RE: RFP No. 2023-007 Disaster and/or Storm Recovery Services

Ms. Holecek,

AshBritt, Inc. (AshBritt) is the national leader in disaster response and recovery operations and is pleased to respond to the City of Pflugerville's RFP for Disaster and/or Storm Recovery Services.

🔺 Company Background

Originally founded as a landscaping company, AshBritt's first emergency response effort supported South Florida communities in the wake of Hurricane Andrew. AshBritt was officially incorporated in the State of Florida in October 1992 and has since carried out more than 500 emergency disaster response projects and 52 special environmental projects across the United States. In our 31-year history, we have responded to more than 100 federally declared disasters in 34 states collecting, managing, processing, and disposing of more than 185 million cubic yards of debris following hurricanes, tornadoes, floods, snow/ice storms, wildfires, and earthquakes. AshBritt is a company in good standing with the Texas Secretary of State, and as the nation's leader in disaster debris management services, we maintain the necessary resources, licenses, insurances, and bonding to perform the required services under this contract. Notably, the United States Army Corps of Engineers (USACE) awarded AshBritt the largest pre-positioned post-disaster debris management contract ever granted to one firm in 2021. This contract award covers 25 states, including **Texas**, confirming our place as the nation's industry leader. AshBritt is the only contractor that has maintained a 25-year post disaster debris management contract with USACE.

🔺 Understanding of Scope of Services

We will leverage the experience gained over the last 31 years to reduce risk, ensure safe operations, and deliver cost-effective services in a professional and timely manner to the City of Pflugerville. We have performed 100% of the solicitation-required scope of work elements, have the proven means/methods for executing work, and have in-depth expertise with FEMA reimbursement programs.

🔺 Texas Experience

AshBritt has completed 49 disaster recovery projects in the State of Texas dating back to severe ice storms in 2001. This unmatched experience coupled with our local knowledge will bring the most effective disaster recovery and debris clearance services to the City.

Ice Storm (2023): AshBritt worked in an advisory role during the 2023 ice storm disaster debris removal mission for the [City of Pflugerville](#) in conjunction with Kansas City Tree as our prime contractor.

Hurricane Nicholas (2021): AshBritt removed 11,000 cubic yards of vegetative and C&D debris from the Right of Way (ROW) for the City of Freeport, TX.

Hurricane Laura (2020): AshBritt performed debris management services in response to the impact of Hurricane Laura for Orange County, TX. The project totaled 732,000 cubic yards of debris.

Tropical Storm Imelda (2020): AshBritt performed debris management services in response to the impact of Tropical Storm Imelda for Orange County, TX. Task orders issued by the County included hauling of reduced C&D debris from the TDSRS to the final disposal site. The project totaled 65,000 cubic yards.

Torrential Rains (2018): In response to torrential rains, AshBritt was activated by Hidalgo County, TX for storm recovery services. We conducted right-of-way C&D debris collection and hauling to a final disposal site.

Flooding (2018): In response to torrential rains, AshBritt was activated by Hidalgo County, TX for flood water relocation from residential areas due to damage to storm drainage canals. AshBritt utilized Super Vac Trucks to

complete these mitigation services.

Hurricane Harvey (2017): AshBritt completed **13 separate disaster debris removal missions throughout the state of Texas in response to Hurricane Harvey**. We collected, managed, reduced, and disposed of **1,700,000 cubic yards of debris**.

Texas Severe Storms and Floods (2016): AshBritt completed a C&D debris removal project in response to the 2016 City of Jersey Village, TX Severe Storms, and Flooding.

Texas Flooding Event (2015): In July of 2015, AshBritt conducted water relocation services by providing more than 20 Vac trucks in Hidalgo County, TX, in response to flooding events.

Hurricane Ike & Dolly (2008): AshBritt's response to Hurricane Ike & Dolly included the removal, management, and disposal of **1,500,000 cubic yards of debris for 15 jurisdictions throughout the state of Texas**. AshBritt supplied emergency power generation, fuel, pumping services, as well as mobile sleeper units, showers, emergency meals, lodging & hygiene, MREs, water, Gatorade, temporary housing, temp offices, refrigerators, dry containers, grocery deliveries, a mobile command center, and an aviation trailer directly following the hurricane.

AshBritt relocated 350 million gallons of floodwater for Hidalgo County, Texas. We were also tasked by Orange County, TX, with providing building restoration services for 17 government buildings.

Financial Strength and Commitment to Safety

AshBritt's current bonding capacity is \$850,000,000. We underwrote \$100,000,000 during our operation for the United States Army Corps of Engineers (USACE) Hurricane Katrina mission and currently has \$100,000,000 of company working capital. We maintain an excellent safety record. **Our Experience Modification Rating is .75.**

Commitment to Community and Local Partners

AshBritt's philanthropic arm, the AshBritt Foundation, has the primary mission of supporting communities where we live and work. The AshBritt Foundation provides support in four areas: 1) Disaster Impacted Communities; 2) Vocational Schools and Technical Training; 3) Youth Education; and 4) Mental Health. The Foundation aims to further serve communities long after the immediate recovery ends. **Since 2014, \$15,000,000 from AshBritt and the AshBritt Foundation has been invested back into communities where we live and work.** We also support impacted communities by working with local and regional partners, specifically small and minority-/women-owned businesses. We maintain partnerships with numerous regional minority subcontractors that can be employed at a moment's notice. We look forward to identifying additional local and regional subcontracting partners and will actively supplement the outreach we have already performed to engage with interested minority, women's business enterprises, and labor surplus area firms for this contract.

THE ASHBRIIT DIFFERENCE

AshBritt's participation in the **National Response Framework** dates back to 1998 as a debris contractor for the **United States Army Corps of Engineers (USACE)**.

20
Years

AshBritt's Senior Operations Team has worked together for more than 20 years.

ASHBRITT'S BONDING CAPACITY IS
\$850,000,000

AND HAS \$100 MILLION OF COMPANY WORKING CAPITAL

499 RESPONSE MISSIONS
52 SPECIAL ENVIRONMENTAL PROJECTS
106 FEDERALLY DECLARED DISASTERS
34 DIFFERENT STATES

In the last seven years, AshBritt removed over **45,000,00 CY** of debris.
Giving AshBritt more experience than any other company in the industry.

ASHBRITT HAS AN EXPERIENCE
MODIFICATION RATING OF 0.75

ASHBRITT WAS ACTIVATED AS THE PRIME CONTRACTOR FOR ALL PROJECTS LISTED BELOW

HURRICANE KATRINA, U.S. ARMY CORPS DEBRIS REMOVAL MISSION 2005

- Collected and removed 21,500,000 CY of debris
- Collected and removed 9,000,000 CY of debris during the first 60 days
- Average production rate of 150,000 CY a day
- Underwrote \$100,000,000

NORTHERN CALIFORNIA FIRES, U.S. ARMY CORPS DEBRIS REMOVAL MISSION 2017

- AshBritt conducted fire debris removal operations on 1,900 properties in Northern California
- Collected and removed 770,000 tons of fire debris within the 4 impacted jurisdictions
- At peak, AshBritt had 115 debris removal crews working, 553 trucks and moved 25,000 tons of fire debris in one day

HURRICANE IRMA & HURRICANE HARVEY 2017

- AshBritt Collected and removed 12,000,000 CY of debris

HURRICANE MICHAEL 2018

- 11 separate debris removal missions across Florida and Georgia
- Collected and removed over 13,700,000 CY of disaster-generated debris
- Managed 16 Debris Management Sites

HURRICANE DORIAN 2019

- Collected and removed 615,000 CY of disaster-generated debris

OREGON DEPT. OF TRANSPORTATION (ODOT) WILDFIRE PROJECT 2021

- Activated by ODOT in 2 jurisdictions
- AshBritt conducted wildfire debris removal operations on more than 2,100 properties
- Collected and removed 328,145 tons of wildfire debris

KENTUCKY FLOODING 2022

- Collected and removed 552,000 TONS of disaster-generated debris
- ROW, Waterway/Canal, PPDR, and DMS

HURRICANE IAN 2022

- Collected and removed 9,000,000 CY of disaster-generated debris to date
- ROW, PPDR/ROE, Waterway, and Base camp services
- Activated in 13 jurisdiction

ASHBRITT FOUNDATION

AshBritt takes pride in being part of the long-term recovery of a community and has contributed over **\$5 million** to community driven initiatives.

SUPPORTING LOCAL & SMALL BUSINESSES

AshBritt works with Small, Disadvantaged, Minority-Owned, Women-Owned, HUB Zone, and Veteran-Owned business enterprises.

 AshBritt

COMPANY
OVERVIEW

Tab B. Company Overview

History

We have supported recovery efforts in response to 100 federally declared disasters in 34 states. As a result, AshBritt has become the nation's leader in disaster debris management services. Our status is further substantiated by the United States Army Corps of Engineers' (USACE) decision to award AshBritt the largest pre-positioned post-disaster debris management contract ever granted to one firm in 2021. This contract award covers 25 states, including the State of Texas. AshBritt is the only contractor that has maintained a 25-year post disaster debris management contract with USACE.

To further explain what this means, if the City of Pflugerville has been declared under a federal disaster, the selected Contractor may commence services. However, should damages warrant that the USACE be activated under the direction of the President of the United States and the governor, all services being provided by the selected Contractor will cease, and they will be required to demobilize. This could significantly delay services. Therefore, by selecting AshBritt, we would immediately commence services under our contract with the City of Pflugerville and then simply transition services under our contract with the USACE. All services would remain ongoing with no delays.

Company Officers			
Chairman	CEO	Treasurer	Secretary
Randal Perkins	Brittany Castillo	Christina D'Emidio	Charles "Dow" Knight
			

AshBritt maintains the highest levels of safety, quality, and integrity in conducting our services and operations, always adhering to guidelines set forth by OSHA, USACE, EPA, and FEMA. We have also met or exceeded small business requirements in all our past events. **AshBritt was once a small business,** and we remain committed to partnering with small and disadvantaged businesses to the fullest extent possible in accordance with 2 C.F.R., Part 200.

Importantly, our expertise and resources allow us to devise and execute effective solutions tailored to our clients' specific needs. We recently demonstrated this ability by employing helicopters to lower personnel into mangroves in Lee County, FL, for the purpose of identifying registration and hull numbers on derelict vessels. We also disassembled vessels within the mangroves and transported them by helicopter to an aggregation site, thereby minimizing the environmental impact on the mangrove ecosystem.

Featured Project: Hurricane Ian

In 2022, AshBritt removed debris for 15 jurisdictions, including two state agencies, following Hurricane Ian. At our peak, we had approximately 450 debris-hauling trucks and units simultaneously operating throughout Florida. We removed more than 9 million cubic yards of debris, including: loose natural materials; scattered rubble or wreckage; litter; garbage/refuse; C&D debris; vegetative debris; downed or leaning trees and hanging limbs; waterway debris; derelict vehicles and vessels; HHW; white goods; and freon. We also performed private property demolition/debris removal for more than 500 properties and provided other ancillary services (e.g., base camps).

AshBritt has successfully responded to hurricanes, tornadoes, tropical storms, floods, snowstorms, ice storms, earthquakes, wildfires, invasive species infestation, and biohazard pandemics. We have responded to 49 missions throughout Texas dating back to 2001.

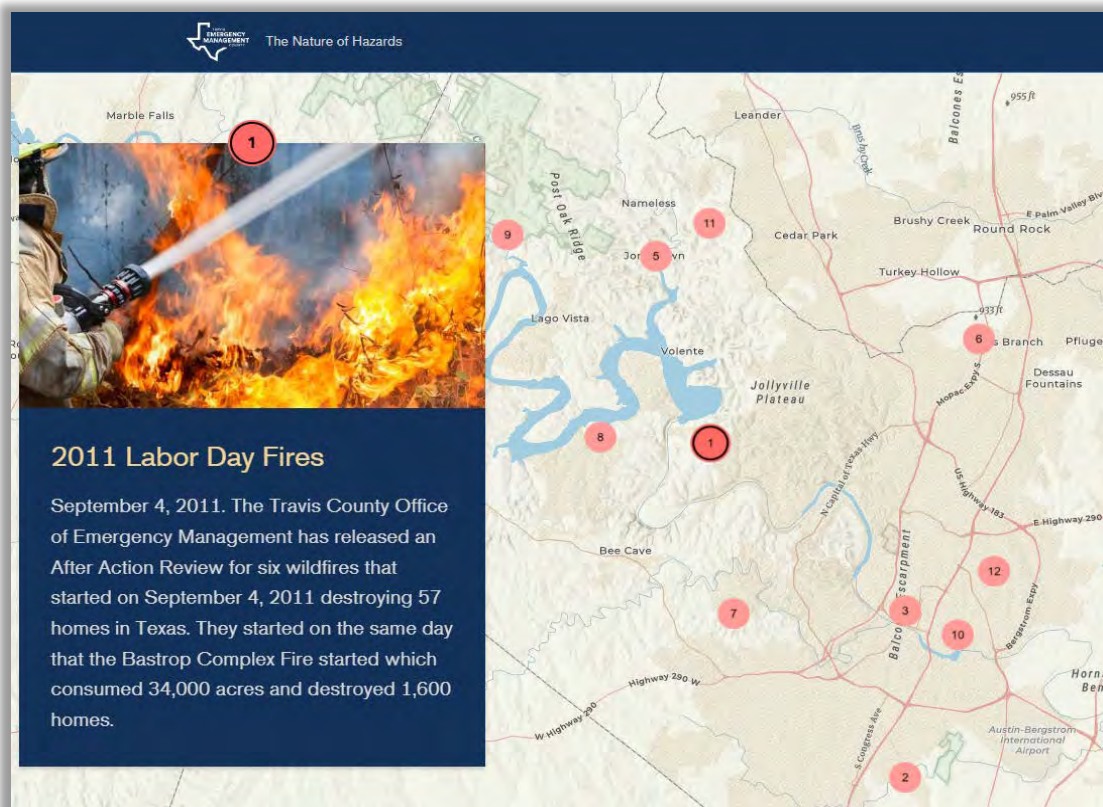

The below disaster declaration data for Pflugerville/Travis County, TX was captured using FEMA's online Data Visualization Tool ([fema.gov](https://www.fema.gov))

Disaster(s) by Incident Category

*Includes Subcategories

Pflugerville, TX (Travis County, TX) is primarily threatened by hurricanes and fires according to FEMA's disaster declaration archives. AshBritt has also reviewed the [Nature of Hazards overview](#) on the County's website to further review some of the more recent hazards the City of Pflugerville may encounter.

AshBritt is experienced in responding to severe storms (including tropical storms and hurricanes) and wildfires. In fact, we responded to all the below similar events in just the past ten years.

- **Texas-Specific Past Experience Table**

Our specific Texas experience performing the work described in this solicitation is captured in the table below.

Year	Disaster Recovery Project	Client/Location	Debris Removed
2023	Ice Storm (Advisory role)	Pflugerville, TX	N/A
2023	Tornado Basecamp	Texas Division of Emergency Management	N/A
2021	Hurricane Nicholas	Freeport, TX	11,000 CY
2021	COVID-19	Texas Division of Emergency Management	5 Infusion sites
2020	Hurricane Laura	3 jurisdictions	732,064 CY
2020	Tropical Storm Imelda	Orange County, TX	65,000 CY
2019	Severe Storms	Cameron County, TX	N/A
2018	Torrential Rains	Hidalgo County, TX	16,205 CY
2018	Torrential Rains	Hidalgo County, TX	N/A
2018	Hurricane Harvey (DR-4332)	13 jurisdictions in TX	1,700,000 CY
2016	Severe Storms and Flooding	Jersey Village, TX	N/A
2015	Flooding Event	Hidalgo County, TX	N/A
2010	Flooding Event	Hidalgo County, TX	N/A

Year	Disaster Recovery Project	Client/Location	Debris Removed
2010	Flooding of Rio Grande River	Hidalgo County, TX	N/A
2008	<u>Hurricane Ike</u> (DR -1791)	10 jurisdictions in TX	1,878,000 CY
2008	<u>Hurricane Dolly</u> (DR – 1780)	Hidalgo County, TX	645,000 CY
2001	Ice Storm	3 jurisdictions in TX	448,000 CY

• Client History

AshBritt has responded to 499 individual missions throughout the U.S. since to 1992. In just the last seven years, we provided debris management services in response to the disasters listed below, collecting and disposing of 45,000,000 cubic yards of debris. A full accounting of our project history is available upon request. AshBritt has provided an overview of the projects we completed in the past 10 years excluding the Texas jurisdictions identified in the previous section.

Year	Disaster Recovery Project	Client/Location	Total Debris Removed
2023	Quaker Run <u>Wildfire</u>	Virginia Division of Emergency Mgt.	N/A
2023	<u>Hurricane Idalia</u> (DR-4734 and DR-4738)	7 jurisdictions in Florida and Georgia	1,300,000 CY

2013	Winter Storm Leon	Atlanta, GA	N/A
2013	Winter Storm Nemo	4 jurisdiction in CT, MA	N.A

- United States Army Corps of Engineers Trusted Contractor

AshBritt has participated in the National Response Framework since **1998**, when we first became a contractor for the United States Army Corps of Engineers (USACE). **In 2021, the U.S. Department of Defense (DoD) made history by awarding four contracts totaling \$1.75 billion to AshBritt, representing the largest pre-positioned federal debris management contracts value ever granted to a single firm.** The record-breaking awards make AshBritt the prime DoD debris management partner in four U.S. regions, comprising 25 states. These five-year merit-based awards cover more than half the landmass of the continental United States where a combined 162 million Americans live. The regions awarded to AshBritt under USACE's pre-positioned Advanced Contracting Initiative (ACI) include the South Atlantic Division (SAD), Mississippi Valley Division (MVD), **Southwestern Division (SWD)**, and Northwestern Division (NWD). USACE adheres to the most stringent federal guidelines when selecting pre-positioned disaster debris removal contractors; thus, these awards represent the most elite contracts in the disaster debris recovery industry.

♦ Regional States	
SAD	NC, SC, GA, AL, FL
MVD	IL, IA, MN, WI, LA, MS
SWD	TX , AR, OK
NWD	MT, WY, ID, OR, WA, MO, KS, CO, NE, SD, ND

AshBritt has been USACE's
trusted debris contractor for
the past 25 years

- USACE Multiple Award Task Order Contract – Puerto Rico Power Generation

AshBritt was recently selected as one of the six contractors that will provide a five-billion-dollar power generation services project for Puerto Rico Electric & Power Authority and LUMA Energy through the USACE Savannah District. The power generation services consist of rental and delivery of generator units; electrical connection of the generator output to the power grid; installation of new, or modification/repair of existing, power monitoring and control systems; testing and commissioning of the power generation and electrical systems; and operation and maintenance of the installed systems, to include fueling. The ancillary activities involve repair, replacement, installation, operation and maintenance of power transmission components necessary for connecting temporary power or power from other sources to the grid.

■ Major Debris Removal Projects

Presented below is detailed information on a select list of our signature projects that demonstrate our capacity, qualifications, experience, and competency in responding to projects comparable to those identified in this solicitation. The following projects were similar in community size and anticipated scopes of services as Pflugerville, TX.

CONTRACTED ENTITY

Orange County, TX

OF FIRE DEBRIS REMOVED

■ Primary and Secondary Contacts

Project Manager: Jamie Robbins – 832-495-1193, jrobbins@ashbritt.com

Location: Splendora, TX

Mr. Robbins has worked for AshBritt since 2005. He was born and raised in Katy, TX. **He has served as the Operations Manager for multiple disaster response projects in the State of Texas including:**

- 2023 Advisory role for the Ice Storm in Pflugerville, TX
- 2021 COVID-19 Shelter Projects in Harris County and also the cities of Lubbock, Edinburg, College Station, Beaumont, Victoria, and Laredo.
- Hidalgo County (2015 Flooding and 2008 Hurricane Dolly)
- Galveston and Pasadena (2008 Hurricane Ike)

Mr. Robbins resides within 3 hours of Pflugerville, TX and can quickly be on-site to support any requirements when needed.

