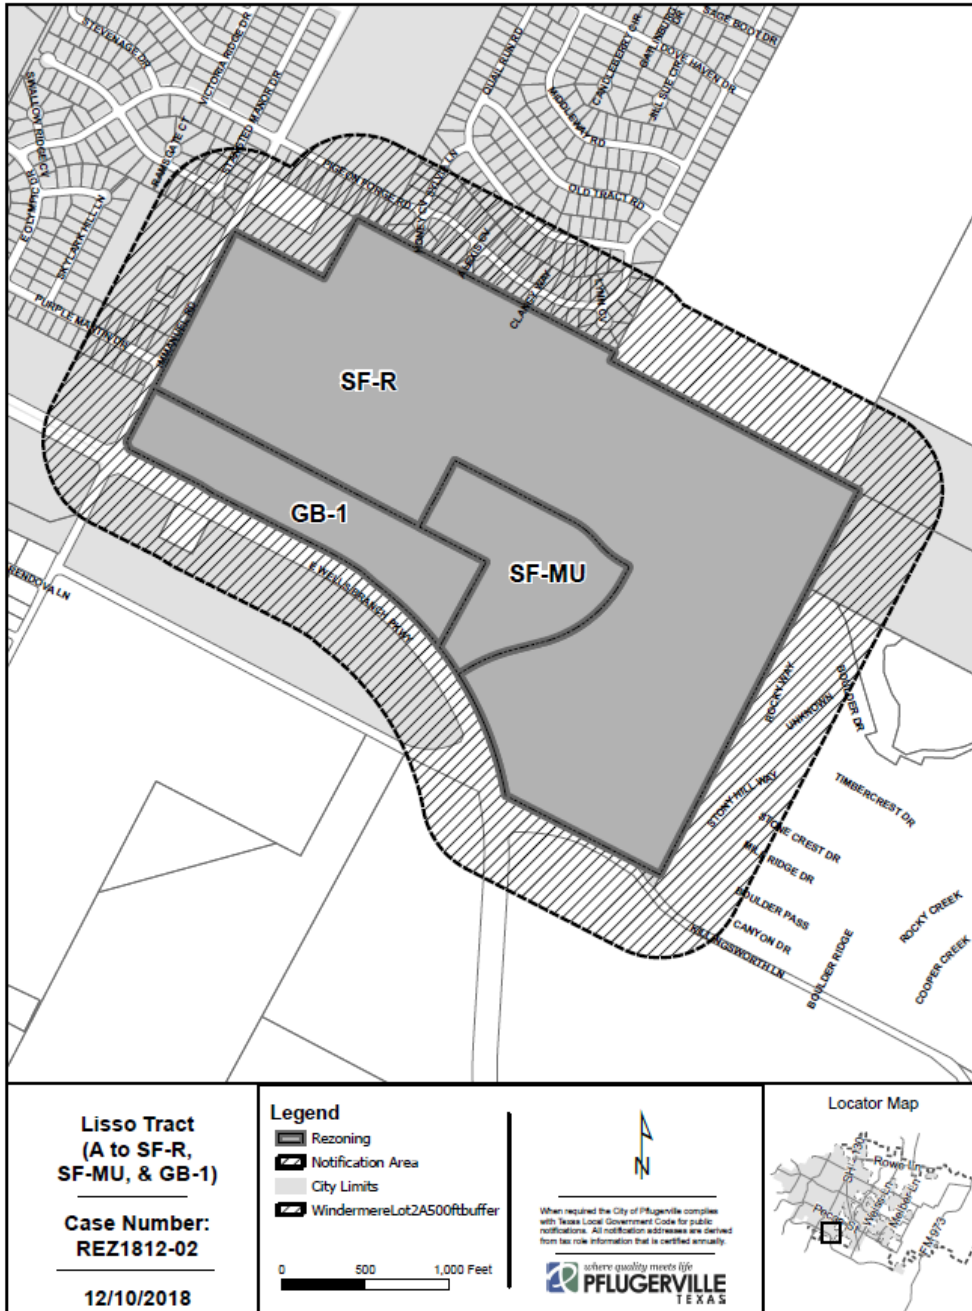

Newspaper Notification was published, notification letters were mailed to property owners within 500 feet of the property, and a sign was posted on the property, all in accordance with the minimum notification requirements. No inquiries were received regarding the proposed request at the time of this report.

Pflugerville, Texas 78660

**Re: Lisso Tract Rezoning
Rezoning – Letter of Intent
NE corner of Immanuel and Wells Branch Parkway
Pflugerville, Texas 78759**

To Whom It May Concern:

Please accept this Summary Letter for the above referenced project. The proposed Lisso development is located at the northeast corner of Immanuel Rd. and Wells Branch Pkwy. in Pflugerville, Texas, Travis County. The existing property is approximately 197 acres which was recently annexed into the city (Ordinance No. 1361-18-09-11), and automatically zoned Agriculture/Development Reserve (A). We propose to have this area rezoned into a mixture of SF-R (+/- 151 acres), SF-MU (+/- 19 acres), and GB-1 (+/- 22 acres), which complies with the City of Pflugerville's 2030 Comprehensive plan.

The proposed development intends to initially provide single family housing, parkland, followed by commercial development in the future. If you have any questions or comments regarding this request, please contact me at 512-782-0602.

Sincerely,

KIMLEY-HORN AND ASSOCIATES, INC.

Alejandro Granados, P.E.

