Re: SH 130 Commerce Center - Phase II
Recommendation to Award Contract

Dear Mr. Akers:

On August 20, 2013, DCS Engineering (DCS) assisted PCDC in opening bids for the above referenced project. A tabulation of the bids received is attached summarizing Bid No. 1, Bid No. 2, Bid No. 3 and the Alternate Bid results. Four bid proposals were received for Bid No. 1: Grading, Drainage, & Paving Items (Bid No. 1) with prices ranging from \$3,718,844.75 to \$4,661,277.50. The apparent low bidder for Bid No. 1 is DNT Construction from Pflugerville, Texas with a bid price of \$3,718,844.75.

Six bid proposals were received for Bid No. 2: Water & Wastewater Utility Items (Bid No. 2) with prices ranging from \$543,035.50 to \$909,147.00. The apparent low bidder for the total Bid No. 2 is Central Road and Utility (CRU) from Austin, Texas with a bid price of \$543,035.50.

The total project cost using the above two low bidder costs for Bid No. 1 and Bid No. 2 totals \$4,261,880.25. The Engineer's Opinion of Most Probable Construction Cost at the beginning of the project was \$4,375,000.00. Bid No. 1 includes items for a temporary road and for offsite disposal of cleared and grubbed material at a total cost of \$98,675.00. If these bid items are not required, the total bid cost would be reduced from \$4,261,880.25 to \$4,163,205.25.

However, it should be noted here that bidders were allowed to bundle their bids to reduce the overall cost and present a deduct as Bid No. 3. The lowest submitted bundled bid for Bid No. 3 was \$4,441,932.35 by CRU. When measured against the low bidders from the two separate bids noted above (i.e. \$4,261,880.25), Bid No. 3 is \$150,052.10 more.

Four bid proposals were received for the Alternate Bid with prices ranging from \$4,209,241.35 to \$6,315,928.50. This bid was to construct a concrete road section instead of the asphalt road section proposed in Bid No. 1. The apparent low bidder for the Alternate Bid is Chasco Constructors with a bid price of \$4,209,241.35, which is \$490,396.60 more than the Bid No. 1 cost of \$3,718,844.75 for the asphalt road section.

In order to administer two separate construction contracts, additional engineering effort is required above that for a single construction contract since most efforts are duplicated with two contractors working in parallel. A fee of \$45,357.00 for additional engineering effort is included as a separate line item in the already signed contract for Phase II in the event that two separate construction companies were retained

for the Phase II construction. Therefore, the total cost savings to PCDC will be \$104,695.10 if the Phase II work is awarded to two separate contractors.

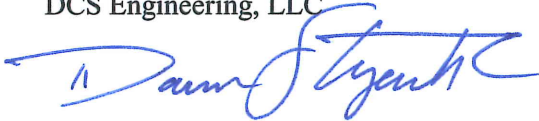

DCS has reviewed Bid No. 1 submitted by DNT Construction and Bid No. 2 submitted by Central Road and Utility and found them to be accurate and complete. DCS has satisfactorily worked with DNT Construction on Phase I improvements at the SH 130 Commerce Center, and worked with CRU on previous projects.

Based on the information presented above, DCS recommends that PCDC accept Bid No. 1 from DNT Construction in the amount of \$3,718,844.75. DCS recommends that PCDC accept Bid No. 2 from Central Road and Utility for the Bid No.2 in the amount of \$543,035.50. We have prepared two NOTICE OF INTENT TO AWARD letters (attached) for you to forward to DNT Construction and Central Road and Utility if PCDC concurs with this recommendation.

If you have any questions, please call me at (512) 614-6171.

Sincerely,

DCS Engineering, LLC

Darren C. Strozewski, P.E.
Principal

NOTICE OF INTENT TO AWARD

To: Mr. Duane McGlaufflin
DNT Construction
2300 Picadilly Drive
Round Rock, TX 78664

Project Description: Pflugerville Community Development Corporation (PCDC)
SH 130 Commerce Center - Phase II

PCDC (OWNER) has considered the Bid submitted by you for the above-described Work in response to its Invitation for Bids.

You are hereby notified that your Total Bid No. 1 in the amount of \$3,718,844.75 for the grading, drainage and paving items listed in Bid No. 1 will be considered for acceptance by the PCDC Board Meeting on August 24, 2013. If accepted, the City of Pflugerville City Council will consider acceptance at their August 27, 2013 meeting. You are also notified that any expenses incurred in relation to the above-described work are not reimbursable by the PCDC without Acceptance of your Bid by PCDC and the City of Pflugerville City Council; and Issuance of Notice to Proceed.

This Notice of Intent to Award is accompanied by five (5) copies of the unsigned Agreements. Please sign (but do not date) the Agreements and return them to DCS Engineering, LLC (DCS), Attn: Mrs. Carolyn Holmes by September 3, 2013 along with the other required documents. DCS will review the documents, and forward them to the OWNER. The OWNER will date the Agreement at the time of execution anticipated to be on September 5, 2013. The Notice to Proceed shall be issued September 5, 2013 at the preconstruction conference (time of the meeting to be determined).

You are required by the General Conditions to furnish the CONTRACTOR'S Performance Bond, Payment Bond, and Certificates of Insurance. The Bonds will become contract documents between the OWNER and CONTRACTOR. Reference is made to the Special Conditions to the Agreement and Supplementary Conditions for other pertinent information relating to insurance. **The Certificate of Insurance form included with the Bid Documents must be used. A copy of this form is attached for your use. Alternative insurance formats will not be accepted.**

Please indicate your acknowledgement of this notice by returning a signed copy to DCS.

Dated August 21, 2013.