Operations Manager: Rob Ray – 954-868-9502, rroy@ashbritt.com

Location: Deerfield Beach, FL

Rob Ray has over 20 years of Disaster Debris Management experience, most recently Rob has been overseeing AshBritt's operations in Florida due to the impacts of Hurricane Ian. Rob has been the Project Manager for over 150 disaster debris management projects in his time with AshBritt. Rob has been employed by AshBritt for the past 21 years and serves as a Sr. Vice President. **He has served as the Project Manager for several disaster response projects in the State of Texas including:**

- Freeport (2021 Hurricane Nicholas)
- Orange County (2020 Hurricane Laura and 2020 Tropical Storm Imelda)
- Houston, Austin County, Refugio County, Kountze, Lumberton, Orange County, the City of Orange, Sour Lake, Hardin County, Rose Hill Acres, Pasadena, Victoria, Fort Bend County, Victoria County, and Brazoria County (2017 Hurricane Harvey)
- Hidalgo County (2018 and 2015 Flooding, 2008 Hurricane Dolly)
- Galveston, Sour Lake, Silsbee, Rose Hill Acres, Kountze, Jersey Village, Hardin County, Brazoria, Pasadena, Vidor, Orange County, Nome, Lumberton, Bridge City, Beaumont, Wharton County, Victoria, Hidalgo County, (2008 Hurricane Ike and Dolly)

• Resumes

Below are the resumes of two of our key team members assigned to the City of Pflugerville. AshBritt has additional personnel that are available to mobilize if the disaster warrants a more expansive disaster recovery team. The abbreviations for the scope of work performed for each project in our resumes can be found below:

ROW	Right of way	Haz Tree/Limb	Hazardous tree and limb removal
Push	Emergency road clearance	PPDR/ROE	Private Property Debris Removal/Right of Entry
TDSRS	TDSRS operations, management	Sand	Screening and removal
Beach	Beach debris removal	Generators	Providing generator services

Waterway	Waterway debris removal	MRE's	Meals Ready to Eat
Base Camp/Shelter Services	Full turnkey base camp/shelter services	COVID-19 Testing, Vaccination, Monoclonal Infusion Sites	Managing shelter sites and medical care

James Robbins Jr.

Regional Manager

Qualifications & Experience – Jamie Robbins, Quality Control Supervisor

James is one of AshBritt's Quality Control/Project Managers. He deploys to manage disaster recovery operations for assigned project client area. He will conduct debris field surveys, facilitate and communicates progress reports, assists client with media briefings and manages disaster recovery operations. Furthermore, he directs all activities of assigned operations personnel, subcontractors, and vendors in the execution of contracted scope of work. He will ensure contractual compliance in areas of technical approach, quality control and safety.

Select AshBritt Experience

He has experience with metal and wood framing. Completed over 50 roofing projects ranging from membrane, asphalt, and metal roofing. Projects include new roofs, re-roofing, repairs, and emergency tarping.
---	---

Rob Ray

Senior Vice President

Qualifications & Experience – Rob Ray, Operational Role: Operations Manager

Rob has 24 years of Business Development and Customer Service management experience, with specific experience in disaster response/recovery, environmental contracting, foreign relations contracting and safety training management. He currently serves as a Sr. Vice President, managing Client Relations throughout multiple states. Rob first collaborated with AshBritt, as part of a joint venture in 2003, as an Operations Manager for several large-scale hazardous fire fuels reduction projects that included high volume Hazardous Tree Removal in San Diego County, San Bernardino County, and Riverside County, California. In 2005, Rob served as both a Senior Project Manager and as the Operations Manager for USACE Hurricane Katrina State of Mississippi recovery operations, coordinating and assisting in organizing over 1,000 subcontractors for disaster recovery operations in 16 counties. Rob has managed more than 60 disaster recovery projects and continues to surpass client expectations and project goals through his effective management and operational expertise. Rob most recently served as the Project Manager for multiple jurisdictions in response to Hurricane Idalia.

AshBritt has Texas-Sized Pride to Sponsor the Texas Emergency Management Conference

AshBritt is a national rapid-response emergency management and logistics company. AshBritt has led response efforts following 60 federally declared disasters across 30 states and has conducted more than 400 missions, successfully serving over 600 clients. AshBritt is the trusted emergency management contractor for cities, counties, states and for federal agencies, including the Department of Defense where AshBritt holds a pre-position debris management contract which covers 25 U.S. states. AshBritt has been at the forefront of the COVID-19 pandemic, building and staffing field hospitals, treatment centers, and vaccination sites across 20 states.

■ Understanding Impacted Communities and Supporting all Phases of a Disaster

Beyond the Rubble: Restoring Communities Together

At AshBritt, we understand that disaster strikes more than just infrastructure. It tears at the very fabric of a community, leaving behind heartbreak and uncertainty. That's why our mission extends beyond debris removal. We want to restore the vibrancy of the communities we are privileged to serve.

Even after the debris has been cleared, we continue to provide much-needed community support through community outreach programs, charitable donations, and local event/initiative sponsorships. Our goal is to foster a sense of unity and hope as communities heal and come back even stronger. AshBritt takes pride in supporting communities and has included some brief articles and news reports.

Valdosta, A City Without Limits

🌟 Honoring Excellence in Disaster Relief 🌟

In a heartfelt proclamation, Mayor Matheson praised Ashbritt for incredible efforts in aiding our community during the aftermath of Hurricane Idalia, and their generous donation to the United Way's disaster fund. Their support has made a tangible difference in rebuilding and restoring hope in our community.

In times of adversity, it's actions like these that truly make a difference.

AshBritt donates \$20K to Toys for Tots in honor of Mount Pleasant

Story by Tim Renaud • 5d

AshBritt donates \$20K to Toys for Tots in honor of Mount Pleasant
© Provided by WCBD Charleston

MOUNT PLEASANT, S.C. (WCBD) – Toys for Tots received a significant donation on Wednesday as they work to ensure every child in the Charleston area receives a toy under the Christmas tree.

AshBritt, which provides rapid-response disaster recovery to communities across the country, made a heartfelt \$20,000 donation to Toys for Tots in honor of the Town of Mount Pleasant.

[Toys for Tots to hold one-day registration event in North Charleston](#)

Mount Pleasant Mayor Will Haynie and a representative from AshBritt, Sara Perkins, joined Storm Team 2 Chief Meteorologist Rob Fowler and Sgt. Adrian Smith with the U.S. Marines to present the donation during News 2's second annual Toy Drive Blitz.

AshBritt has been the disaster debris contractor for Charleston County for the past 15 years. They are dedicated to supporting local initiatives that bring joy to families in need and decided this year to support the Toys for Tots program in the Lowcountry.

"We love to support communities both post-disaster and in blue skies. So, thankfully, y'all have not had a hurricane since 2019 ... so we have not been in your community as often. So, we reached out to see how we could help the community and found out that Toys for Tots was the big push around the holidays. Not only did we want to support the toy drive, but our company is also very proud of our veteran hiring initiative, so the Marine's Toys for Tots was the perfect organization. We found out this was happening and decided to come out and support in a very big way," said Perkins.

One Year Later: AshBritt Honors Local Partners Crucial to Eastern Kentucky Flood Recovery

August 02, 2023 01:05 PM Eastern Daylight Time

WHITESBURG, Ky.--(BUSINESS WIRE)--Last week, **Kentucky Governor Andy Beshear** and **AshBritt** emergency management officials marked one year since the devastating flooding in Eastern Kentucky by recognizing local leaders and contractors who worked rapidly and relentlessly to assist in the cleanup, helping thousands of displaced Kentucky residents.

"I was treated very well. They are truly wonderful people to work for."

 [Tweet this](#)

During a luncheon at CANE Kitchen, AshBritt honored key partners, including Mike Nichols from Whitesburg, Dave Nichols from Letcher County and Greg Stewart from Pikeville with **Razorback Trucking**; Bart Morris and Chris Morris with **B&J Transfer**; and James Rice, Roy Moore, and Bobby Huff with **B&D Transport**.

AshBritt called upon those local business owners to assist in the relief efforts. Their tireless, months-long work allowed for restoration and reopening in the region following the floods.

"It was good to work for one of the best storm companies in the business," said Mike Nichols of Razorback Trucking. "I was treated very well. They are truly wonderful people to work for."

AshBritt also recognized **Congresswoman Angie Hatten**, **State Senator Johnnie Turner**, **Letcher County Judge Terry Adams**, **Whitesburg Mayor Tiffany Craft**, **Jenkins Mayor Todd DePriest**, and **Whitesburg Fire Chief Terry Fowler** for their critical partnership.

In response to the floods, AshBritt deployed roughly 600 workers and 500 pieces of equipment, allowing for the reopening of roads, properties and waterways across eight counties, including Breathitt, Perry, Knott, Letcher, Clay, Pike, Floyd, and Owsley. Year to date, AshBritt has managed a total of 834,000 tons of debris, clearing more than 641 miles of rivers, creeks and streams and maintaining a presence on the ground for approximately 324 days.

AshBritt Teams up With Operation BBQ Relief and Carhartt to Bring Christmas Meals to Families in Hazard, Kentucky

December 21, 2022 09:00 AM Eastern Standard Time

HAZARD, Ky.--(BUSINESS WIRE)--AshBritt, the national rapid-response emergency management and logistics company, teamed up with Operation BBQ Relief (OBR) and Carhartt on Tuesday to provide Christmas meals to families in Hazard, Kentucky.

"This partnership is another way our team serves the communities in eastern Kentucky on their road to recovery, all the more important during the holiday season."

[Tweet this](#)

In July 2022, flash flooding resulted in catastrophic damage across eastern Kentucky. AshBritt is managing the physical recovery, including clearing debris from rivers, creeks, and streams in what is one of the largest, most complex waterway missions in recent U.S. history. In conjunction with the Kentucky Transportation Cabinet, Kentucky Emergency Management Agency, the US Army Corps of Engineers, and FEMA, AshBritt's response includes nine counties.

Throughout this mission, AshBritt remains dedicated to supporting communities and local hiring: 75% of the 500 person AshBritt workforce serving on cleanup efforts in the Commonwealth are Kentuckians. As communities in Kentucky remain on the road to recovery, AshBritt continues to serve those in need.

"AshBritt's mission is to support communities before, during, and after a disaster," said Brittany Perkins Castillo, CEO of AshBritt.

"This partnership is another way our team serves the communities in eastern Kentucky on their road to recovery, all the more important during the holiday season."

This event came during a particularly difficult holiday season for many Kentucky families, as many are still displaced after July's devastating floods. AshBritt's donation of \$25,000 to support OBR's holiday events in Eastern Kentucky will ensure that wholesome, warm meals are available to all, regardless of current living situations.

OBR, which was founded in 2011 in Joplin, Missouri, has served nearly 11 million meals across 30 states. The non-profit organization hit the pivotal 10 million meal mark this past October in Port Charlotte, Florida, after a busy summer and fall serving first responders and communities impacted by the floods in Kentucky and Hurricane Ian in Florida.

"Operation BBQ Relief is honored to join forces with AshBritt to serve communities in need," said Stan Hays, CEO and Co-Founder. "A hot meal during the holidays provides much needed comfort and support for families that continue to rebuild following the historic flooding."

With long-established facilities and deep ties to the community, Carhartt, America's family-owned workwear brand since 1889, supported the event through a \$25,000 donation and serving meals.

[ARCHIVED] Ashbritt Donates to K9 Retirement Fund

The Ashbritt Foundation donated to the K9 Relief Fund of Key West. County Commissioner Holly Raschein, on behalf of Ashbritt, presented Chief Sean Brandenburg with a check for \$16,000.00.

The fund was founded by philanthropists Becca and Tom Ahrensfield to support the working dogs of the Key West Police Department. Since there is no retirement plan for police dogs, this fund helps the officers with the expenses of owning a dog after it retires.

"We are thrilled to accept this generous donation on behalf of the K9 Relief Fund," said Chief Brandenburg. "And we are grateful to the Ahrensfields for their amazing support of our K9 Unit. As a former handler myself, I can attest to the importance of caring for these dogs when they retire."

K-9 officers are a vital part of the department, assisting with suspect pursuits, narcotics investigations, and more. A canine can smell over 100,000 times stronger than a human, so a properly trained police dog can save a department some 600 to 1000 man-hours annually. The dogs face dangers like their human counterparts, including potential gunshot risks or other injuries and life-threatening exposure to fentanyl and other dangerous substances.

There is no retirement plan for police dogs, although they can, in retirement, experience a variety of health issues, including separation anxiety or post-traumatic stress disorder. A full 100 percent of a retired dog's expenses fall on the handler. That includes all food, medication, and vet bills.

The City of Key West Police dogs are Jigsaw, a German shepherd born in Slovakia on December 17, 2017, and handled by Officer Tommy Anglin; Mango, a yellow Labrador retriever born in Mexico and handled by Sgt. Jesse Hammers; and Dexter, a German shepherd born in Florida in 2014 and handled by Officer Matt Hansell.

The Community Foundation of the Florida Keys manages the fund. For more information, check out their website [by clicking here!](#)

Wall rebuild in Santa Rosa's Coffey Park to commence with cost up to \$650,000

An initial estimate put the cost of new walls at \$300,000, not including demolition. Many of the roughly 740 homeowners said they couldn't afford to pay such an expense and that as individual property owners they lacked the ability to find a solution.

Coffey Strong last winter began seeking partners to rebuild the walls and in March announced a tentative agreement with the nonprofit Rebuild North Bay and AshBritt. The three groups said then that they needed to make more preparations and develop cost estimates before finalizing the rebuild plans.

AshBritt conducted debris removal for upward of 2,000 North Bay properties burned in the October fires. Rebuild North Bay was founded by Darius Anderson, managing member of Sonoma Media Investments, which owns The Press Democrat.

As a next step, Coffey Strong this month will seek to get detailed right-of-entry agreements signed by each affected homeowner. Martin Hirsch of the Santa Rosa law firm of Perry, Johnson, Anderson, Miller and Moskowitz provided pro bono legal aid to draft the agreements, which are tied to each property.

Coffey Strong will apply for a city building permit for the walls and also is seeking city help for related tree removal and sidewalk work along the walls. Assistant City Manager David Guhin said the city has been speaking with Coffey Strong "from day one" to help move the wall project forward.

"I think we've come up with a pretty good plan to make it work," Guhin said.

Okrepkie said Coffey Strong seeks to start the walls' demolition in September. Once the site is cleared, building the new walls is expected to take about eight weeks.

The new walls will be 8 feet tall, compared to 5 to 6 feet for the previous structures. Columns will be spaced every 20 feet, and Coffey Strong is seeking further contributions to place stone veneers on the columns.

The total cost of replacing the walls amounts to about \$18,000 per homeowner, the coalition said in a press release.

AshBritt CEO Brittany Perkins called the wall project "a significant symbol of recovery and resiliency for the community."

"AshBritt is proud to partner with Rebuild Northbay and Coffey Strong to make this happen," Perkins said.

Lauren's Kids, AshBritt Break Ground Renovating Children's Advocacy Center Ravaged by Hurricane Michael

JUNE 12, 2020 | POSTED BY: ■ LAUREN BOOK | CATEGORY: ■ NEWS & BLOG

A small group of key stakeholders gathered at a distance in Panama City today to break ground on critical renovations for the Gulf Coast Children's Advocacy Center trauma therapy treatment building, currently uninhabitable due to damage sustained from Hurricane Michael in October of 2018. Once complete, the newly renovated, state-of-the-art building will be named "The AshBritt Environmental & Lauren's Kids Therapy House at the Gulf Coast Children's Advocacy Center" to honor the project benefactors: Florida-based nonprofit Lauren's Kids, which works to prevent child sexual abuse and help survivors heal, and [AshBritt Environmental](#), a national disaster and recovery contractor that participated in the debris removal in Bay and Gulf Counties after Hurricane Michael.

"Children's advocacy centers are incredible and truly life-saving places that help children heal from victims of unthinkable crimes into thriving survivors who are stronger in spite of the abuse they have endured," says [Senator Lauren Book](#), founder and CEO of Lauren's Kids and a survivor of child sexual abuse herself. "This project holds the same kind of symbolism and spirit of resiliency – after a great storm, the advocacy center is coming back stronger than ever, with a little help from their friends."

SCIENCE MILL PRESENTS FOUNDATION WITH PLAQUE FOR DONATIONS TO VISD FOR STEM SUMMER CAMPS

VISD Communications

JAN 11, 2022

Last week, Science Mill presented Gerardo Castillo and the Ashbritten Foundation with a plaque, thanking them for donating more than \$150,000 to provide Victoria ISD with Science, Technology, Engineering and Mathematics (STEM) summer camps since 2019.

Bonnie Baskin, founder of Science Mill, and Bob Elde, interim CEO of Science Mill, presented the plaque to Castillo with VISD's entire Curriculum, Instruction and Accountability department, Superintendent Quintin Shepherd, Administration from Stroman STEM academy, Office of Innovation staff, faculty who worked the STEM summer camps, and students who participated in the summer camps all in attendance.

Castillo and AshBritt Environmental first came to the area during the aftermath of Hurricane Harvey as the debris removal and disaster response contractor for the City of Victoria and Victoria County.

"One of the key goals of our company is to always be able to give back to a community where we work and serve and the community", Castillo said. "Victoria was one of those where we came and helped recover after the hurricane and part of what we wanted to do was find a meaningful way to give back to the community. The Science Mill was that avenue so we could do that. We knew we could make an investment into a long-term benefit for the youth of this community."

The AshBritt Foundation has donated to Victoria ISD since 2019, giving the district the continuous opportunity to annually provide free, week-long STEM summer camps through the Science Mill. The week-long camp is a STEM Career Immersion experience where VISD students make, create and solve problems utilizing skills and equipment needed for the 21st century.

"The Science Mill is a true partner in the education of our students at Victoria ISD. Their commitment to our community and generosity of spirit have allowed for countless opportunities for our students to discover their 'I,'" said Dr. Shepherd.

AshBritt's Innovative Emergency Management (IEM) Health most recently opened the COVID-19 antibody infusion center in Victoria in September 2021.

1. The RFP states that P&P bonds will be due 10 days from the notice of award. Will the City consider changing this to be due upon contract activation? Standby contracts may never be activated and the contractor can not recover the hard costs associated with these bonds.

We can provide an addendum that states that P&P bonds will be required within 48 hours from notice to proceed.

2. In reference to the City of Pflugerville's Terms and Conditions #23, Subcontracting, which states : "If subcontracting with another company or individual is proposed, that fact, along with providing the same information for the subcontractor that is required to be provided by the bidder under this solicitation, must be provided and clearly identified in the bid. Following the award of the contract, no additional subcontracting will be permitted without the express prior written consent of the City.", my firm has the following question: Since this is a pre-event contract and the use of any subcontractors is dependent on the size and severity of an event, will a list of potential subcontractors with their location of business and a description of their experience be sufficient for the purposes of this proposal response?

Because of the "Award of Contract Section" states: "City may consider the qualifications and experience of Subcontractors, Suppliers, and other persons and organizations proposed for those portions of the Work as to which the identity of Subcontractors, Suppliers, and other persons and organizations must be submitted as provided in the General Conditions.", it is expected that subcontractors be listed. If the event dictates the use of subcontractors other than those listed are required to perform services, written request by the contractor must be submitted to and approved by the City, as stated above.

3. What company currently holds the the City of Pflugerville Disaster and/or Recovery contract?

The City doesn't currently have a contract.

4. Does the City want Form 1295 to be completed and submitted with the proposal response, or is this a post-award submittal?

This can be post-award.

5. Is it possible to receive the bid tab on the existing/previous contract for this project or similar type of work?

This is the first time we have gone out for a contract on this (previously utilized our staff and spot-issued small purchase orders for outside assistance. If you should wish to obtain additional information about any past transactions, please complete an Open Records Request from our City Secretary's Office by visiting www.pflugervilletx.gov.