**A METES AND BOUNDS
 DESCRIPTION OF A
 19.008 ACRE TRACT OF LAND**

BEING a 19.008 acre (828,003 square feet) tract of land situated in the Alexander Walters Survey, Abstract No. 67, Travis County, Texas; and being a portion of a called 223.34 acre Tract II described in instrument to Dwain & Jan Selman in Document No. 2008024920 of the Official Public Records of Travis County; said 19.008 acre tract also containing portions of that certain 120 acre tract recorded in Volume T, Page 124 of the Deed Records of Travis County, and that certain 100 acre tract recorded in Volume S, Page 124 of the Deed Records of Travis County; and being more particularly describes as follows:

COMMENCING at a 5/8-inch iron rod found marking the northerly end of a corner clip at the intersection of the southeasterly right-of-way line of Immanuel Road (variable width) and the northeasterly right-of-way line of Wells Branch Parkway (variable width);

THENCE, South 18°24'37" East, 48.39 feet along said corner clip to a 5/8-inch iron rod found marking the southerly end of said corner clip;

THENCE, along the northeasterly right-of-way line of said Wells Branch Parkway, the following six (6) courses and distances:

1. South 63°06'31" East, 470.29 feet to a 1/2-inch iron rod found for corner;
2. South 57°23'53" East, 100.44 feet to a 1/2-inch iron rod found for corner;
3. South 63°06'31" East, 733.61 feet to a 1/2-inch iron rod found for a point of curvature;
4. in a southeasterly direction, along a tangent curve to the right having a central angle of 7°37'53", a radius of 2080.00 feet, a chord bearing and distance of South 59°17'35" East, 276.84 feet, and a total arc length of 277.04 feet to a 5/8-inch iron rod found for corner;
5. South 48°32'27" East, 104.23 feet to a 5/8-inch iron rod found for corner;
6. in a southeasterly direction, along a non-tangent curve to the right having a central angle of 15°01'11", a radius of 2070.00 feet, a chord bearing and distance of South 45°06'08" East, 541.08 feet, and a total arc length of 542.64 feet to the **POINT OF BEGINNING** of the herein described tract;

STAFF REPORT

continued from page 1 of 4

THENCE, North 62°44'52" West, 1039.73 feet departing the northwesterly line of said Sun Boulder Ridge Tract II and along the northeasterly right-of-way line of said Killingsworth Lane to a 1/2-inch iron rod with a plastic cap stamped "KHA" set for corner at the intersection of the northeasterly right-of-way line of said Killingsworth Lane with the northeasterly right-of-way line of aforesaid Wells Branch Parkway;

THENCE, in a northwesterly direction along the northeasterly right-of-way line of said Wells Branch Parkway, along a non-tangent curve to the left having a central angle of 21°48'05", a radius of 2070.00 feet, a chord bearing and distance of North 21°12'07" West, 782.90 feet, and a total arc length of 787.65 feet to a point for corner;

THENCE, departing the northeasterly line of said Wells Branch Parkway and crossing aforesaid Tract II, the following sixteen (16) courses and distances:

1. North 58°40'30" East, 55.00 feet to a point of curvature;
2. in a northeasterly direction, along a tangent curve to the right having a central angle of 7°32'30", a radius of 1035.00 feet, a chord bearing and distance of North 62°26'45" East, 136.14 feet, and a total arc length of 136.24 feet to a point of compound curvature;
3. in a northeasterly direction, along a compound curve to the right having a central angle of 9°14'46", a radius of 1035.00 feet, a chord bearing and distance of North 70°50'23" East, 166.84 feet, and a total arc length of 167.02 feet to a point of tangency;
4. North 75°27'46" East, 182.21 feet to a point of curvature;
5. in a northeasterly direction, along a tangent curve to the left having a central angle of 46°52'24", a radius of 765.00 feet, a chord bearing and distance of North 52°01'34" East, 608.53 feet, and a total arc length of 625.84 feet to a point of tangency;
6. North 28°35'23" East, 77.46 feet to a point of curvature;
7. in a northwesterly direction, along a tangent curve to the left having a central angle of 89°58'00", a radius of 15.00 feet, a chord bearing and distance of North 16°23'37" West, 21.21 feet, and a total arc length of 23.55 feet to a point of tangency;
8. North 61°22'37" West, 30.02 feet to a point of curvature;
9. in a northwesterly direction, along a tangent curve to the right having a central angle of 18°40'11", a radius of 510.03 feet, a chord bearing and distance of North 52°02'31" West, 165.46 feet, and a total arc length of 166.19 feet to a point of tangency;
10. North 41°23'12" West, 58.84 feet to a point of curvature;
11. in a northwesterly direction, along a tangent curve to the left having a central angle of 21°01'01", a radius of 475.00 feet, a chord bearing and distance of North 52°04'27" West, 173.26 feet, and a total arc length of 174.24 feet to a point of tangency;
12. North 62°34'58" West, 788.75 feet to a point for corner;
13. South 27°25'02" West, 235.00 feet to a point for corner;
14. South 29°38'07" West, 85.06 feet to a point for corner;
15. South 27°25'02" West, 132.39 feet to a point for corner;
16. North 62°20'51" West, 1796.33 feet to the **POINT OF BEGINNING**, and containing 151.385 acres of land in Travis County, Texas. The basis of bearing for this description is the Texas State Plane Coordinate System Grid, Central Zone (FIPS 4203) (NAD'83). All distances are on the Grid and shown in U.S. Survey Feet. This document was prepared in the office of Kimley-Horn and Associates, Inc. in San Antonio, Texas.
