10. Operating Cost Adjustment. The first sentence of Section 10.A. of the Agreement is hereby amended by replacing “February 1, 2012” with “February 1, 2016”.

10.C. 11. Fuel Cost Adjustment. The following is hereby added to the Agreement as Section

“Beginning on February 1, 2014 and on each anniversary date of this Agreement thereafter, the Service Provider may petition the City to adjust the rate provided in Exhibit “B” herein for any Residential Unit utilizing only one (1) Roll-Out and one (1) Recycling Container (the “Base Rate”) for any Contract Year in which the average price of diesel fuel during the preceding Contract Year exceeded \$3.82 per gallon (the “Base Price”). This adjustment shall be reviewed on an annual basis and the City’s consent to such adjustment shall not be unreasonably withheld, conditioned or delayed. The average price of diesel fuel will be determined by reference to the U.S. Energy Administration / Department of Energy published price for diesel fuel – gulf coast region. The following website (or any successor website) will be the source for such information:

[http://tonto.eia.doe.gov/oog/info/wohdp/diesel\\_detail\\_report\\_combined.asp](http://tonto.eia.doe.gov/oog/info/wohdp/diesel_detail_report_combined.asp)

The average price of diesel fuel for each Contract Year (each, an “Average Annual Price”) shall be the average of the weekly fuel prices published for each week during such year.

The fuel cost adjustment for any Contract Year (each, a “Fuel Cost Adjustment”) shall be the product of (i) 6.60 % and (ii) a fraction the numerator of which is equal to the

difference between the Base Price and the Average Annual Price and the denominator of which is the Base Price. In the event the Average Annual Price is greater than the Base Price, the Fuel Cost Adjustment shall be an upward adjustment to Base Rate. In the event the Average Annual Price is less than the Base Price, the Fuel Cost Adjustment shall be a downward adjustment to Base Rate; provided that no downward adjustment shall cause the Base Rate to go below the initial rate for any Residential Units utilizing only one (1) Roll-Out and one (1) Recycling Container, as contained in Exhibit "B" hereof. Each Fuel Cost Adjustment shall be effective during the Contract Year immediately following the Contract Year for which such Fuel Cost Adjustment was determined.

Formula:

$[(\text{Average Annual Price} - \text{Base Price}) / \text{Base Price}] \times 6.60\% = \text{Fuel Cost Adjustment}$

Example:

*Assume the Average Annual Price of diesel fuel was \$4.30 for the Contract Year ending on January 31, 2014.*

*$[(4.30 - 3.82) / 3.82] = 0.1257 \times 6.60\% = .83\%$  increase to the monthly rate contained in Exhibit B hereof for each Residential Unit utilizing only one (1) Roll-Out and one (1) Recycling Container for the Contract Year beginning on February 1, 2014.*

*$\$14.98 \times .83\% = \$0.01$  fuel adjustment to the monthly rate contained in Exhibit B herein for each Residential Unit utilizing only one (1) Roll-Out and one (1) Recycling Container, making the new rate \$14.99."*

12. Termination. Section 27 of the Agreement is hereby deleted in its entirety and replaced as follows:

"Any failure by either party or its successors and assigns to observe the terms and conditions of this Agreement shall, if continuing or persisting without remedy for more than thirty (30) days after the receipt of due written notice from the other party, constitute grounds for forfeiture and immediate termination of this Agreement by the non-defaulting party. In the event the City terminates this Agreement pursuant to this Section 27, the sole remedy of the City shall be collection under the performance bond pursuant to Section 37 hereof."

13. Notices. The following is hereby added to the Agreement as Section 36:

"Any notices required or permitted to be delivered hereunder shall be sent via email and in writing and shall be deemed to be delivered when deposited in the United States mail, postage prepaid, certified mail, return receipt requested, addressed to the respective party at the address and email address below:

The surety on the bond must be by a duly authorized corporate surety company authorized to do business in the State of Texas. Said bond shall be payable to the City in the event that the Service Provider fails to cure any default of this Agreement and shall be the sole remedy available to the City for any default under this Agreement by the Service Provider.”

These rates apply to all Residential Units that are located within the City’s corporate limits, the City’s ETJ, and/or expanded service areas and billed by the City for water and sewer services.

16. EXHIBIT "C". Exhibit "C" attached hereto is hereby added to the Agreement to show Dumpster locations in the City as provided for in Section 6.A. hereof.