Section I (5) of RFP 2023-007 for Disaster and Storm Recovery states the following:

5. EXECUTION OF CONTRACT AND BONDS: The contract will include the 11 Invitation for Bids, Instructions to Proposers, Proposer's Proposal, any Addenda issued, and all other Contract Documents specified within the City of Pflugerville Standard Construction Agreement between City and Contractor. **Within ten (10) days** after issuance of a Notice of Award of the contract, the successful Proposer shall execute the contract and furnish City of Pflugerville with a Performance Bond and labor and materials payment bond, each in the full amount of the contract price. The bonds are to be furnished as a guarantee of the faithful performance of the work for the protection of the Owner against defective workmanship or materials, and as a guarantee that Proposer shall pay all sums for labor and materials incorporated therein.

Section I (5) of RFP 2023-007 for Disaster and Storm Recovery has been modified to state the following:

5. EXECUTION OF CONTRACT AND BONDS: The contract will include, Instructions to Proposers, Proposer's Proposal, any Addenda issued, and all other Contract Documents specified within the City of Pflugerville Standard Construction Agreement between City and Contractor. **Within forty-eight (48) hours** after issuance of a Notice of Award of the contract, the successful Proposer shall execute the contract and furnish City of Pflugerville with a Performance Bond and labor and materials payment bond, each in the full amount of the contract price. The bonds are to be furnished as a guarantee of the faithful performance of the work for the protection of the owner against defective workmanship or materials, and as a guarantee that Proposer shall pay all sums for labor and materials incorporated therein.

6. The RFP Scoring Criteria assigns 11% of the scoring points available to the proposer's past relationship with the City. How will this be evaluated since the City has not had a Disaster and Storm Recovery contract in the past?

When being evaluated, submission reviews and scoring will be weighted as such.

7. Page 9. 1. REJECTION OF PROPOSALS: Proposals containing any omission, alteration of form, additions or conditions not called for, incomplete bids, or proposals otherwise regular, but that are not accompanied by acceptable bid security will be considered irregular and may be rejected. Also Page 11 Paragraph 7. FAILURE TO EXECUTE CONTRACT AND BONDS: Should the Proposer to whom the contract is awarded refuse or neglect to execute the contract and furnish the required bonds within ten (10) days after issuance of the Notice of Award of the contract, the bid security shall become the property of the Owner, not as a penalty but as liquidated damages Question: Can the City confirm if a Bid Bond / Bid Security is required? If so, please confirm the amount.

An addendum has been added which states that bonds will be required within 48 hours from notice to proceed.

8. With questions being due at 5:00 on 1/10/24 and the proposal being due on 1/11/24, is the City able to extend the due date to allow Respondents time to make any necessary changes to their proposal that may be needed after reviewing the answers to those questions?

We will extend the closing date to 1/17/24 at 2 pm.

9. Line Items 31-34 of Attachment I of the Pricing Sheet state "The following items shall be billed on a time and material basis according to the attached schedules" but line item 32 lists SQ/FT in the units column. Are we intended to leave these line items blank and have them priced under time and materials, or are we to provide unit prices?

Unit Prices

10. For Attachment V: Additional Services, is the contractor expected to provide units of each service offered? Does the city expect the contractor to provide prices for all of the listed services, or will contractors with more offered services be given preference?

Contractors can provide "unit (time)/cost"

11. When was the last time the City had a contract activation for Debris Removal? How many CYs were removed?

Winter Storm Mara, approximately 143,000 CY of brush/tree limbs

12. Has the city determined where possible DMS will be? If so, please provide locations.

In the pre-submittal, we'll have to ask what DMS means, I'm not sur what this stands for.

Purchasing Services

Suite 100
Pflugerville, TX 78660
512-990-6156
Fax 512-251-5768

13. Will annual contract price increases based on Consumer Price Index (CPI) be allowed?

If the contract prices increase more than 25% or \$50k of the original contract amount, by law, the city is required to seek competitive proposals for the goods/services that would be beyond 25% or \$50k of the original contract amount.

14. Will there be a public bid opening? And if so, can you please provide call in #, zoom/Webex link or similar for the responding bidders to be present?

Yes, this has been scheduled for 1/17/24 at 2:00 pm via Microsoft Teams. I link to the meeting will be posted.

15. Can the City confirm how responders to should price each item on Attachment V? What unit of measure are we to abide for each service?

Contractors can provide "unit (time)/cost"

16. Can cost plus a percentage be used for items that aren't specific to certain types of material or sizes of equipment such as generators, trailers, pumps, biohazard waste abatement, etc.?

Please just fill in cost per listed items. On attachments III regarding generators; please apply cost per hour

17. Does the City have a contract for Debris Monitoring and if so, who City's debris monitoring firm?

The city does not have a contract for these services.

18. Since our Firm has no Conflicts of Interest to report, is it acceptable to mark Form CIQ as "Not Applicable?"

Since this is a stated requirement, it will be expected.

3. What company currently holds the the City of Pflugerville Disaster and/or Recovery contract?

The City doesn't currently have a contract.

4. Does the City want Form 1295 to be completed and submitted with the proposal response, or is this a post-award submittal?

This can be post-award.

5. Is it possible to receive the bid tab on the existing/previous contract for this project or similar type of work?

This is the first time we have gone out for a contract on this (previously utilized our staff and spot-issued small purchase orders for outside assistance. If you should wish to obtain additional information about any past transactions, please complete an Open Records Request from our City Secretary's Office by visiting www.pflugervilletx.gov.

Purchasing Services
100 E. Main Street
Suite 100
Pflugerville, TX 78660
512-990-6156
Fax 512-251-5768

6. The RFP Scoring Criteria assigns 11% of the scoring points available to the proposer's past relationship with the City. How will this be evaluated since the City has not had a Disaster and Storm Recovery contract in the past?

When being evaluated, submission reviews and scoring will be weighted as such.

7. Page 9. 1. REJECTION OF PROPOSALS: Proposals containing any omission, alteration of form, additions or conditions not called for, incomplete bids, or proposals otherwise regular, but that are not accompanied by acceptable bid security will be considered irregular and may be rejected. Also Page 11 Paragraph 7. FAILURE TO EXECUTE CONTRACT AND BONDS: Should the Proposer to whom the contract is awarded refuse or neglect to execute the contract and furnish the required bonds within ten (10) days after issuance of the Notice of Award of the contract, the bid security shall become the property of the Owner, not as a penalty but as liquidated damages Question: Can the City confirm if a Bid Bond / Bid Security is required? If so, please confirm the amount.

An addendum has been added which states that bonds will be required within 48 hours from notice to proceed.

8. With questions being due at 5:00 on 1/10/24 and the proposal being due on 1/11/24, is the City able to extend the due date to allow Respondents time to make any necessary changes to their proposal that may be needed after reviewing the answers to those questions?

We will extend the closing date to 1/17/24 at 2 pm.

9. Line Items 31-34 of Attachment I of the Pricing Sheet state "The following items shall be billed on a time and material basis according to the attached schedules" but line item 32 lists SQ/FT in the units column. Are we intended to leave these line items blank and have them priced under time and materials, or are we to provide unit prices?

Unit Prices

10. For Attachment V: Additional Services, is the contractor expected to provide units of each service offered? Does the city expect the contractor to provide prices for all of the listed services, or will contractors with more offered services be given preference?

Contractors can provide "unit (time)/cost"

11. When was the last time the City had a contract activation for Debris Removal? How many CYs were removed?
Winter Storm Mara, approximately 143,000 CY of brush/tree limbs

12. Has the city determined where possible DMS will be? If so, please provide locations.
In the pre-submittal, we'll have to ask what DMS means, I'm not sur what this stands for.

13. Will annual contract price increases based on Consumer Price Index (CPI) be allowed?

Purchasing Services
100 E. Main Street
Suite 100
Pflugerville, TX 78660
512-990-6156
Fax 512-251-5768

If the contract prices increase more than 25% or \$50k of the original contract amount, by law, the city is required to seek competitive proposals for the goods/services that would be beyond 25% or \$50k of the original contract amount.

14. Will there be a public bid opening? And if so, can you please provide call in #, zoom/Webex link or similar for the responding bidders to be present?

Yes, this has been scheduled for 1/17/24 at 2:00 pm via Microsoft Teams. I link to the meeting will be posted.

15. Can the City confirm how responders to should price each item on Attachment V? What unit of measure are we to abide for each service?

Contractors can provide "unit (time)/cost"

16. Can cost plus a percentage be used for items that aren't specific to certain types of material or sizes of equipment such as generators, trailers, pumps, biohazard waste abatement, etc.?

Please just fill in cost per listed items. On attachments III regarding generators; please apply cost per hour

17. Does the City have a contract for Debris Monitoring and if so, who City's debris monitoring firm?

The city does not have a contract for these services.

18. Since our Firm has no Conflicts of Interest to report, is it acceptable to mark Form CIQ as "Not Applicable?"

Since this is a stated requirement, it will be expected.

19. What type of depre? Forgive my ignorance. I am a arborist, I want to make sure I understand. This includes all types of depre or just trees? Would I have to pay to dispose of depre? I do have roll off containers and woodchipper with dump trailers and mini skidsteer.

Please refer to "5. ROW Vegetative Debris Removal", "6. ROW C&D Removal" and the following sections within the Appendix A Scope of Services

20. To ensure our proposal is uploaded in time, we planned to upload it 1/10 before EOB, however, the questions deadline is at 5 pm on 1/10. Does the City have a deadline after which new addenda will not be issued?

If new questions come in after addendum 5 has been posted, we will upload those answers by noon on 1/11/2024. The new addenda will be posted in time to allow everyone to upload their proposals by the deadline of January 17 @ 2:00 PM.

21. Is the additional one year period executed at the consent of both parties?

In the Request for Proposals, Under IV. Requested Services, C. Duration of Service "The proposed contract will be for a term of two (2) years, Further, the City of Pflugerville reserves the right to renew the contract for one (1) additional (1) year period" this will be changed to say "The proposed contract will be for a term of two (2) years, Further, the City of Pflugerville and the company reserves the right, and may mutually agree to renew the contract for one (1) additional (1) year period."

**Submission of Bid/Proposal and Acknowledgment of
Addenda RFP No. 2023-007 Issued by City of Pflugerville,
Texas**

The entity identified below hereby submits its response to the above identified RFP. The entity affirms that it has examined and is familiar with all of the documents related to RFP.

DECLARATION OF INTENT

I attest that the bid submitted is: (check one box below)

- ☒ 1. to the exact Specifications and the Terms and Conditions of the bid documents.
☐ 2. to the exact specifications with modifications to the Specifications and/or the Terms and Conditions as noted in the attached documentation.
or
☐ 3. NOT to the exact Specifications and/or the Terms and Conditions and is therefore an alternate bid, submitted for the City's consideration, with attached justification(s) and documentation defending the alternate bid as meeting or exceeding the intent of the specifications or scope of work.

Submitter further acknowledges receipt of the following addenda:

CONFLICT OF INTEREST QUESTIONNAIRE
For vendor doing business with local governmental entity

FORM CIQ

This questionnaire reflects changes made to the law by H.B. 23, 84th Leg., Regular Session.

This questionnaire is being filed in accordance with Chapter 176, Local Government Code, by a vendor who has a business relationship as defined by Section 176.001(1-a) with a local governmental entity and the vendor meets requirements under Section 176.006(a).

By law this questionnaire must be filed with the records administrator of the local governmental entity not later than the 7th business day after the date the vendor becomes aware of facts that require the statement to be filed. See Section 176.006(a-1), Local Government Code.

A vendor commits an offense if the vendor knowingly violates Section 176.006, Local Government Code. An offense under this section is a misdemeanor.

OFFICE USE ONLY

Date Received

1 Name of vendor who has a business relationship with local governmental entity. AshBritt has no conflicts of interest to disclose.

2 ☐ **Check this box if you are filing an update to a previously filed questionnaire.** (The law requires that you file an updated completed questionnaire with the appropriate filing authority not later than the 7th business day after the date on which you became aware that the originally filed questionnaire was incomplete or inaccurate.)

3 Name of local government officer about whom the information is being disclosed.

Name of Officer

4 Describe each employment or other business relationship with the local government officer, or a family member of the officer, as described by Section 176.003(a)(2)(A). Also describe any family relationship with the local government officer. Complete subparts A and B for each employment or business relationship described. Attach additional pages to this Form CIQ as necessary.

A. Is the local government officer or a family member of the officer receiving or likely to receive taxable income, other than investment income, from the vendor?

☐ Yes

☐ No

B. Is the vendor receiving or likely to receive taxable income, other than investment income, from or at the direction of the local government officer or a family member of the officer AND the taxable income is not received from the local governmental entity?

☐ Yes

☐ No

5 Describe each employment or business relationship that the vendor named in Section 1 maintains with a corporation or other business entity with respect to which the local government officer serves as an officer or director, or holds an ownership interest of one percent or more.

6 ☐ Check this box if the vendor has given the local government officer or a family member of the officer one or more gifts as described in Section 176.003(a)(2)(B), excluding gifts described in Section 176.003(a-1).

CONFLICT OF INTEREST QUESTIONNAIRE

For vendor doing business with local governmental entity

A complete copy of Chapter 176 of the Local Government Code may be found at <http://www.statutes.legis.state.tx.us/Docs/LG/htm/LG.176.htm>. For easy reference, below are some of the sections cited on this form.

Local Government Code § 176.001(1-a): "Business relationship" means a connection between two or more parties based on commercial activity of one of the parties. The term does not include a connection based on:

- (A) a transaction that is subject to rate or fee regulation by a federal, state, or local governmental entity or an agency of a federal, state, or local governmental entity;
- (B) a transaction conducted at a price and subject to terms available to the public; or
- (C) a purchase or lease of goods or services from a person that is chartered by a state or federal agency and that is subject to regular examination by, and reporting to, that agency.

Local Government Code § 176.003(a)(2)(A) and (B):

- (a) A local government officer shall file a conflicts disclosure statement with respect to a vendor if:

- (2) the vendor:

(A) has an employment or other business relationship with the local government officer or a family member of the officer that results in the officer or family member receiving taxable income, other than investment income, that exceeds \$2,500 during the 12-month period preceding the date that the officer becomes aware that

(i) a contract between the local governmental entity and vendor has been executed;
or

(ii) the local governmental entity is considering entering into a contract with the vendor;

(B) has given to the local government officer or a family member of the officer one or more gifts that have an aggregate value of more than \$100 in the 12-month period preceding the date the officer becomes aware that:

- (i) a contract between the local governmental entity and vendor has been executed; or
- (ii) the local governmental entity is considering entering into a contract with the vendor.

Local Government Code § 176.006(a) and (a-1)

- (a) A vendor shall file a completed conflict of interest questionnaire if the vendor has a business relationship with a local governmental entity and:

(1) has an employment or other business relationship with a local government officer of that local governmental entity, or a family member of the officer, described by Section 176.003(a)(2)(A);

(2) has given a local government officer of that local governmental entity, or a family member of the officer, one or more gifts with the aggregate value specified by Section 176.003(a)(2)(B), excluding any gift described by Section 176.003(a-1); or

(3) has a family relationship with a local government officer of that local governmental entity.

- (a-1) The completed conflict of interest questionnaire must be filed with the appropriate records administrator not later than the seventh business day after the later of:

- (1) the date that the vendor:

(A) begins discussions or negotiations to enter into a contract with the local governmental entity; or

(B) submits to the local governmental entity an application, response to a request for proposals or bids, correspondence, or another writing related to a potential contract with the local governmental entity; or

- (2) the date the vendor becomes aware:

(A) of an employment or other business relationship with a local government officer, or a family member of the officer, described by Subsection (a);

(B) that the vendor has given one or more gifts described by Subsection (a); or

(C) of a family relationship with a local government officer.

**DISCLOSURE OF RELATIONS WITH
CITY COUNCIL MEMBER, OFFICER, OR EMPLOYEE OF CITY OF PFLUGERVILLE**

Failure to fully and truthfully disclose the information required by this form may result in the termination of any business the City is now doing with the entity listed below and/or could impact future dealings.

1. Name of Entity/Business/Person doing business with City: AshBritt, Inc.

Is the above entity: **(Check one)**

- ☒ A corporation ☐ A partnership ☐ A sole proprietorship or an individual
☐ Other (specify): _____

Check all applicable boxes.

2. Is any person involved as an owner, principal, or manager of name listed in #1 related to or financially dependent on Council member, officer, or employee of the City of Pflugerville?

☒ NO -- there is no such relationship between Entity/Business/Person and the City of Pflugerville.

☐ YES, a person who is a/an ☐ owner, ☐ principal, or ☐ manager of this entity/business/person

is: **(Check all applicable boxes below)**

- ☐ related to by blood or marriage* and/or ☐ a member of the same household as
and / or ☐ financially dependent upon** and/or ☐ financially supporting**
☐ City Council member, ☐ officer or ☐ employee.

* As used here, "related to" means a spouse, child or child's spouse, and parent or parent's spouse. It also includes a former spouse if a child of that marriage is living (the marriage is considered to continue as long as a child of that marriage lives).

** As used herein, "financially dependent upon" and "financially supporting" refers to situations in which monetary assistance—including for lodging, food, education, and debt payments—is provided by owner, principal or manager of #1 to Council member, officer or employee of City of Pflugerville, or that Council member, officer or employee of City of Pflugerville provides to owner, principal or manager of #1.

If YES, provide (a) the name of owner, principal, or manager, **and** (b) the name of the City Council member, officer or employee (include the department the City officer or employee works for, if known), **and** (c) if a relationship by marriage or by blood/kinship exists. (Use back of sheet if more space is needed)

(a) Name of owner, principal, or manager	(b) Name of Council member, officer or employee & department	(c) What is relationship or household arrangement
N/A		

3. Is a current City Council member or City employee involved with the name listed in #1 as an owner, principal, manager, or employee, or employed as a contractor for name listed in #1?

☒ NO (no person involved/working for Entity/Business/Person is Council member, officer or employee of the City).

☐ YES, a person is **(Check all applicable boxes)**

(a) ☐ City Council member, ☐ officer or ☐ employee ,

(b) and is ☐ an owner, ☐ a principal, or ☐ a manager of the entity/business/person listed in #1,

or ☐ an employee or ☐ an independent contractor of the entity/business/person listed in #1.

If YES, provide the name of owner, principal, manager, employee or independent contractor who is a City Council member, officer or employee. Include the department the City officer or employee works for, if known.

CITY OF PLUGERVILLE
Purchasing Services
Historically Underutilized Business

The City of Pflugerville is committed to assuring that all businesses are given prompt, courteous, and equal opportunity to provide goods and services to the City. To achieve this goal, the City Council requests the minority women owned status of each vendor on the City vendor list.

Definition: A Historically Underutilized Business (HUB) means a business concern owned and controlled by socially and economically disadvantaged individuals. This means any business concern that (a) is at least 51% owned by one or more socially and economically disadvantaged individuals; or in the case of publicly owned businesses, at least 51% of the stock which is owned by one or more socially or economically disadvantaged individuals; and (b) whose management and daily operations are controlled by one or more other socially and economically disadvantaged individuals who own it. The groups included in this program are Black Americans, Hispanic Americans, Women, Asian Pacific Americans, Service-Disabled Veterans, and Native Americans

Certification: Bidder declares a minority and/or women owned business status:

☐ YES ☒ NO

If yes, check one of the blocks (indicate male or female):

Black M/F____; Hispanic M/F____; Woman ☐; Asian M/F____;

Native American M/F____; Service Disabled Veteran of 20% or more M/F____.

INSTRUCTIONS FOR CERTIFICATION REGARDING
**Certification Regarding Debarment, Suspension, Ineligibility,
and Voluntary Exclusion**

1. By signing and submitting this proposal and the certification form, the prospective lower tier participant (BIDDER/PROPOSER/SUBRECIPIENT) is providing the certification set out on the following form (or reverse side) in accordance with these instructions.
2. The certifications in this clause are a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant (BIDDER/PROPOSER/ SUBRECIPIENT) knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
3. The prospective lower tier participant (BIDDER/PROPOSER/SUBRECIPIENT) shall provide immediate written notice to the person to whom this bid/proposal is submitted if at any time the prospective lower tier participant (BIDDER/PROPOSER/SUBRECIPIENT) learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
4. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.
5. The prospective lower tier participant (BIDDER/PROPOSER/SUBRECIPIENT) agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.
6. The prospective lower tier participant (BIDDER/PROPOSER/SUBRECIPIENT) further agrees by submitting this proposal that it will include this clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction, "without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List.
8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

**CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY,
AND VOLUNTARY EXCLUSION**

Project Name: Disaster and/or Storm Recovery Services

Location: Pflugerville, TX

RFB/RFP #: 2023-007

This certification is required (or may be required) by the federal regulations implementing Executive Order 12549, Debarment and Suspension. The regulations were published as Part VII of the May 26, 1988 *Federal Register* (pages 19160-19211).

READ INSTRUCTIONS BEFORE COMPLETING CERTIFICATION

- (1) The prospective lower tier participant (BIDDER/PROPOSER/SUBRECIPIENT) certifies, by submission of this proposal that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal or State department or agency.
- (2) Where the prospective lower tier participant (BIDDER/PROPOSER/SUBRECIPIENT) is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

RESIDENT CERTIFICATION

Texas Government Code - Chapter 2252 "Contracts With Governmental Entity" Subchapter A. Nonresident Proposers

In accordance with Chapter 2252 of the Texas Government Code, a governmental entity may not award a governmental contract to a nonresident bidder unless the nonresident bidder underbids the lowest bid submitted by a responsible resident bidder by an amount that is not less than the amount by which a resident bidder would be required to underbid the nonresident bidder to obtain a comparable contract in the state in which the nonresident's principle place of business is located.

Section 2252.001 includes the following definitions:

- (1) "Government contract" means a contract awarded by a governmental entity for general construction, an improvement, a service, or a public works project or for a purchase of supplies, materials, or equipment.
- (2) "Governmental entity" means . . . a municipality, county, public school district, or special-purpose district or authority;
- (3) "Nonresident bidder" refers to a person who is not a resident.
- (4) "Resident Bidder" refers to a person whose principal place of business is in this state, including a contractor whose ultimate parent company or majority owner has its principal place of business in this state.

As used on this form, the term "bidder" includes a person or business entity responding to a request for bids or competitive sealed proposal or request for qualifications.

I certify that as defined in Texas Government Code, Chapter 2252 that:

COMPANY NAME: AshBritt, Inc.

Steps To Assert Information Confidential or Proprietary

All proposals, data, and information submitted to the City of Pflugerville are subject to release under the Texas Public Information Act ("Act") unless exempt from release under the Act. You are not encouraged to submit data and/or information that you consider to be confidential or proprietary unless it is absolutely required to understand and evaluate your submission.

On each page where confidential or proprietary information appears, you must label the confidential or proprietary information. Do not label every page of your submission as confidential as there are pages (such as the certification forms and bid sheet with pricing) that are not confidential. It is recommended that each page that contains either confidential or proprietary information be printed on colored paper (such as yellow or pink paper). At a minimum the pages where the confidential information appears should be labeled and the information you consider confidential or proprietary clearly marked.

The City will comply with the Texas Public Information Act in providing any notice of any request.

In signing this form, I acknowledge that I have read the above and further state:

☐ The proposal/bid submitted to the City contains NO confidential information and may be released to the public if required under the Texas Public Information Act.

☒ The proposal/bid submitted contains confidential information, which is labeled, and which may be found on the following pages: Pricing pages following page 111

and any information contained on page numbers not listed above may be released to the public if required under the Texas Public Information Act.

DRUG-FREE WORK PLACE ACT CERTIFICATION

1. The contractor certifies that it will provide a drug-free work place by:
 - (a) Publishing a statement notifying employees that unlawfully manufacturing, distributing, possessing or using a controlled substance in the contractor's work place is prohibited and specifying the actions that will be taken against employees for violation of such prohibition.
 - (b) Establishing a drug-free awareness program to inform employees about:
 - (1) the dangers of drug abuse in the work place;
 - (2) the contractor's policy of maintaining a drug-free work place;
 - (3) any drug counseling, rehabilitation, and employee assistance programs that are available; and
 - (4) the penalties that may be imposed upon employees for drug abuse violations in the work place.
 - (c) Making it a requirement that each employee to be engaged in the performance of the contract be given a copy of the statement required by paragraph (a).
 - (d) Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the contract the employee will:
 - (1) Abide by the terms of the statement; and
 - (2) Notify the employer of any criminal drug statute conviction for a violation occurring in the work place no later than five (5) days after such a conviction.
 - (e) Notifying the City of Pflugerville within ten (10) days after receiving notice under subparagraph (d)(2) from an employee or otherwise receiving actual notice of such conviction.
 - (f) Taking one of the following actions within thirty (30) days of receiving notice under subparagraph (d)(2) with respect to any employee so convicted:
 - (1) Taking appropriate personnel action against such an employee, up to and including termination; or
 - (2) Requiring such an employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a federal, state, or local health, law enforcement, or other appropriate agency.
 - (g) Making a good faith effort to continue to maintain a drug free work place through implementation of paragraphs (a), (b), (c), (d), (e), and (f).
2. The contractor's headquarters is located at the following address. The addresses of all other work places maintained by the contractor are provided on the accompanying list.

LITIGATION DISCLOSURE

Failure to fully and truthfully disclose the information required by this Litigation Disclosure form may result in the disqualification of your bid/proposal/qualifications from consideration or termination of the contract, once awarded.

1. Have you or any member of your Firm or Team to be assigned to this engagement ever been indicted or convicted of a felony or misdemeanor greater than a Class C in the last five (5) years?

☐ Yes ☒ No

2. Have you or any member of your Firm or Team been terminated (for cause or otherwise) from any work being performed for the City of Pflugerville or any other Federal, State or Local Government, or Private Entity?

☐ Yes ☒ No

3. Have you or any member of your Firm or Team been involved in any claim or litigation with the City of Pflugerville or any other Federal, State or Local Government, or a Private Entity during the last ten (10) years?

☒ Yes ☐ No

* see below

If you have answered “Yes” to any of the above questions, please indicate the name(s) of the person(s), the nature, and the status and/or outcome of the information, indictment, conviction, termination, claim or litigation, as applicable. Any such information should be provided on a separate page, attached to this form and submitted with your bid/proposal/qualifications.

*Neither AshBritt, nor any member of our Firm or Team has been involved in any claim or litigation with the City of Pflugerville. AshBritt has hundreds of employees working on a variety of projects across the United States and are proud to have a litigation record well under the industry average. Further, we have never had a lawsuit filed against us relating to performance. Our 10-year litigation summary is attached

<u>Date Served</u>	<u>Case Name/Subject Matter Description</u>	<u>Case ID</u>	<u>Status</u>	<u>Project Name</u>
09/15/23	Keith Rose, et al. v. AshBritt, Inc., et al. Claim of property damage caused by subcontractor	Case No. 23-CI-00202 Circuit Court Letcher County, Kentucky	Pending	Eastern Kentucky Floods

10/27/17	AshBritt, Inc. v. Monroe County, Florida Contract Dispute	Case No. 2017-CA-000802-K Circuit Court of the 16 th Judicial Circuit in and for Monroe County, Florida	DISMISSED	Hurricane Irma

■ Litigation Disclosure

As it relates to the following statement contained in the RFP, Each contractor shall include in its proposal a complete disclosure of any civil or criminal litigation or investigation pending which involves the respondent or which has occurred in the past in which the respondent has been judged guilty or liable by a competent court regardless of whether the Court Order or Judgment is final or on appeal, AshBritt has never been judged guilty or liable by a competent court. Our pending litigation has been disclosed above.

■ Compliance with Laws and City Ordinances

AshBritt has fully read and understood the terms and conditions for eligibility to contract with the City pursuant to Chapter 38 of the City's Ordinances. We also certify that we are in compliance with those local requirements. When requested, AshBritt will furnish the City with satisfactory proof of its compliance within 10 days.

Tab D. Approach to Project

■ Debris Management Plan

AshBritt is a company in good standing with the Texas Secretary of State, and has the required resources, licenses, insurances, and bonding to perform work under this contract. We have performed 100% of the solicitation-required scope of work elements, have the proven means/methods for executing work and meeting deadlines, and have in-depth expertise with FEMA reimbursement programs. We also have extensive in-house emergency management training along with the personnel/resources available to perform any size debris removal mission. Further, our in-house M/WBE Officer works closely with various agencies to maximize the use of local, small, and minority businesses so that we may better support the County's local economy and ensure that we meet all federal, state, and local procurement requirements when subcontracting.

AshBritt is always there when you need us... before, during, and after disasters. To ensure that we stay ahead of the City's needs, we have developed a Debris Management Plan that keeps AshBritt's Project Management Team and the City's disaster response staff in a cycle of continual preparation and improvement, regardless of whether a disaster has struck. It is important to us that every person who may be involved in an activation of this contract is familiar with our procedures and has the training and confidence to actively participate in each phase of the disaster response cycle provided above.

■ Operational Plan Timeline

The table below functions as a template for response planning. This template highlights all the pertinent data required for initial debris management service mobilization and complies with the requirements of the solicitation. AshBritt will adjust this plan when responding to tornadoes, fires, or other potential disaster events.

Pre/Post-Event Countdown		the City of Pflugerville Example Response Plan	Responsible Party
Days	Hours		
-5	0	Within 24 hours of the City being placed in the National Oceanic Atmospheric Administration's five (5) -day hurricane forecast, AshBritt will contact the City regarding potential contract activation. Discuss preliminary plan overview; identify and confirm contact information for City Debris Manager and response and recovery management team personnel; establish reporting schedule.	AshBritt Principal, Project Manager (PM) Operations Manager (OM)
-3	0	Notify potential regional and national First Responders (i.e., local standby subcontractors) to begin preparation for activation and deployment.	PM, OM
-2	0	Continue contact with the City Debris Manager. Discuss response plan details and confirm initial expectations and responsibilities. Confirm regional and local "rally points" for inbound crews, vehicles, and equipment.	PM, OM, City Debris Manager (CDM)
-2	0	Organize regional and national first-responder teams. Instruct teams to prepare for immediate deployment (Tier Two Activation).	PM, OM
-2	0	Establish "hold points" 100 to 150 miles from the project target point, out of the storm path, where personnel and equipment can be staged. Follow established plans or improvise via plans depending on projections.	PM
-2	0	Inventory and distribute as needed communication resources: Sat phones, cell phones, laptops, GPS units, cameras, safety supplies, badges, ADMS modules, and other individual support equipment. Final check and ready response trailers supplies and materials. Inform first responders of initial resource expectations.	PM, OM, Quality Control Manager (QCM), Safety Officer (SO)
-2	0	Inspect and prepare internal equipment, materials, and supplies for transport. Ready prefabricated debris management site inspection towers for transport. Ready all other anticipated support resources.	CDM, QCM, PM, Support Staff (SS)
-1	0	Deploy regional and national first-responder crews, personnel and equipment to the pre-identified "hold point(s)."	PM, OM,
-1	0	Arrange for local post-event crew lodging or activate temporary man camp/housing provider. Activate local service and supply accounts.	OM, SS
-1	0	Place "on hold" orders for office trailers, generators, scissor lifts, scaffolding, light towers, tents, and other projected support equipment/material needs.	PM, OM, SM
-0	18	Initiate 18-hour update for the City of Pflugerville Debris Manager, EOC, First Responders, vendors and activated Staff.	PM, OM
-0	12	Initiate 12-hour update for the City of Pflugerville Debris Manager, EOC, First Responders, vendors and activated Staff.	PM, OM
-0	6	Initiate 6-hour update for the City of Pflugerville Debris Manager, EOC, First Responders, vendors and activated Staff.	PM, OM
0	0	Maintain contact with the City of Pflugerville Debris Manager and EOC. Receive available updates. Discuss preliminary damage reports, impending NTP. (OM, PM and others may be on-site at strike.)	PM, OM
+0	6	Upon NTP from the City, AshBritt will mobilize to report to the City's Emergency Operations Center (EOC) or other designated City.	PM, OM, SM

Pre/Post-Event Countdown		the City of Pflugerville Example Response Plan	Responsible Party
Days	Hours		
+0	12	Deploy crews, personnel and equipment from "hold point(s)" to pre-determined "rally point(s)" within the affected region/area. Efficiently certify and ramp-up maximum crews within first 24 hours under authorized safe operational conditions.	PM, OM
+0	12	Following NTP and Task Order(s), review with the City as necessarily applicable contract provisions and expectations.	PM, OM, CDM
+0	12	Receive from the City a list of immediate emergency response and life support needs (tasks) to be supplied (ice, water, power generation, other), as applicable.	CDM, PM, OM
+0	12	Assist local forces with preliminary damage assessment to determine quantity and composition of recovery resources needed (windshield and flyover, as necessary).	PM, OM, CDM
+1	0	Deploy emergency road clearance crews as directed and tasked by the City. Continuation of certifying recovery crews and sector deployment planning.	PM, OM, City Planning Team
+1	0	Begin equipment certification at the rally point(s) to include load volume certification, safety inspection, and compliance, truck numbering, insurance certification, and digital photos of all trucks and equipment.	OM, SM, QCM
+1	6	AshBritt to begin ROW collection operations.	OM
+1	12	Assess damage to pre-identified TDSRS. Confirm TDSRS selection and post-disaster viability.	OM, SM
+1	12	Submit/Approve site plans for the development of TDSRS sites. Submit Quality Control (QC) plans, and Management/Ops plans. Daily QC reporting commences.	OM, CDM
+1	12	Begin baseline testing and development of TDSRS sites. Open for debris delivery as soon as possible.	SM
+1	12	Start to establish a local geographical area management plan, including primary routes, collection zones for crew assignment, TDSRS locations, dissemination of maps and/or GPS equipment to ensure maximum productivity and safety.	PM, OM, SM
+2	6	Collection crew meeting. Set debris collection parameters for the project, truck routes, TDSRS status, reporting structure, quality control standards, safety concerns, and chain of command.	PM, SM, QCM
+2	12	Assign collection crews to areas/zones; ready QC field monitors. Coordination with City personnel. Begin wide-scale debris collection. Have all "documentation systems" primed and in place.	PM, OM, SM, QCM, et al.
+2	12	Deployment of wide-scale (debris field monitors), and the QA tower monitors (as additional sites are opened).	CDM
+2	12	Deploy Quality Control personnel. Commence quality assurance and compliance program to identify, track, and correct deficiencies. Interface with City Quality Assurance Monitors. Commence and ramp-up wide-scale QC and Safety reporting and distribution.	QCM, CDM
+3	0	Push continued; ROW collection ramp-up with emphasis on assessment priorities; TDSRS operations fine-tuned.	OM, TDSRS Manager

Pre/Post-Event Countdown		the City of Pflugerville Example Response Plan	Responsible Party
Days	Hours		
+4	0	Priority emergency road clearance completed; Full mobilization of resources; Continued ROW collection efforts; Begin Hazardous Tree and Stump assessment/removal.	PM, OM, CDM
+5	0	Continue assessment, planning, and progress; add additional resources as necessary.	PM, OM, CDM
+7	0	Commence haul out of reduced debris from TDSRS.	PM, TDSRS Manager
+20	0	Hazard tree and limb work is substantially complete. Commence initial demobilization of aerial lift trucks. Continue reduction of equipment as final work is completed.	PM, OM
+40	0	ROW Collection work is substantially complete. Commence initial demobilization of aerial lift trucks. Continue reduction of equipment as final work is completed.	PM, OM
+55	0	TDSRS Reduction and haul-out work are substantially complete. Commence initial demobilization of walking floor dump trucks. Continue reduction of equipment as final work is completed. Commence TDSRS site restoration.	PM, OM, TDSRS Manager
+60	0	Complete all final close-out punch list items. Demobilize all remaining equipment.	PM, OM, CDM

AshBritt's recovery work is not complete until we conduct a final audit/reconciliation. All truck certifications, load tickets, work logs, timesheets, invoices, etc., will be reconciled to ensure all work has been accurately accounted for and correctly invoiced. AshBritt will keep the City abreast of all of its mobilization and demobilization actions throughout the project. As the project winds down, AshBritt may start demobilizing resources but will always maintain the necessary personnel that oversee all projects.

■ Approach to Project

We will deploy a **Project Management Team(s) (PMT)** to the City that is proportionate with the severity of the disaster event. Disaster debris stream quantities, makeup, and overall post-disaster conditions will *always* vary. AshBritt will respond individually and proportionately to any recovery with the appropriate personnel, organizational structure, equipment assets, communications, resources, and systematic plans for execution. For a large-scale recovery operation, a larger, more specialized PMT will be deployed to handle the complexity of the expanded recovery mission. For smaller events, such as when the recovery response is limited to the collection of vegetative debris, a smaller PMT will be deployed. During a minor recovery event, the Project Manager will assume a more significant share of the Operations Manager's responsibilities. Any deployed PMT will likely expand and contract throughout the recovery, smoothly transitioning to achieve the optimal level of personnel. AshBritt explicitly assures the City that the management deployed for any recovery in the City will design and execute the best Management and Operations Plan for the City's needs. The **Project Management Team will ensure full contractual compliance with all laws and regulations by maintaining our chain of command and following our Quality Control Plan.** Below is an overview of our standards that the project management team ensures we enforce followed by our Quality Control Plan overview.

Rapid Deployment & Accessibility	The quantity, quality, and speed of deployed resources will meet or exceed AshBritt's commitment to the City. We will conduct an expeditious, safe, and cost-effective recovery. Our senior management is available 24/7 throughout the project via various channels.
Common Framework	Best practices of cooperation, clear communication, collaboration, accountability, and efficient use of shared and owned resources will be followed. Flexibility, visibility, and accessibility will be maintained throughout.
Project Responsibility	AshBritt senior management will take full responsibility for work operations and all subcontractors and teaming partners involved in the recovery efforts.
Regulatory Compliance	Recovery operations will be conducted according to federal (e.g., FEMA) requirements, Texas statutes, and the City of Pflugerville laws, regulations, and guidelines. Any deviation from the guidelines will be reported, addressed, and corrected immediately.
Self Sufficiency	AshBritt staff and subcontractors will maintain self-sufficiency with regards to housing, sanitation, food, and lodging. We will also manage our own equipment safety, maintenance, repair, and fuel by means that are consistent with local requirements to minimize adverse effects and further disruption in the City of Pflugerville.
Timely & Accurate Reporting	Our daily, weekly, or other cumulative reporting, accounting, and reconciliation will satisfy the City's standards using the best available technology and systems. All data, documentation, and invoices will be timely and accurate. We will accomplish documentation and reporting transparency by use of our information management system.
Financial Control & Integrity	The most cost-effective means of recovery is ensured through the employment of our Standard Operating Procedures and Plan that is administered and enforced by our PMT. With our sound financial standing, lines of credit, and streamlined tracking system, we will rapidly and accurately compensate our subcontractors during the outset of any disaster event. Moreover, our system seamlessly segregates debris quantities from multiple contracts.
Qualified Technical Assistance	The guidance offered by our Technical Assistance Team will be timely, consistent, thorough, and accurate, resulting in the full realization and reimbursement of all eligible claims. Members of our team have worked for State Divisions of Emergency Management and FEMA. They will participate to the greatest extent allowable by the local, state, and federal authorities to offer support and assistance throughout the funding process while maintaining the highest levels of neutrality and integrity.
Safety & Health	AshBritt abides by all OSHA regulations and other federal and state agency guidelines when conducting an operation. Operational safety, health, and accident prevention measures will be in effect and reinforced daily by all active personnel. These measures and procedures will be reiterated weekly during planning meetings, or as needed. All PMT members and all AshBritt personnel, not just our Environmental Health and Safety Manager, will be empowered to address any potentially unsafe conditions or actions. Immediate and swift action will be taken to correct any safety deficiency while maintaining the utmost respect for all members of our workforce. All actions will be documented, and the safety of citizens will be considered paramount.

Deficiency Response	Should any project deficiencies occur (i.e., public or private collateral damage), they will be posted, tracked, and reported promptly to the City. Reports will describe the deficiency and document corrective actions taken to prevent future occurrences. All repairs and related reports will be provided to the City in a timely fashion.
Project Organization	The recovery will proceed in accordance with a sensible plan of action that can be easily adjusted or scaled to accommodate an ever-changing recovery environment and mission. Operations will be efficient, unified, and cost-effective. Any deviations from the City's expectations or standards will be promptly addressed.

■ Quality Control Plan

• Site Quality Control & Assurance Overview

AshBritt employs a team of Quality Assurance/Quality Control Representatives (QCR) to manage the overall safety and quality of operations in the affected work area (e.g., debris collection zones, Temporary Debris Storage and Reduction Site, and other public or private property). The QCR will enforce FEMA guidelines for debris eligibility; safety and project work rules; compliance with applicable laws; and timely follow-up to homeowner concerns.

a. Deficiency Management

Our subcontractors are trained to take due care when conducting cleanup operations; however, some damage may be unavoidable. It is not often that damage occurs, but when it does, our subcontractors are instructed to immediately complete repairs within their capabilities. If that is not possible, our QCRs will respond and develop a plan to alleviate the situation. As a rule, QCRs will contact the person(s) making a damage claim upon receipt. Our Quality Control Manager will track all damage claims (i.e., deficiencies) using our advanced recovery tracking program and ensure that proper follow through is conducted with incidents that warrant prolonged attention. After investigation, our QCRs, Operational Supervisors (OS), and claimants will come to an agreement on the appropriate repair method and timeline for completion.

We are committed to repairing all damage expeditiously. Our QCRs obtain signed unconditional releases upon the resolution of each damage claim. These indemnify the City and AshBritt from future actions associated with the claim. A **Deficiency Tracking Report** and copies of any executed releases will be provided to the City weekly and at the end of the project for appropriate closeout.

QUALITY CONTROL REPRESENTATIVE

Oversee

Staging areas • Crew certification • Crew coordination • Collection zones • Crew navigation • All damage reports and settlements.

Enforce

Our “Clean As You Go” policy • Traffic control and debris security policies • Safety and environmental plans • Work hours • Zone collection boundaries with corrective action for violation.

Execute

Random equipment and vehicle inspections • Tool-box safety meetings in the field.

Coordinate

Field operations with other contractors • Monitoring • Compiling spot check field documentation/reporting.

Essential Function

Field liaisons for our senior management • Monitor and report any threats to public health and safety • Track the overall progress of the cleanup • Ensure our collection passes are carried out efficiently and safely.

b. Public Infrastructure and Landscaping

Our crews and field personnel are mandated to preserve and protect, to the best of their abilities, all infrastructure and landscaping on or adjacent to the area of work (curbside or otherwise). When needed, AshBritt will diligently investigate and repair any damage caused by our equipment to existing grade, road shoulders, sidewalks, drainage, structures, vegetation, grassed areas, and landscaped or other improved property. We will repair or replace with like materials for all damaged structures and property to ensure that such areas are returned to their pre-existing conditions. Our QCRs will ensure that all of the staff and subcontractors providing service to the City will adhere to AshBritt's high standards of operations.

• Safety, Quality, and Environmental Control Overview

AshBritt conducts work pursuant to the highest levels of safety, quality, and environmental stewardship. We hold all our employees and subcontracting partners responsible for meeting these standards. We enforce comprehensive Health and Safety, Quality Control, and Environmental Control Plans. AshBritt will supervise and direct all work using skilled labor and proper equipment for each task. We take safety and environmental concerns seriously in any disaster recovery operation and have an impeccable record to show for it.

We pride ourselves on continually training our personnel and extending that knowledge to our subcontractors through written plans, on-the-job training, and outside education. Our management staff is NIMS and ICS certified, and most of our field personnel are HAZWOPER and OSHA 40 certified. Some team members hold more specialized distinctions, such as Certified Arborists. More important than any written plan or certificate of training, however, is their application. It is the diligence that our safety managers, supervisors, quality control personnel, and all other staff and partners exhibit in the field that leads to our unparalleled achievements.

AshBritt maintained less than 0.01 percent of lost-time injuries to total man-hours worked during our management of Hurricane Katrina under USACE.

We foster an environment of best safety practices and individual responsibility, and maintain a swift and appropriate system for rewards and penalties. Our plans collectively encompass some of these critical aspects:

- ▶ Safe work practices.
- ▶ Accident prevention education.
- ▶ Safe certification of all operating equipment and follow-up inspections.
- ▶ Debris transportation supervision by our QCRs to prevent overloading and falling debris.
- ▶ Traffic control to include flag-persons and traffic maintenance devices to protect vehicular and pedestrian traffic.
- ▶ Site security.
- ▶ Fire protection and air monitoring.
- ▶ Hazard identification and mitigation.
- ▶ Activity hazard analysis for operational tasks.
- ▶ Respiratory protection procedures.
- ▶ Accident investigation and reporting.
- ▶ Noise mitigation.
- ▶ Emergency response actions.

Importantly, our plans address vital environmental and infrastructure protection measures and pollution controls, and include provisions such as:

- ▶ All environmental materials handling and land-use permits and licenses must be procured, and regulatory updates disseminated, prior to operations.
- ▶ Field staff and subcontractors must work to protect and preserve the surrounding ecosystem and natural habitats, and consider implications to surface and groundwater; air quality; soil control and ground cover; fish and wildlife; designated historical areas; and community living areas (e.g., residential, public, etc.).
- ▶ Field staff and subcontractors must work to reduce the environmental impacts of collecting and containing hazardous debris materials.

Our plans also mandate that our management team considers the following when working with the City to establish a TDSRS and reduction methods:

- ▶ Proximity to occupied dwellings and safety buffer zone availability.
- ▶ Location and distance from water bodies, such as rivers, lakes, streams or wetlands.
- ▶ Accessibility and closeness of obstructions and power lines.
- ▶ Presence of on-site underground utilities or storage tanks.
- ▶ Stability of soil strata and erosion and sedimentation control.

The various methods of debris processing and handling are also evaluated pursuant to our plans, such as:

- ▶ Air curtain incineration and open burning impacts (with attendant testing and disposition of ash).
- ▶ Grinding impacts (with attendant considerations of noise, dust, particulate matter, disposition, and beneficial reuse).
- ▶ Storage, decontamination, and recovery of white goods (i.e., refrigerant-containing appliances that require special handling) and recycling of such.
- ▶ Household hazardous waste storage, containment, and approved disposal.
- ▶ Hazardous materials containment, storage, remediation, and approved disposal.

Lastly, our plans require that all attendant soil and ash testing is completed pursuant to federal and state environmental guidelines with the closure and restoration of a TDSRS to ensure that no ecological contamination is left after operations. Any remediation and monitoring will be coordinated with state and federal environmental protection agencies. AshBritt management and staff, through constant communication and training, stay apprised of current Environmental Protection Agency (EPA) specific guidelines, rules, and laws as they relate to disaster recovery and debris management. We also stay informed through our work on other special environmental projects, which often correlate with disaster recovery work, and through our association, affiliation, and contacts with the American Public Works Association (APWA)—various Chapters.

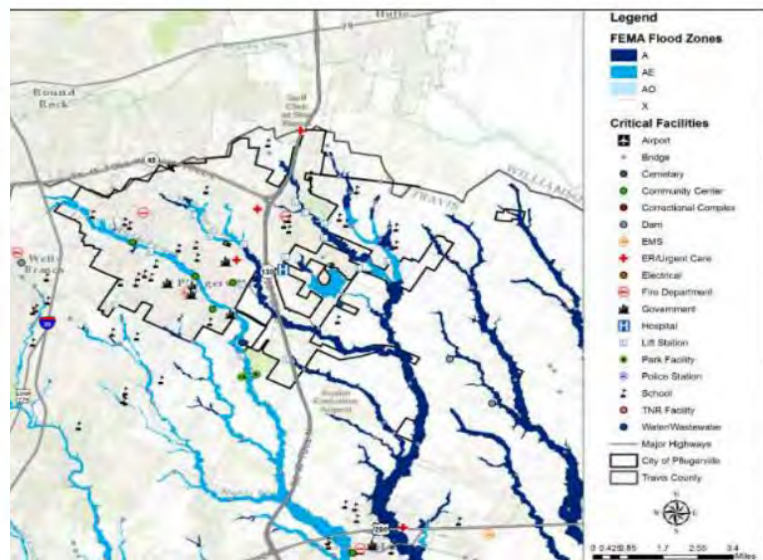

Understanding the Needs of the City of Pflugerville, TX

AshBritt has reviewed the City of Pflugerville's portion of the Travis County Hazard Mitigation Plan. This allows AshBritt to understand the City's high hazard areas, needs, and critical facilities. The plan states that the City has 9 Government Facilities, 3 Emergency Rooms, 3 Fire Stations, 1 Hospital, 18 Schools, and 15 Lift Stations. This allows AshBritt to better plan for a response to each critical facility during different phases of a disaster response mission.

Image of Travis County Hazard Mitigation Plan Update

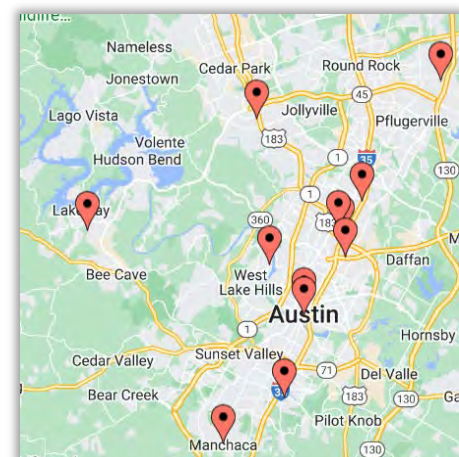

Figure 5-7. Estimated Flood Zones in the City of Pflugerville

Local Subcontractors

AshBritt has provided a list of all of our registered subcontractors within Travis County and the City of Pflugerville. Our local presence will allow AshBritt to hire local and support the community while performing recovery work. Preference is offered to "qualified" local subcontractors, including local SDB/SDVB/M/W/DBE, who have the appropriate equipment and experience and meet the applicable project criteria.

■ FEMA Grant Programs Expertise

We know that sufficient awareness of federal eligibility requirements will save more tax dollars for jurisdictions than any other task in the four phases of emergency management. AshBritt's Technical Assistance Team has worked for both FEMA and state divisions of emergency management. We will use their knowledge and expertise to address any federal funding concerns or questions that the City may have before or after disasters. Please see our Technical Assistance Team's bios included below.

Shelby Pay-Chaney – Shelby worked as an Appeals Supervisor with FEMA for 8 years prior to joining AshBritt as a full-time Technical Assistance Manager in 2023. She has a decade of combined state and federal emergency management experience. During her tenure with FEMA, Shelby personally adjudicated over 300 PA first appeals affiliated with every facet of disaster recovery and oversaw the completion of countless other appeals and technical reviews prepared by appeals staff and Technical Assistance Contractors. She also participated in numerous policy development working groups and arbitration hearings; managed declaration requests for multiple Fire Management Assistance Grants (FMAG); and became a certified trainer for FEMA's Procurement Disaster Assistance Team (PDAT). Prior to FEMA, Shelby served as the Appeals Officer for the Florida Division of Emergency Management, the state agency with the largest PA first and second appeal output nationwide. Her state and federal appellate review work has spanned most disaster types (e.g., hurricanes, floods, windstorms, tornados, fire, snow/ice, COVID-19/pandemic, landslides, etc.) and all categories of disaster recovery work (i.e., Categories A-G). Her working knowledge of the federal laws, regulations, and policies which guide FEMA's PA Program is all-inclusive.

Jim Loomis – During his 12-year career at the Florida Division of Emergency Management (FDEM)/State Emergency Response Team (SERT), Jim worked extensively on all types of federal assistance projects and managed many related programs. He was involved with more than one hundred federal disaster declarations and has specific expertise in the areas of: government-to-government assistance for wildfire management and infrastructure support; government-to-individual assistance to meet uninsured family needs; and government-to-business assistance for uninsured business recovery needs. Jim was the primary liaison and coordinator for the emergency management community in the public-private partnership that became the Partners in Recovery Program with the Florida Insurance Industry. This partnership between the Florida Insurance Council, the Insurance Department, and emergency management stakeholders now serves as a national model for the coordination of disaster recovery activities. Jim also worked in FDEM's hurricane shelter survey program, Community Right to Know program, and Emergency Management GIS Unit. Finally, he served as the Bureau Chief/Administrator of the Disaster Recovery Programs, during which time he was responsible for planning, coordination, oversight, and development of emergency recovery activities. He worked with stakeholders for four years on the legislation that ultimately became the Disaster Mitigation Act of 2000.

Christopher Holsinger – Chris began his career as a Hazard Mitigation Grant Program (HMGP) Intern at the Florida Division of Emergency Management (FDEM) before becoming FDEM’s Recovery Bureau Debris Specialist. In this capacity, he served as the State expert on FEMA debris eligibility requirements and provided Florida PA applicants with related technical assistance; taught the FEMA G202 Debris Management Training Course throughout the state; and regularly reviewed Debris Management Plans for compliance with the Sandy Recovery Improvement Act’s Debris Management Plan Pilot Program. During this time, he co-authored the Debris Management Field Guide, the primary focus of which was to identify eligible work and proper procedures for documenting, collecting, and disposing of different types of debris per FEMA and other guidance. Chris also reviewed municipal Comprehensive Emergency Management Plans (CEMP) to check for debris management compliance during Florida’s 5-year recertification for various jurisdictions. Lastly, Chris spent time serving as the Public Assistance Coordinator for the FEMA Fire Management Assistance Grant Program (FMAG) in 2013.

Jeanne Landry – Jeanne began her career as a Compliance Specialist in the Florida Division of Emergency Management’s (FDEM) Bureau of Recovery where she contributed to the creation of the Compliance Unit that now monitors PA Program applicants for applicable federal and state law compliance. Her contributions included the development of Standard Operating Procedures for the Compliance Monitoring Program; developing the process for conducting risk assessments; creating educational outreach materials and educational trainings for PA Program applicants; and reviewing federal Single Audit reports and issuing related corrective action plans. Jeanne participated in the State of Florida’s response to the COVID-19 pandemic, Hurricane Sally, and multiple tornadoes and forest fires. During Hurricane Sally, Ms. Landry assumed the role of FDEM Recovery Liaison, linking FDEM with county officials in local Emergency Operations Centers. After FDEM, Jeanne became a Legislative Policy Analyst on the Pandemics and Public Emergencies Committee in the Florida House of Representatives where she contributed to the development and passage of legislative policy reforming Chapter 252, Florida Statutes, which governs the State of Florida’s emergency management policy. Relevant legislation included SB 2006, and the creation of the Emergency Response and Preparedness Fund.

■ Applicable Licenses and Permitting

Below is a list of the applicable licenses and permits AshBritt possesses regarding this scope of work. Additional permits, licenses, and certifications can be found in our resumes. AshBritt has completed over 40 disaster debris removal projects throughout the State of Texas. During this time, we have acquired numerous Texas Commission on Environmental Quality TDSRS permits for public and private sites across the entire state of Texas. We have a long history working with numerous permitting and licensing departments in the State of Texas and our management team will ensure all permits and licenses are acquired in accordance with Texas and the City of Pflugerville laws and regulations. AshBritt is also intimately acquainted with TCEQ Region 11 office that Pflugerville, TX resides within.

TAB E

WORKLOAD AND ABILITY

■ Historic Preservation Plan

Pflugerville, TX Historic Downtown

At AshBritt, we recognize that successful disaster debris management for the City of Pflugerville extends beyond our collection, sorting, and disposal of various wastes. It is vital that our approach considers the City's rich history and cultural heritage, and ensures that our operations will be conducted with the utmost respect and sensitivity. The below Historic Preservation Plan aligns with our response approach, adheres to federal, state, and local guidelines, and will ensure that AshBritt preserves the unique identity and economic vitality of the City of Pflugerville.

- Federal Laws, Regulations, and Guidelines

Section 106 of the National Historic Preservation Act (NHPA) requires federal agencies (or other entities receiving federal funding) identify and evaluate historic properties eligible for listing on the National Register of Historic Places in consultation with the State Historic Preservation Office (SHPO)/Tribal Historic Preservation Office (THPO) and any Indian Tribe or NHO that attributes religious and cultural significance to historic properties that may be affected by our operations.

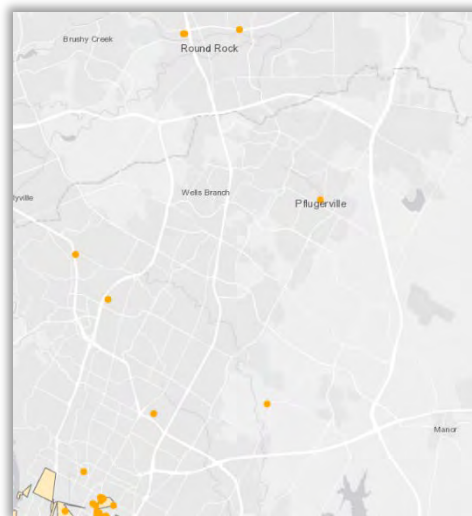

2 C.F.R. § 200.300 requires that FEMA review each Public Assistance project to ensure that the work complies with the NHPA.

FEMA's **Public Assistance Program and Policy Guide** outlines environmental and historic preservation considerations for all emergency work to be funded by Public Assistance

- Federal, State, and Local Resources

National Register of Historic Places

The National Register of Historic Places (NRHP) is the official list of the Nation's historic places worthy of preservation. Authorized by the NHPA, the National Park Service's NRHP is part of a national program to coordinate and support public and private efforts to identify, evaluate, and protect America's historic and archeological resources.

NRHP Locations Map –
Pflugerville, TX (2023)

To be eligible for listing in the National Register, generally, a property or majority of properties in a district must be 50 years old or older; retain historic integrity in location, design, setting, materials, workmanship, feeling, and association; and meet at least one of the National Register Criteria for Evaluation.

The **Texas Historical Commission's Historic Preservation Office** is tasked with providing technical assistance for NHPA Section 106 reviews and maintaining an extensive database of Texas's archeological sites and historic resources.

Travis County Historical Commission – The Office of Historic Preservation works to identify, designate, preserve, and celebrate significant historic properties in Tarrant County. The Office's Historic Preservation and Archives Officer can be reached for specific details on historic locations and preservation initiatives at archives@tarrantcountytx.gov.

• Section 106 Assistance

If the City seeks FEMA PA reimbursement for our disaster debris mission, our Technical Assistance Team work with the Debris Manager to ensure that appropriate documentation is provided to FEMA for any requested Section 106 NHPA reviews. The AshBritt team will also be available to answer any questions regarding our operating procedures or specific work that was performed.

Tab E. Workload and Ability

■ Current Workload

AshBritt is currently conducting disaster debris removal missions for the Cities of Valdosta and Dasher, GA, and Lowndes County, GA. Operations consist of ROW debris collection, emergency road clearance, and hazardous tree and limb removal. Approximately 1,300,000 cubic yards of debris have been removed to date. AshBritt also provided vegetative debris removal services to Leon and Hillsborough County, FL and waterway debris removal for the Florida Department of Environmental Protection (FDEP), and setup and managed a 1,000-person basecamp in Suwanee County, FL in response to Idalia. AshBritt is 95% complete with these operations and they will not impact an activation from the City of Pflugerville.

■ Ability and Capacity

We have been able to scale up our capacity to conduct simultaneous operations from 1-2 jurisdictional projects to over 60 concurrent projects across multiple states. AshBritt can do this by maintaining a team of experienced project managers across the nation that can be activated on a moment's notice. The table below demonstrates our experience in successfully expanding our management teams to accomplish concurrent mission activations across multiple states.

Clients	Year	Disaster(s)	Debris (CY)
6	2023	Hurricane Idalia	1,300,000
15	2022	Hurricane Ian	8,393,151
11	2018	Hurricane Michael	13,700,000
4	2017	USACE Tubbs, Nuns, Pocket, Atlas, Redwood Valley, and Sulphur Fires	1,250,000
63	2017	Hurricane Irma	10,700,000
14	2017	Hurricane Harvey	1,700,000
23	2016	Hurricane Matthew	5,700,000
71	2012	Hurricane Sandy	3,500,000
21	2012	MA Severe Storm and Snowstorm	1,700,000
17	2011	CT Severe Storm and Snowstorm	1,800,000
19	2005	Hurricane Wilma	4,800,000
27	2006	Hurricane Katrina	21,500,000
8	2004	Hurricanes Charley, Frances and Jeanne	4,800,000

■ Ability to Provide Additional Services

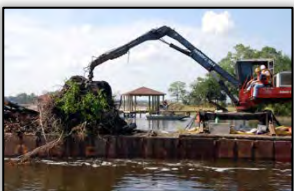

Major disasters can be utterly devastating to communities, warranting the need for more extensive support services beyond debris removal. In many cases, these services are necessary precursors to ensure the debris mission advances effectively, safely, and efficiently.

AshBritt is a full-service contractor. We can coordinate and deliver turnkey emergency response, environmental remediation, recovery, and restoration services whenever needed. We minimize the worry and confusion surrounding a client's recovery, restoration, and build-back needs following a major event. Through our resources and teaming partners, we ensure that these vital services are delivered expeditiously and professionally. **AshBritt has provided the following ancillary services in previous projects and can provide these services for the City of Pflugerville before, during, or after a disaster.**

Scope	Description	Recent Applicable Experience
 <p>Emergency Water/Ice</p>	<p>Water in gallons, 2-liter bottles, or bulk potable water tankers; bagged ice (50-100lb); and/or reefers/fridges delivered to central distribution points. Logistical managers and Point of Distribution supervisors oversee the orderly distribution and tracking of provisions.</p>	<p><u>2023 (Florida Flooding)</u> Water & Ice for City of Ft. Lauderdale, FL <u>2017 (Hurricane Harvey)</u> Water & Ice for TX Jurisdictions</p>
 <p>Emergency Housing</p>	<p>Secured temporary housing and turnkey base camps to support local relief representatives, workers, volunteers, and residents can be established. Base camps will be scaled and equipped to meet event scenarios. Hard-sided and soft-sided tents, CONEX systems, or other modular structures can be supplied and fully managed.</p>	<p><u>2023 (Migrant Support)</u> Base camp FDEM-Florida Keys <u>2022 (Hurricane Ian)</u> 3 Base camps throughout FL <u>2017 (Hurricane Irma)</u> 2 Base camps for Monroe County, FL</p>
 <p>Mobile Kitchen & Shower Units</p>	<p>As an extension to camps, these units may serve local relief representatives, workers, volunteers, and residents. They can be delivered, set up, and powered by generators. Multiple configurations and outputs are available. Full oversight and maintenance of facilities are included.</p>	<p><u>2023 (Migrant Support)</u> Mobile Kitchen & Shower Units FDEM-Florida Keys <u>2022 (Hurricane Ian)</u> Mobile Kitchen & Shower Units throughout FL <u>2017 (Hurricane Irma)</u> Mobile Kitchen & Shower Units for Monroe County, FL <u>2016 (Blue Cut Fire)</u> Portable Toilets & Showers for County of San Bernardino, CA</p>
 <p>Pandemic Response Services</p>	<p>We can provide and support Coronavirus treatment infusion centers, testing centers, alternate care facilities, and vaccination centers. Our team has been engaged in supporting cities, counties, and states with a spectrum of COVID response efforts over the past three years. We have provided over 1,000,000 vaccines.</p>	<p><u>2019 – 2022 (COVID-19)</u> Infusion centers, alternate care facilities, and vaccination centers in the states of FL, MS, TX, VA, NJ, KY, MD, MA, IN, NC, ME, WI, AL, MN, VT, MI, NH, PA, and LA.</p>
 <p>Canteen, Commissary, and Meals Ready-to-Eat (MRE)</p>	<p>Full canteen and commissary services that serve hot breakfast, lunch, and dinner, as well as mid-rations, can be established and expanded to support local relief representatives, workers, volunteers, and residents. MREs and heated meals can also be systematically distributed.</p>	<p><u>2020 (COVID-19)</u> Emergency meal delivery to FDEM <u>2017 (Hurricane Harvey)</u> MRE's to TX Jurisdictions</p>

Scope	Description	Recent Applicable Experience
 <p>Emergency Power Generation</p>	<p>Temporary power generation for critical facilities can be delivered, set up, and maintained if the regular power supply is disrupted. Emergency light towers can be provided and distributed throughout the affected area and work sites</p>	<p><u>2023 (Florida Flooding)</u> Generators for the City of Ft. Lauderdale, FL <u>2020 (Hurricane Laura)</u> Generators to TX jurisdictions <u>2017 (Hurricane Irma)</u> Generators to Florida jurisdictions <u>2017 (Hurricane Harvey)</u> Generators to TX jurisdictions</p>
 <p>Light Sources</p>	<p>Light and power sources are available. Ashbritt can supply these items to multiple locations simultaneously without interruption</p>	<p><u>2023 (Florida Flooding)</u> Light towers for the City of Ft. Lauderdale, FL</p>
 <p>Satellite Service / Communication Infrastructure</p>	<p>Satellite telecommunication services can be provided, based on the magnitude of the event and the scope of the damage. Services will support telephone and online internet access. Various equipment/configurations are available, depending on the scenario</p>	<p><u>Utilized and available throughout all projects</u></p>
 <p>Emergency Fuel Supply</p>	<p>Through strategic coordination and partnerships with wholesale fuel distributors, fuel can be immediately provided, when needed, to maintain the continuity of vital services.</p>	<p><u>2017 (Hurricane Irma)</u> Fuel Trucks for Collier County, FL <u>2016 (Blue Cut Fire)</u> Fuel trucks for County of San Bernardino, CA</p>
 <p>Temporary Offices, Warehousing, and Container Storage</p>	<p>Mobile command centers, temporary offices, critical document and asset warehousing, and storage containers (CONEX or other) can be supplied in any configuration to meet local needs. Temporary prison facilities can also be delivered and maintained.</p>	<p><u>2023 (Florida Flooding)</u> Multiple command centers for the City of Ft. Lauderdale, FL</p>

Scope	Description	Recent Applicable Experience
 <p>POD Manpower & Equipment</p>	<p>All necessary manpower, management, equipment, and supplies (i.e., forklifts, pallet jacks, lighting, hygiene stations, traffic devices, trash collections, etc.) can be supplied. Community relations, security personnel, or other provisions needed to safely and efficiently deliver water, ice, meals, tarps, food supplies, or any other commodity may be employed.</p>	<p><u>2010 (Haiti Earthquake)</u> Site Security Team, lighting, hygiene stations provided for Haiti.</p>
 <p>Emergency Barge Transport</p>	<p>When major bridges and access routes to areas surrounded by water are damaged, and transportation is impeded due to disaster damage, Ashbritt can transport vital equipment and supplies by barge.</p>	<p><u>2010 (Haiti Earthquake)</u> 15 shipments of heavy equipment to Haiti.</p>
 <p>Emergency Roof Tarping and Repair</p>	<p>We can coordinate temporary roof patching when permanent repairs cannot be immediately implemented, mitigating against further damage. Multiple experienced crews can be deployed, and tarps can be distributed to residents from Points of Distribution.</p>	<p><u>2004 (Hurricane Charley)</u> Emergency roof repairs for Charlotte County, FL EOC.</p>
 <p>Fire Suppression Support</p>	<p>Water trucks and personnel can be provided, as necessary, to augment local water supply systems. Ashbritt has access to trucks with minimum capacities of 2,000 gallons that are filled and outfitted with valves compatible with fire hose connections, meeting National Fire Protection Association (NFPA) standards.</p>	<p><u>Provided on hundreds of our projects across our history.</u></p>
 <p>Sewer/Catch Basin Clearing</p>	<p>Removal of disaster-generated sediment/debris from stormwater sewer systems aids the prevention of secondary flooding. The clearing is typically accomplished using industrial Vac Trucks.</p>	<p><u>2023 (Florida Flooding)</u> Vac Trucks - Ft. Lauderdale, FL <u>2022 (Hurricane Ian)</u> Vac trucks - Collier County, FL <u>2018/2017/2016/2015 (Flooding Event)</u> Vac Trucks - Hidalgo County, TX <u>2018 (Flooding Event)</u> Vac Trucks - Charleston, SC</p>

Scope	Description	Recent Applicable Experience
 <p>Oil Spill Recovery</p>	<p>AshBritt can deploy booms and utilize other methods to mitigate against the spread of an oil spill</p>	<p><u>2010 (Oil Spill)</u> Deployed and maintained 106,000 linear feet of oil deflection boom for Bay and Gulf County, FL.</p>
 <p>Marine Recovery and Debris Removal</p>	<p>We can conduct underwater search and rescue, vessel recovery, underwater welding and salvage, debris removal from canals, and waterways. We are also able to deploy divers, remotely operated vessel (ROV), barge, and landing craft as work platforms for equipment and supply transport.</p>	<p><u>2022 (Hurricane Ian)</u> Waterway debris removal throughout Southwest FL for FDEM <u>2017 (Hurricane Irma)</u> Waterway debris removal throughout Collier County, FL <u>2012 (Hurricane Sandy)</u> Waterway debris and Vessel removal throughout State of New Jersey and New York City</p>
 <p>Dredging</p>	<p>Mechanical and hydraulic dredging of canals, marinas, and navigable waterways</p>	<p><u>2012 (Hurricane Sandy)</u> Dredging mission throughout the State of New Jersey.</p>
 <p>Mass Decontamination</p>	<p>Decontamination of buildings and facilities after the detection of bio/chem toxic, harmful agents.</p>	<p><u>2020 (COVID-19)</u> Decontamination of schools in Miami, FL.</p>
 <p>Drying in Services</p>	<p>Emergency dry-in of public facilities, including the removal and disposal of affected building materials, securing structural openings, dehumidification, and moisture abatement</p>	<p><u>2023 (Florida Flooding)</u> Drying in services for the City of Ft. Lauderdale, FL <u>2008 (Hurricane Ike)</u> Building restoration for '17 government buildings for Orange County, TX.</p>

Scope	Description	Recent Applicable Experience
 <p>Mold Remediation</p>	<p>Identification and remediation of mold in buildings and facilities</p>	<p><u>2017 (Hurricane Harvey)</u> Mold remediation services for Orange County, TX</p>
 <p>Derelict Vehicle, Boat & Vessel Containment & Disposal</p>	<p>Removal, transport, and disposal of abandoned vehicles, boats, and other vessels to include aggregation staging, inventorying, and indexing for easy location and retrieval. Information dissemination, owner contact, and supplemental investigations for proper disposition will be conducted, as well as decontamination and recycling of vehicles and vessels. AshBritt has significant experience removing abandoned vehicles.</p>	<p><u>2022 (Hurricane Ian)</u> Vehicle and vessel removal throughout Southwest FL for FDEM <u>2017 (Hurricane Matthew)</u> 33 Vessels were removed throughout Beaufort County, SC <u>2012 (Hurricane Sandy)</u> 3,503 vehicles were removed throughout New York City</p>
 <p>Dead Animal, Livestock, Fish Collection</p>	<p>Collect and lawfully dispose of animal, bird, and fish carcasses from public property and ROWs. Specific management protocols for diseased carcasses will be subject to approval by the Florida Department of Environmental Protection, in consultation with the Department of Agricultural Resources. Unlike other debris, in some cases, infectious waste may need to be treated on-site prior to being transported. All animal carcasses must be managed in accordance with the Debris Plan. Specialized crews are dispatched to specific locations where remains have been identified to collect, haul, and dispose of all carcasses as directed by the jurisdiction.</p>	<p><u>2018 (Red Tide)</u> 87,000 Lbs of dead fish removed due to red tide in St. Lucie County, FL <u>2015 (Red Tide)</u> 10,000 Lbs of dead fish removed due to red tide in Longboat Key, FL</p>

■ Financial Capability & Resources

Access to immediate operational funds and longer-term credit is one of the most vital factors in ensuring the swift initiation and continued progress of response and recovery efforts. Following any large-scale, widespread disaster event, the City's resources, infrastructure, and processes may become overwhelmed. Reliable financial support and sound management are vital to a successful mission. As the nation's leading provider of disaster debris management services, AshBritt has substantial financial resources, capabilities, and experience. Our historical record and supporting financial documentation clearly demonstrate these strengths. Importantly, we have the capital strength to accommodate increased cash flow demands throughout any disaster recovery mission and the capacity to assume extensive expenditures for prolonged periods (historically exceeding 150 days) before receiving any funds for our services.

Bonding: Over \$850 Million
Working Capital: Over \$100 Million
Underwrote \$100 Million for USACE Katrina Mission

AshBritt has a strong, steady record of paying all vendors and subcontractors in accordance with executed contracts. Moreover, we work with small businesses to accommodate shorter payment terms, as needed, to ensure that all companies, large and small, can actively participate in our recovery efforts and projects. With our capital reserves and our significant line of credit, as well as the ability to draw on resources from some of our long-standing business partners, we can simultaneously maintain and finance multiple large, extended projects. Examples of AshBritt's ability to initiate and maintain a strong workforce and financial stability include:

Year	Disaster(s)	Funds
2022	Hurricane Ian and Kentucky Flooding Size of Workforce Managed: Over 1,000 pieces of heavy equipment	\$649,509,554
2018	Hurricane Michael Size of Workforce Managed: Over 800 pieces of heavy equipment	\$274,468,728
2017	USACE Northern California Wildfires Size of Workforce Managed: Over 2,000 pieces of heavy equipment	\$307,166,947
2017	Hurricane Irma Size of Workforce Managed: Over 1,500 pieces of heavy equipment	\$181,024,248
2016	Hurricane Matthew Size of Workforce Managed: Over 500 pieces of heavy equipment	\$88,610,796
2012	Hurricane Sandy Size of Workforce Managed: Over 1,800 pieces of heavy equipment	\$228,621,575
2005	Hurricane Katrina Size of Workforce Managed: Over 12,400 pieces of heavy equipment	\$733,700,702

I, Kimberly Bryson, a Senior Vice President of Bank of America, N.A. ("Bank of America"), confirm that AshBritt Inc. maintains balances with Bank of America in the eight figures. AshBritt Inc. has a Low to Mid Eight Figure Line of Credit Facility with Bank of America that has been handled as agreed. Ashbritt Inc. has been a very valued client of Bank of America since January 1999. Ashbritt Inc. has always handled their accounts and credit facilities as agreed.

This information is being delivered to you at the request of AshBritt Inc. Please note that the information set forth in this letter is subject to change without notice and is provided in strictest confidence to you for this limited purpose and your use only, without any responsibility, guarantee, commitment, or liability on the part of Bank of America, its affiliates or any of its or its affiliates' directors, officers, or employees. Bank of America cannot provide any credit ratings or opinions of the creditworthiness of AshBritt Inc, and the above information does not constitute an opinion of Bank of America of the ability of AshBritt Inc. to successfully perform any obligations under any agreement it may enter into with you, Bank of America, or any other entity. Finally, Bank of America undertakes no responsibility to update the information set forth in this letter.

If you have any additional questions, please do not hesitate to contact me.

Regards,

Kimberly Bryson

Re: AshBritt, Inc.

Dear Sir/Madam:

It is the privilege of Liberty Mutual Insurance Company to provide surety support for AshBritt, Inc. for the past 15 +years. In the past, AshBritt, Inc. has successfully completed single projects in the \$500,000,000. range with an overall program of \$850,000,000 US Dollars.

Should any projects be awarded to and accepted by AshBritt, Inc. we are prepared to provide the required bonds on their behalf. Our support is conditioned upon completion of the underwriting process, including satisfactory review of bond forms, contract documents, confirmation of financing and our ongoing review of the operational and financial capacity of AshBritt, Inc.

We are pleased to share with you our favorable experience and high regard for AshBritt, Inc. This letter is not an assumption of liability and is issued only as a prequalification reference request from our client. It should be understood that any arrangement for bonds is strictly a matter between AshBritt, Inc. and Liberty Mutual Insurance Company.

Liberty Mutual Insurance Company is licensed in all 50 states and listed on the U.S. Treasury Department's Listing of Approved Sureties (2023 Department Circular 570). Liberty Mutual Insurance Company is rated A (Excellent) Financial Size Category XV (\$2 Billion or greater) by A.M. Best Company.

Sincerely,

LIBERTY MUTUAL INSURANCE COMPANY

Details: 2022 Kentucky Flooding – 552,000 Tons

Cost: \$138,000,000

Contract Term: 8/4/2022 - 2/28/2024

Scope of Project: During July 25-30, 2022, several thunderstorms developed and brought heavy rain, deadly flash flooding, and devastating river flooding to eastern Kentucky. The Kentucky Transportation Cabinet (KYTC) contracted with AshBritt to provide ROW debris collection and removal services in impacted areas and federally declared counties. AshBritt was also tasked with removing disaster debris from rivers, creeks, streams, and other eligible waterways. Removed debris consisted of C&D, vegetation, vehicles, houses/mobile homes; collapsed bridges, etc. We used large and small excavators, logging equipment (e.g., cutters, feller bunchers, forwarders, and tracked haul units), and debris hauling units to perform the work. After the ROW and waterway debris removal was completed, AshBritt was issued 273 Notices to Proceed for Private Property Debris Removal, of which 138 were demolition properties.

Project Information

Dates: 09/07/2020 – 11/20/2020

Details: Hurricane Laura – 732,064 CY

Cost: \$12,008,000

Contract Term: 06/27/2023 – 06/26/2026. AshBritt has held this contract since 2007.

Scope of Work: AshBritt collected vegetative debris from public streets and ROWs, and hauled to two TDSRS'. The geographic response area covered 380 square miles. For debris removal operations, we assisted with the identification and designation of collection zones and collected 734,064 cubic yards of vegetative debris throughout the County. We employed and managed over 68 debris hauling units and tree crews that removed 11,650 hazardous leaning trees and hanging limbs. At the height of the project, AshBritt collected over 18,000 cubic yards of debris in one day.

Additional Projects Completed for Client:

2020 – Tropical Storm Imelda – 65,000 CY

2017 – Hurricane Harvey – 382,013 CY

Cost: \$3,321,809

Contract Term: 10/10/2017 – 10/10/2022

Scope of Work: Conducted ROW vegetative debris collection, TDSRS management, debris reduction via grinding and compaction, and haul-out and disposal services. We also provided hazardous tree and limb removal.

■ Quality of AshBritt's Services

Below are a few reference letters received from previous projects demonstrating our exceptional quality of services.

Scott James Matheson
Mayor

CITY of VALDOSTA, GEORGIA

PROCLAMATION

WHEREAS, on Wednesday, August 30, 2023, Hurricane Idalia made landfall as a Category 3 Hurricane near Keaton Beach, Florida, causing storm surge inundation of 7 to 12 feet and widespread rainfall which caused flooding in Florida and throughout the Southeast; and

WHEREAS, Hurricane Idalia moved through Valdosta and Lowndes County as a Category 2 storm with maximum sustained winds of 105 miles per hour and poured approximately seven inches of rain into our community causing life-threatening flooding; and

WHEREAS, over a thousand power poles in Valdosta and Lowndes County were snapped and thousands of trees were uprooted leaving 97% of our community in the dark; and

WHEREAS, the City of Valdosta selected AshBritt, a national leader in disaster response and recovery operations, to assist our community in the aftermath of Hurricane Idalia; and

WHEREAS, AshBritt's response to this disaster was truly amazing as they moved in with self-loading grapple and Paul Bunyan trucks and began to remove the huge trees, limbs, and debris from the roadways; and

WHEREAS, AshBritt conducted their work with diligence, respect, integrity, and professionalism, and we will always be forever grateful for their assistance in helping our community return to normal after this disaster; and

WHEREAS, AshBritt also has a philanthropic arm that supports four primary areas which include Disaster Impacted Communities, Vocational Schools and Technical Training, Youth Education, and Mental Health, and they are to be commended for their generous donation to the Greater Valdosta United Way.

NOW, THEREFORE, I, Scott James Matheson, Mayor of the City of Valdosta, do hereby proclaim Tuesday, December 12, 2023 as

ASHBRITT DAY

in Valdosta and call upon all citizens to join me as we honor this organization for the exceptional work they did in our community after Hurricane Idalia and thank them for their selfless service and dedication in helping to make Valdosta, once again, a great place to live, work, and play.

SO PROCLAIMED, this 12th day of December, 2023.

Scott James Matheson, Mayor
City of Valdosta, Georgia

Charlotte County Florida

PROCLAMATION

WHEREAS, AshBritt is now in its 30th year of operations for services including national rapid-response emergency management and logistics, pre-positioned debris management, debris removal, and related natural disaster activities; AshBritt is a national leader in disaster response and recovery services in terms of experience, capacity, quality of service, operational innovation, and financial strength; and

WHEREAS, through proficiency in natural disaster rapid-response emergency management and logistics, AshBritt has supported all of Charlotte County in emergency management recovery efforts, including debris removal, hauling and citizen drop off sites; and

WHEREAS, during the most recent natural disaster, Hurricane Ian, AshBritt immediately responded and mobilized, continuously communicated with Charlotte County staff starting prior to landfall, and assisted with removal of more than 4.7 million cubic yards of debris; and

WHEREAS, AshBritt has demonstrated its commitment to supporting Charlotte County in hiring local businesses first and strengthening the local workforce; and

WHEREAS, AshBritt continues to support local charities such as the Charlotte County Boys & Girls Club, Keep Charlotte Beautiful, the United Way of Charlotte County, the Charlotte County Sheriff's Office, and was a proud sponsor of Charlotte County's Centennial Gala; and

WHEREAS, AshBritt has provided work and supporting documentation to maximize FEMA reimbursements for all eligible services and materials totaling more than \$79 million.

NOW, THEREFORE, BE IT PROCLAIMED that the month of June 2023 shall be known in all of Charlotte County as

AshBritt Month

and is congratulated for 30 years of business and 13 years of serving Charlotte County.

PASSED AND DULY ADOPTED this 23rd day of May 2023

BOARD OF COUNTY COMMISSIONERS
OF CHARLOTTE COUNTY, FLORIDA

Ken Hagan
County Commissioner
District 2

March 13, 2023

RE: Letter of Recommendation

To Whom it May Concern:

I am pleased to write a letter of recommendation on behalf of AshBritt. AshBritt performed hurricane debris removal services for Hillsborough County following the aftermath of Hurricane Ian, and I am extremely pleased with their service quality.

Prior to landfall of Hurricane Ian, AshBritt staff was in constant communication with County staff. AshBritt also had an available representative, if needed, in the Emergency Operation Center immediately following the hurricane to develop a plan of action.

The professionalism AshBritt exhibited after Hurricane Ian was greatly appreciated. While the damage in our community was not as extensive as in the neighboring counties to the south of us, we did experience a significant amount of downed trees, property damage, and flooding. AshBritt was able to remove over 700,000 tons of debris and worked across the many diverse communities in Hillsborough County to complete the work. Senior project management and liaisons were always very responsive and worked well as a team with the county in all aspects of the project.

The project was extremely successful and should AshBritt's services be needed in the future we look forward to the opportunity to work with their team again. From previous hurricane experiences, AshBritt made a bad situation extremely manageable, and I continue to appreciate the working relationship we have with this company.

Sincerely,

Ken Hagan

THE CITY OF KEY WEST

1600 N. Roosevelt Blvd. Key West, FL 33041-1409 (305) 809-3933

To: Holly Raschein
From: Greg Barroso Emergency Manager / KWFD Division Chief
Date: 1/2/2023

Reference: AshBritt Letter of Appreciation

Ms. Raschein:

I wanted to thank you, Brian Thomason, and all at AshBritt that helped with the rapid response to Key West for storm debris removal. In the days before land fall of Hurricane Ian, Mr. Thomason contacted me to assure me that AshBritt was monitoring TD Ian and was staged and ready to respond. Immediately after Hurricane Ian, AshBritt responded as promised and began working on Key West's storm debris cleanup priorities. Throughout the entire cleanup effort, AshBritt maintained constant communication and reported their daily progress to me. At times, AshBritt diverted their resources to address immediate priorities of cleaning a particular area within the city. Although this storm veered west of Key West, our island sustained flooding and widespread debris. In the day and weeks following, I witnessed AshBritt's project managers work with our city employees and local partners as a team to successfully carry out their mission.

I write this letter of appreciation as both the Emergency Manager for the City of Key West and as a resident who lives and works in this community. I truly appreciate how quickly AshBritt cleaned up the storm debris from our streets and sidewalks. This quick response and thorough clean up allowed for residents, employees, students, and visitors of Key West to return to their normal daily routine of traversing Key West.

Sincerely,

Greg Barroso
Emergency Manager / KWFD Division Chief of Training

Deerfield Beach, FL 33441

Re: Reference for AshBritt, Inc.

To Whom it may concern:

On September 23, 2022, Polk County, Florida sustained severe damages resulting from Hurricane Ian, a category 4 storm. The federal government declared Polk County as a major disaster area and approved 100% federal reimbursement through December 7, 2022. Prior to activation, AshBritt actively sought out local subcontractors to assist them with the debris removal operations; and once activated, they quickly began with debris removal services. At their peak, AshBritt had more than 90 units simultaneously in use ultimately collecting and removing more than 1 million cubic yards of debris in just a little over three (3) months' time.

County staff coordinated with the AshBritt Team on the optimal temporary debris management sites (TDMS) and residential storm debris drop-off locations. A total of six TDMS were established, and a complete restoration of each site was done in a timely manner. The debris that was collected and disposed was carefully observed to comply FEMA rules and regulations, putting Polk County in the best position to receive maximum reimbursement of federal emergency funds.

AshBritt was extremely proactive, provided exceptional communication to the County throughout the mission, and facilitated successful debris removal keeping Polk County's fiscal liability in mind every day.

While I do not look forward to the next major storm event, when it does happen I will not be concerned with debris removal services with AshBritt under contract. I would recommend AshBritt to anyone looking for debris removal services. If any further information is needed, please feel free to contact me.

Sincerely,

Ryan J. Taylor

April 25, 2022

Re: Reference for Ashbritt, Inc.

To Whom It May Concern:

The Board of County Commissioners approved AshBritt, Inc. (AshBritt), to provide disaster debris management and removal services for the 2017 hurricane season. AshBritt Inc. has been providing debris removal services for Collier County since the early 2000's. AshBritt has conducted 3 disaster debris removal projects for the County beginning with Hurricane Wilma. AshBritt has removed and managed over 4,500,000 cubic yards of disaster debris for the County. Since then, AshBritt has participated in numerous training and planning sessions with the County and is regularly engaged in the business of providing disaster debris removal services.

For the activation of Hurricane Irma in 2017, AshBritt provided exceptional and professional post-disaster debris collection, removal, and disposal services. AshBritt was able to provide immediate preemptive services that facilitated the overall success of the debris mission with no additional cost to the County. The county was divided into 58 work zones. Once activated, AshBritt quickly began with emergency road clearing services, which included 45 wheel loaders and over 100 chainsaw men. Following the road clearing, AshBritt began debris removal operations, over 40 tree crews removed more than 1,300 hazardous trees and over 22,000 hazardous limbs. Additionally, AshBritt included 128 generators, 352 chemical toilets, 2 shower facilities, 75 vacuum trucks, traffic signal inspections, fuel delivery, over 10,000 meals, temporary fencing, and raw sewage collection from overflowing manholes and lift stations.

With the tireless effort of the AshBritt's team, the county's six temporary debris staging sites and five residential storm debris drop-off locations were reviewed and surveyed. A complete restoration of all eleven sites was done in a timely manner. Debris was collected and disposed was in full compliance with FEMA rules and regulations, qualifying Collier County for maximum reimbursement of federal and state emergency funds. The County received 50 million dollars in reimbursements for the hurricane debris mission.

Office of the County Manager Mark Isackson

3299 Tamiami Trail East, Suite 202 • Naples Florida 34112-5746 • (239) 252-8383

The collection and monitoring of approximately 3.6 million cubic yards from Hurricane Irma-generated debris was completed in 3 months, with the debris staging sites cleared shortly thereafter. AshBritt provided an excellent FEMA liaison and worked effectively with FEMA representatives, operating within FEMA's guidelines to optimize the county's eligibility for reimbursement. AshBritt's contract pricing included stumps, collection, processing, and disposal. Hurricane Irma's debris recovery cost was estimated at \$64 million dollars.

AshBritt also provided exceptional and professional debris collection and removal services following Tropical Storm Fay in 2008, collecting and disposing of an estimated 20,000 cubic yards of debris at an estimated cost of \$403,500. In 2005, post Hurricane Wilma, Ashbritt provide debris collection, processing and disposal services collecting over 1 million cubic yards of debris, receiving reimbursements of \$24 million from FEMA and the State of Florida, with only \$1,000 disallowed due to rounding errors.

AshBritt was deployed in response to a severe windstorm that hit Collier County during the pre-dawn hours on January 17, 2016. AshBritt had skillful staff quickly mobilized for debris collection and removal, collecting and disposing of an estimated 44,032 cubic yards of debris at an estimated cost of \$465,152 proving they can handle both major and minor storm events.

The AshBritt Environmental Team is one of the best debris recovery businesses in the industry. Having 29 years in public service, I can vow for their ability to resource any emergency event and ensure that FEMA guidelines are strictly adhered to. Both the FEMA Administration and the State of Florida have recognized Collier County Government as one of the best debris management teams' thanks in great part to our contractor, AshBritt Environmental Inc.

Respectfully,

Daniel R. Rodriguez, M.B.A., CFM
Deputy County Manager – Collier County

December 6, 2021

To whom it may concern:

I am writing to recommend Ashbritt as a debris removal contractor for your city.

The City of Diamondhead recently pre-arranged our debris hauling contractor as well as FEMA consultant and debris monitoring firms. We had to activate this contract once for Hurricane Ida, and Ashbritt was professional in helping us clean our streets.

Although I hope we do not need their services any time soon, I am comforted to know that Ashbritt is part of our team in the event of a disaster.

If you have any questions, please contact me at 228-222-4626.

Sincerely,

Michael J. Reso

WEBSITE: www.gulfcountry-fl.gov • EMAIL: ahorton@gulfcountry-fl.gov

To Whom It May Concern:

I am writing this letter to thank your company, AshBritt Environmental, for the job well done in the removal of debris from waterways in Gulf County through the USDA's NRCS Grant during the year 2020. During the 5-month span of the project, AshBritt Environmental demonstrated efficiency and dedication to complete work, which will greatly benefit the residents of Gulf County in many aspects.

In spite of the flooding associated with Hurricane Sally, your team was able to complete the project in a timely manner. The attention to detail shown by your team, resulted in a job well done.

Project managers Bob Hewett and Brett Postelli exhibited a can-do, willing to serve attitude that made the project a pleasure to be a part of. They were both very professional in any dealings with Gulf County and displayed genuine concern and interest to provide Gulf County with the very best product that could be provided.

Again, I would like to express the gratitude that we have for AshBritt in giving this project a 100% effort in helping to restore waterflow to some of the major ditches throughout Gulf County that was left from the destruction that Hurricane Michael caused.

Feel free to contact me any time.

Sincerely,

DAVID RICH

RE: Letter of Recognition – Econfina Creek, Hurricane Michael, Waterway Debris Project

Dear Mr. Knight,

In response to Hurricane Michael, which made landfall October 11, 2018, AshBritt was provided a notice to proceed on February 1, 2019, from the State of Florida's Department of Environmental Protection to perform waterway debris removal operations along a 14-mile segment of Econfina Creek in Northwest Florida.

AshBritt's operations started on February 4th, with a kick-off meeting with the Department's project management team, waterway debris removal crews, state and federal representatives to review scopes of work, approaches and methodology, debris monitoring, and state and federal guidelines. The creek segment was divided into 7 sectors, and each sector was assigned a debris removal crew. In total, roughly 82,000 cubic yards of vegetative debris was collected from the waterway, transported to one of the six access points using shallow draft grapple barges, offloaded and transferred into grapple trucks, and hauled to a permitted disposal facility. The Department, through its monitoring firm, employed an Automated Debris Management System to track the debris from origin to final disposal.

The Econfina Creek waterway debris clean-up project was handled efficiently with care given to limiting damage to the fragile habitat, addressing boater safety and citizen's concerns, and maximizing debris removal within budget. The Department was able to receive full reimbursement from FEMA for this clean-up project and appreciates Ashbritt's ongoing communication, timely reporting and professional efforts throughout the project.

Please accept this letter of recognition of AshBritt' efforts regarding the clean-up of the Econfina waterway debris and we will continue to work with you on our current contract with your firm.

Sincerely

Scott Woolam
Senior Program Analyst
Division of State Lands

Subject: Waterway Debris Removal - Hurricane Michael

Dear Mr. Gierden,

I would like to take a moment to thank and extend our appreciation to you and the entire Ashbritt staff who assisted in the waterway debris removal from Clay's Bayou following hurricane Michael.

In October of 2018, Hurricane Michael gave mild to moderate impacts to Walton County. Our Public Works Department was able to handle all the debris that was left behind except for approximately 400 – 500 cubic yards of debris in Clay's Bayou, a non-navigable waterway.

Since this was a non-navigable waterway, FEMA refused to let us put this in as a PA project. After 17 months, emails, phone calls, and constant requests for documentation assistance from you, we were able to get the project funded by NRCS under the EWP program.

You, Bob Hewitt, Mark Dotson, and Kevin Spindler did an amazing job during the recovery process. Your assistance and the assistance of your team was phenomenal! The patience and help you gave us ensured the process moved along seamlessly.

This was the first project that Walton County has worked with Ashbritt on and this was by far the best partnership we have experienced. The communication and commitment to ensure debris removal was completed as fast as possible so that our residents could start using the waterway for kayaking and to help restore the area back to its natural habitat was outstanding.

Should Walton County need assistance in the future we would seek out the help of Ashbritt. On behalf of Walton County, I would like to thank Ashbritt Environmental, Mr. Gierden and all the other employees who assisted my County during our time of need. Thank you for your dedication, commitment and excellent customer service you provided during this event.

If you have any questions, please feel free to contact me at jeff@waltoncountymem.org or 850-307-4121.

Respectfully,

Jeffrey M. Goldberg, FPEM, FMI

Subject: Debris Removal – Hurricane Dorian

The City of Charleston would like to take a moment to thank and extend our appreciation to the entire Ashbritt staff who assisted in the City's debris removal following hurricane Dorian.

On September 5th 2019 Hurricane Dorian impacted the City of Charleston and left a significant amount of debris in its wake. Due to the amount of debris left behind from Dorian the City of Charleston decided to participate in Charleston County's debris removal contract. On September 6th Matt Gierden of Ashbritt Environmental was already in contact with city officials and had begun the staging of debris removal equipment while the city began the process of debris removal and started hauling debris to our storage site at Sumar St.

Matt Gierden, Dilla Camacho and Geno Hernandez did an amazing job during the recovery process. Mr. Gierden and Mrs. Camacho attended our morning meetings every day answering any questions we had and addressing any concerns that may have come up from the previous day. Mr. Gierden and Mrs. Camacho were in constant contact with the City of Charleston throughout each day to ensure the process moved along seamlessly.

The City of Charleston has worked with Ashbritt on previous events and this was by far the best partnership we have experienced. The communication and commitment to ensure debris removal was completed as fast as possible so that our city could get back to normal was outstanding.

Should the City of Charleston need assistance in the future we would seek out the help of Ashbritt. The City of Charleston also would like to thank Ashbritt Environmental, Mr. Gierden and all of the other employees who assisted the city during our time of need. Thank you for your dedication, commitment and excellent customer service you provided during this event.

Re: Hurricane Michael Debris Removal

Bay County would like to thank you and your staff for the exceptional job in assisting with the debris removal and cleanup efforts from Hurricane Michael.

Hurricane Michael devastated Bay County and the surrounding areas and has been determined to be the largest local led debris removal operation in history. Your team came onboard immediately following the storm and expedited the setup and operations to remove debris from our roadways to allow for immediate cleanup efforts.

We would like to personally thank Matt Gierden and Bob Hewett for their assistance and sincerely appreciate their support. Matt was instrumental in the setup of operations to begin the debris removal process in our County. Additionally, Bob Hewett, as Project Manager, provided seamless onsite day-to-day management of the debris removal. Bob worked very well with staff and citizens addressing hundreds of calls and requests for debris removal assistance. Their efforts were professional and well organized.

We would like to commend Matt Gierden, Bob Hewett and the Ashbritt Team for their assistance and continued efforts throughout the disaster recovery process. Should Bay County need debris removal support in the future, we would gladly pursue Ashbritt's assistance.

Sincerely,

Joel Schubert

RE: Debris Removal – Hurricane Dorian

Gentlemen:

I just wanted to take a moment to thank you both and all of your crews, equipment operators and laborers for the outstanding assistance they provided with the debris removal from Hurricane Dorian.

Geno did an outstanding job staying in touch with myself and Mr. Hood at all times keeping us updated on daily progress. On the rare occasion he wasn't available by phone he called back within minutes. Geno also did a great job keeping up with the debris from the staging site and making sure it was clean every Friday.

We greatly appreciated your flexibility and your attention to detail. It did not go unnoticed by the residents that we serve.

Both of you were a pleasure to work with, and we hope if needed in the future we will have the ability to work together again.

Sincerely

RE: Town of Meggett, Debris Removal
Hurricane Dorian

Dear Mr. Haynie and Mr. Gierden,

The debris removal in Meggett, SC by AshBritt, Inc. was completed in the time frame promised. Mr. Gierden, Mr. Haynie and their crews were professional and easy to work with through the debris removal process. They were available when contacted and quickly addressed our concerns. Mr. Haynie contacted my office when specific concerns were addressed and to verify our satisfaction for the work performed by their crew.

Additionally, their crews had to work amongst a bridge replacement crew and utility line tree trimming operations. They did so in a professional manner and keep their goal in front of them through, what I am sure were, obstacles created by the extra presence in our town.

Sincerely,

Stephanie Smith

In reference: Debris Removal

Dear Messrs. Gierden and Hernandez,

It is with great pleasure that I send this note of appreciation thanking both of you, your crews, administrators, mechanics, and all involved at AshBritt who made it possible to provide the support and assistance afforded Charleston County for debris removal on Sullivan's Island following Hurricane Dorian.

As noted, Sullivan's Island is a small littoral municipality that funds its services on ad valorem property taxes. Additionally, Sullivan's Island is a community where residents take great pride in the appearance of their property. Once FEMA made the declaration to assist municipalities with the debris cleanup there was great interest in restoring the Island to its pre-storm order. To that end the Town is very thankful for your quick response to remove the debris and to do so quickly, efficiently and without disturbance to the right-of-way.

Following declaration, I was in daily communication with Joe Neris who was very responsive to all of my requests for assistance. The work was done as explained and on time. The Ashbritt team was a pleasure to work with during a very stressful time following this natural disaster.

Once again, thank you for the outstanding effort on Sullivan's Island.

With kind regards, I am

Very truly yours,

RE: Debris removal - Hurricane Dorian

Gentlemen:

I just wanted to take a minute to thank both of you and all of your crews, administrators, mechanics, and everyone involved at AshBritt who made it possible for you to provide the support and assistance that was afforded Charleston County, specifically St. Andrews Public Service District, following Hurricane Dorian.

As I personally shared with each of you, SAPSD is a very small, frugal, and cost effective government servicing approximately 22,000 residents West of the Ashley. Our sole revenue source is property taxes. Period. As a result, we must be very financially responsible, which is why we requested minimal assistance from AshBritt until President Trump/FEMA made the declaration to assist municipalities with the debris cleanup.

I appreciate your flexibility in working with us prior to the declaration in a manner that was best for our residents in the interest of cost. I am also very thankful for your quick response when assistance was needed with the extremely large trees and of course, clearing the area on North Westchester daily.

Following declaration, I was in daily communication with Gino and he was very responsive to all of my requests for assistance, including several idiosyncrasies within the district. Matt, you and Gino were a pleasure to work with during a very stressful time following this natural disaster.

Again, thank you for all you have done and hopefully will continue to do as long as you are here in Charleston County helping us keep West Ashley clean!!

Sincerely,

St. Andrews Public Service District

Christie Holderness

CEO/District Manager

AshBritt Environmental
Mr. Matt Gierden, Vice President
Mr. Joe Nerris, Project Manager

Subject: Debris Removal- Hurricane Dorian

To Whom It May Concern,

Please extend my sincere and personal appreciation to everyone involved at AshBritt Environmental who made it possible for you to provide the outstanding service with debris removal following Hurricane Dorian's aftermath.

Dorian skimmed the South Carolina coast on September 4th and 5th 2019. As part of Charleston County's emergency debris removal contract, Matt Gierden of AshBritt Environmental was in contact with Town officials on September 6th and was staging debris removal equipment on September 7th. Initial coordination took place between the Town and Matt, who then assigned Joe Neris as the Project Manager for the area east of the Cooper River.

Joe seamlessly integrated AshBritt's resources into the Town's debris removal efforts. He is a true professional who provided sound advice, based on his years of experience with natural disasters.

Joe attended a daily coordination meeting with Town staff where we synchronized the efforts of Town Waste Management Division crews and the crews provided by AshBritt. We divided the Town into sectors and cleared debris by neighborhood, ensuring debris was removed in an efficient and timely manner.

Joe also supervised the temporary Debris Management Site that the Town established for the town/county's debris removal efforts. This site was incredibly efficient and processed 103,805 Cubic Yards of Debris while keeping the facility clean and orderly.

This has been our second opportunity to work with Matt and Joe, the first one being after Hurricane Mathew in 2016. We could not have asked for a more professional team to work with as we tried to put the Town of Mount Pleasant back together after the storms.

Should we need debris removal support in the future, I would actively seek AshBritt Environmental's support and request Matt Gierden and Joe Neris to work with. Their actions exemplify dedication and commitment to excellent customer Service.

Many thanks for a job well done.

If you have any questions, you can contact me at (843) 849-2022 or by email at jpeelee@tompssc.com.

Sincerely,

Jody Peele
Director, Public Services Department
Town of Mount Pleasant, SC

October 8, 2020

To Whom It May Concern:

The Board of County Commissioners approved AshBritt, Inc. (AshBritt), to provide disaster debris management and removal services for the 2017 hurricane season. AshBritt Inc. has been providing debris removal services for Collier County since the early 2000's. AshBritt has conducted 3 disaster debris removal projects for the County beginning with Hurricane Wilma. AshBritt has removed and managed over 4,500,000 cubic yards of disaster debris for the County. Since then, AshBritt has participated in numerous training and planning sessions with the County and is regularly engaged in the business of providing disaster debris removal services.

For the activation of Hurricane Irma in 2017, AshBritt provided exceptional and professional post-disaster debris collection, removal, and disposal services. AshBritt was able to provide immediate preemptive services that facilitated the overall success of the debris mission with no additional cost to the County. The county was divided into 58 work zones. Once activated, AshBritt quickly began with emergency road clearing services, which included 45 wheel loaders and over 100 chainsaw men. Following the road clearing, AshBritt began debris removal operations, over 40 tree crews removed more than 1,300 hazardous trees and over 22,000 hazardous limbs. Additionally, AshBritt included 128 generators, 352 chemical toilets, 2 shower facilities, 75 vacuum trucks, traffic signal inspections, fuel delivery, over 10,000 meals, temporary fencing, and raw sewage collection from overflowing manholes and lift stations.

With the tireless effort of the AshBritt's team, the county's six temporary debris staging sites and five residential storm debris drop-off locations were reviewed and surveyed. A complete restoration of all eleven sites was done in a timely manner. Debris was collected and disposed was in full compliance with FEMA rules and regulations, qualifying Collier County for maximum reimbursement of federal and state emergency funds. The County received 50 million dollars in reimbursements for the hurricane debris mission.

Administration • 3339 Tamiami Trail East, Suite 301 • Naples, Florida 34112-5361 • 239-252-2540 • FAX 239-252-6474

The collection and monitoring of approximately 3.6 million cubic yards from Hurricane Irma-generated debris was completed in 3 months, with the debris staging sites cleared shortly thereafter. AshBritt provided an excellent FEMA liaison and worked effectively with FEMA representatives, operating within FEMA's guidelines to optimize the county's eligibility for reimbursement. AshBritt's contract pricing included stumps, collection, processing, and disposal. Hurricane Irma's debris recovery cost was estimated at \$64 million dollars.

AshBritt also provided exceptional and professional debris collection and removal services following Tropical Storm Fay in 2008, collecting and disposing of an estimated 20,000 cubic yards of debris at an estimated cost of \$403,500. In 2005, post Hurricane Wilma, Ashbritt provide debris collection, processing and disposal services collecting over 1 million cubic yards of debris, receiving reimbursements of \$24 million from FEMA and the State of Florida, with only \$1,000 disallowed due to rounding errors.

AshBritt was deployed in response to a severe wind storm that hit Collier County during the pre-dawn hours on January 17, 2016. AshBritt had skillful staff quickly mobilized for debris collection and removal, collecting and disposing of an estimated 44,032 cubic yards of debris at an estimated cost of \$465,152 proving they can handle both major and minor storm events.

The AshBritt Environmental Team is one of the best debris recovery businesses in the industry. Having 29 years in public service, I can vow for their ability to resource any emergency event and ensure that FEMA guidelines are strictly adhered to. Both the FEMA Administration and the State of Florida have recognized Collier County Government as one of the best debris management teams' thanks in great part to our contractor, AshBritt Environmental Inc.

Respectfully,

Daniel R. Rodriguez, M.B.A., CFM
Public Utilities Deputy Department Head
Cell: (239) 253-0866

July 23, 2020

Dear Mr. Gierden,

On behalf of the Public Utilities Department's Solid and Hazardous Waste Management Division, I would like to thank you for your time and presentation on Wednesday, July 22, 2020. Your understanding of debris management and post-disaster cleanup is invaluable. The experience and expertise you shared demonstrated a valued and clear understanding of how to step into action during a catastrophe.

Your presentation was thorough and, well put together. With your guidance and ability to quickly offer solutions to ensure the County's fiscal responsibility to achieve maximum FEMA reimbursement was evident. Collaboration with the debris monitoring team, Tetra Tech, demonstrates you share the County's values and have the County's best interest in the forefront.

I understand from the Irma experience the County values Ashbritt as a reliable and trustworthy resource. It is because of people like you and your team that Collier County safely and swiftly offer relief to the county constituents, maintaining Collier County the best place to live, work, and play.

Respectfully,

A handwritten signature in black ink that reads "Kari Hodgson".

Customer Relations

Subject: Ashbritt, Inc. Emergency Debris Management Services

Palm Beach County was impacted by Hurricane Irma on Sunday, September 10, 2017, which generated approximately 3 million cubic yards of storm debris to be collected, reduced and transported to a final disposal (recycling) destination.

The Solid Waste Authority of Palm Beach County (SWA) is the agency responsible for the cleanup of storm debris impacting the County. Ashbritt, Inc. played a key role removing, processing and transporting eligible storm debris material to a final destination in a very safe and timely manner. They also operated temporary debris disposal sites in a safe and efficient manner.

Ashbritt, Inc.'s constant communication before, during and after Hurricane Irma provided a true sense of confidence in the task before us. They are a proven and experienced disaster response team that will exceed a customer's expectations at every turn. Ashbritt, Inc. always provides a very high quality team of managers that communicate and organize an outstanding cleanup effort.

The Ashbritt, Inc. team are also well aware of all FEMA eligibility requirements, responding immediately to any and all challenges presented during a natural disaster,

It is truly a pleasure working with the Ashbritt, Inc. team and I can assure you this company will not disappoint.

You may feel free to contact me at 561-697-2700, ext 4725 if you require any further information.

Deerfield Beach, Florida 33441

Re: Letter of Recommendation

Dear Ralph,

I want to take this opportunity to thank you and all those involved with Ash Britt Environmental for the fantastic job done cleaning up our City as a result of Hurricane Matthew.

Prior to the storms arrival on Friday October 7, 2016, you maintained contact with me to let me know you were closely monitoring Matthew's storm track and that Ash Britt Environmental was ready and prepared to assist our City when called upon. As it became evident that Holly Hill was in the direct path of the storm, our contract with you was activated and true to your word you arrived the next day.

Beginning with the 72 hour push and continuing right on through until the last limb was picked up, Ash Britt Environmental was on the job every single day. For more than 3 months, working 7 days a week sun up to sun down, your crews worked diligently removing debris expeditiously and efficiently. The debris was hauled to our Debris Management Site (DMS) where it was ground and chipped to be hauled to its final resting place. I especially want to thank Mr. John Nobile Sr. for his efforts overseeing the DMS operations and his coordination with City Staff working to clean our City.

I greatly appreciate the hard work and dedication of Ash Britt Environmental assisting in our recovery from Hurricane Matthew and would not hesitate to utilize your services again if necessary. Thanks again for everything you do!

Sincerely,

Mark T. Juliano, PWLF

Mr. John Noble
Ashbritt Environmental Inc.
565 East Hillsboro Blvd.
Deerfield Beach, FL 33441

Dear Mr. Noble:

I am writing to express my appreciation for the performance of the entire team from Ashbritt in the marine debris removal operations for Hurricane Matthew. As our marine debris removal firm the level of support and professional performance provided has been outstanding. My direct points of contact with your firm were Project managers Dan Strode at the beginning and Blake Riley. Both supported the County in an outstanding manner. They are both professional in all respects and helped to establish a high standard for compliance. On a personal level, Blake was extremely responsive to answer any questions and provide the assistance I required. As the Debris Manager I am not exaggerating when I state that without his diligence, knowledge, and ability to gain the cooperation within the team we would not have been as effective. I am sure you are aware of the challenges presented in just dealing with 6-8 foot tide changes every 6 hours. All observers of our operation remarked that "Beaufort County had their operation together". Blake played a huge part in making that happen.

Providing Ralph Dahlgren to assist with the process allowed the County to get a jump on a difficult task. Ralph provided essential high level technical support and coordination for the debris removal operation. His experience and knowledge enabled the entire team to work seamlessly. His professionalism, personality and ability to communicate with our citizens kept things moving smoothly. Ralph handled the most difficult situations with ease which I sincerely appreciated. His ability "To Make the Noise Stop" was exceptional. I would also be remiss if I did not mention your safety officer Brett Postelli who did an outstanding job in all respects.

Bottom line, Ashbritt did an exceptional job and I am thankful for each member of your team. You completed a very difficult project with superlative results and continue to provide us with excellent customer service. I am forwarding a copy of this letter to our Administration and Purchasing Department for future reference.

Re: Mr. Chris Holsinger

Dear Mr. Perkins:

As you know, the Town of Sewall's Point recently utilized the services of AshBritt Environmental for the cleanup of our town following Hurricane Matthew. We are very grateful for the services performed by your company, but particularly appreciate of the guidance and expertise we received from Mr. Chris Holsinger.

Having served in various executive capacities in local and regional government agencies for many years, I have had the opportunity to work with many knowledgeable professionals in a wide variety of capacities. Mr. Holsinger's expertise and proficiency, however, were notably remarkable. In every conversation with Chris, with every problem or concern that arose, Chris had the solution. And not only did he know the answer, he could quote the section and verse of the code that supported his position.

In the pitfall-laden world of FEMA reimbursement, having a person with the knowledge and expertise of Chris Holsinger was immeasurably reassuring. I could not let the opportunity pass to commend you for providing such outstanding service to the Town of Sewall's Point, and to congratulate you on having a consummate professional in the person of Chris Holsinger representing your company during the challenging times of disaster recovery.

Very truly yours,

Pamela Mac'Kie Walker
Town Manager

Deerfield Beach, Florida 33441

Subject: AshBritt's Past Performance Providing Disaster Debris Management to the South Carolina Department of Transportation

To Whom It May Concern:

In October of 2016, Hurricane Matthew brought high winds and heavy rainfall to South Carolina. The effects of this hurricane resulted in flooding and wind damage resulting in many downed trees; breached dams; and rivers that burst their banks washing away roads, bridges, and flooding homes. As a result, the South Carolina Department of Transportation (SCDOT) activated AshBritt's pre-positioned contract for Disaster Recovery Assistance to provide debris management services to Dillon, Dorchester, and Marlboro counties.

AshBritt quickly mobilized and began debris management operations. The project team was accessible, responsive, knowledgeable, and professionally implemented a recovery plan. The AshBritt team has been flexible and able to address evolving project plans, and successfully executed the scope of work in each assigned county.

We appreciate AshBritt's continued support with post-event clean-up and are pleased to have them as a part of our disaster response and recovery team. Please feel free to use this letter as a positive recommendation attesting to AshBritt's ability to successfully provide disaster debris management services.

Sincerely,

David B. Cook, PE
State Maintenance Engineer

AN EQUAL OPPORTUNITY
AFFIRMATIVE ACTION EMPLOYER

February 24, 2017

Dear Sir/ Madam,

I am writing this letter to recommend the services of AshBritt. During this past hurricane season we were hit by Hurricane Matthew. It had a serious impact on our community and brought significant damage to the City.

From the beginning, AshBritt was knowledgeable and helpful with many aspects of reimbursement through FEMA. Specifically, Dow Knight made sure we were on the path to have things done right the first time. He assisted greatly in the finalization of our contract and worked tirelessly to get the ball rolling.

AshBritt sent professionals to work in our community. They were adamant about being notified of any concerns and never complained when we sent more work their way. Project managers were diligent about checking in and keeping us up to date with progress. AshBritt fulfilled each detail of their contract and went above and beyond with their service. If you need a disaster professional, then I would highly recommend them to you.

Best Regards,

Matthew E. Saxon

March 30, 2017

Mr. John Noble
AshBritt Inc.
565 E. Hillsboro Boulevard
Deerfield Beach, FL 33441

Dear Mr. Noble,

On October 11, 2016 Chatham County issued your Notice to Proceed to remove debris as a result of Hurricane Matthew. Your company deployed resources immediately and when all was said and done, AshBritt collected and processed more than 1.6M cubic yards of vegetative debris over a 130 day period. The volume of debris from this storm far exceeded our expectations.

Chatham County was extremely pleased with the response from AshBritt. Project Manager Dow Knight was always professional, thorough, organized and responsive. As you know, demands and expectations from the public are high during difficult situations. Under immense pressure AshBritt remained respectful and steadfast from beginning to end.

On behalf of Chatham County, I thank you for the work AshBritt performed for our citizenry and I appreciate the significant amount of work it took to complete this project.

Sincerely,

Robert W. Drewry

Ash Britt

Re: Gratitude and Thanks

Ash Britt:

I am writing this letter to express my gratitude. Now that this experience is all but behind us, I have had a moment to reflect back at the work that you (Dow Knight) and Ash Britt have accomplished. I truly believe that Chatham County fared well due to you and the Ash Britt's teams extraordinary efforts. I know that it is truly a team effort. After seeing you and your crew in action it is easy to understand why you are regarded with such high standards. You have a way of working with everyone from the guys in the field all of the way up the department heads and even the commissioners when called upon.

It is evident that you are a seasoned vet and very knowledgeable within your area of expertise. It has been a pleasure working with you and Ash Britt. Although I hope that the County doesn't have to go through this again, I know that as long as Ash Britt and you are onboard the County will have nothing less than expedient first class service.

Thanks for all that you did for Chatham County and good luck with all of your endeavors.

Sincerely,

Marc Ginsberg

RE: Recommendation – AshBritt Environmental, Inc.

AshBritt Environmental, Inc.
565 East Hillsboro Blvd. Deerfield Beach, FL 33441
Re: Hurricane Matthew 2016 - 2017

I would be remiss if we did not take the time to commend your company and express how grateful and appreciative we are of the amazing operation your company ran here during Hurricane Matthew from October 2016 – January 2017

Ash Britt provided outstanding service during a time of urgency for our county after it was impacted by Hurricane Matthew. AshBritt Environmental worked quickly and efficiently to remove debris on the Right of Way, as well as worked diligently and carefully during a beach clean-up mission from the storm. AshBritt Environmental helped St. Johns County provide the most efficient and expeditious debris removal services to its residents.

Your assistance in our time of need meant a great deal not only to our Department but to our community as well. The clean-up efforts were overwhelming yet the competency, structure and organizational skills displayed by Ash Britt were excellent and helped our county return to its normal state as quickly as possible.

Sincerely,

Company Name: ASHBRIIT, INC.

Comments:

The Board of County Commissioners approved AshBritt, Inc. (AshBritt) as our primary contractor to provide disaster debris management and removal services for the 2016 hurricane season. AshBritt has been under contract with Collier County for eleven years.

Following Hurricane Wilma in 2005, AshBritt provided exceptional and professional post-disaster debris collection, monitoring, and disposal services. The county was divided into 58 work zones. Debris was collected and disposed of in full compliance with FEMA rules and regulations, qualifying Collier County for maximum reimbursement of federal and state emergency funds. The county's four temporary debris staging sites were reviewed and surveyed. A complete restoration of all four sites was done in a timely manner.

The collection and monitoring of approximately 1 million cubic yards of Hurricane Wilma-generated debris was completed in 45 days, with the debris staging sites cleared shortly thereafter. AshBritt provided an excellent FEMA liaison and worked effectively with FEMA representatives, operating within FEMA's guidelines to optimize the county's eligibility for reimbursement. AshBritt's cradle-to-grave contract price included stumps, collection, processing, and disposal. Following the project's final audit, Collier County received a reimbursement of \$24 million, with only \$1,000 ineligible.

AshBritt also provided exceptional and professional debris collection and removal services following Tropical Storm Fay in 2008, collecting and disposing of an estimated 20,000 cubic yards of debris at an estimated cost of \$403,571.

Solid and Hazardous Waste Management Division • 3339 Tamiami Trail East, Suite 302 • Naples, Florida 34112-5361 • 239-252-2508 • FAX 239-774-9222

AshBritt was deployed on January 17, 2016 for a severe wind storm event that unexpectedly hit Collier County during the pre-dawn hours of that day. AshBritt was outstanding and had skillful staffing quickly mobilizing the debris collection and removal, collecting and disposing of an estimated 25,000 cubic yards of debris at an estimated cost of \$450,000.

October 6, 2014

Mr. Matt Gierden, Vice President
AshBritt, Inc
565 East Hillsboro Blvd.
Deerfield Beach, FL 33441

RE: Winter Storm PAX 2014

Dear Mr. Gierden,

On behalf of Colleton County, I extend our thank you and appreciation for the services provided by AshBritt, Inc amidst our time of emergency during the Winter Storm PAX which occurred in February 2014. In addition to the immediate disaster relief, I thank you for the continued clean-up efforts and coordination that took place over the following weeks.

It has been a long time since the County has experienced a natural disaster of this magnitude. Most of the personnel in leadership roles that were present during the last disaster are no longer with the County. Needless to say, there was a steep learning curve for us current County employees tasked with leading the relief efforts. I am most grateful and appreciative how AshBritt came along side our staff with support and direction, helping us navigate the detailed FEMA procedures required in order to later seek potential federal aid reimbursements for our clean-up efforts.

In addition to the debris management services, I am thankful for the coordination effort extended by AshBritt as we worked through payment. Colleton County is a large rural county with a small operating budget. The disaster and clean-up efforts from Winter Storm PAX were not a planned expenditure. AshBritt worked with the County as we sought federal reimbursement and reallocated funds from the operating budget to cover the incurred expenses.

In all, we are pleased with the excellent services provided and are confident we can rely on AshBritt in the wake of any future disaster.

Sincerely,

Jared Fralix

Re: Winter Storm PAX 2014

Dear Mr. Gierden:

Georgetown County would be remiss if we did not take the time to commend your company and express how grateful and appreciative we are of the amazing operation your company ran here during Winter Storm PAX in February 2014.

AshBritt provided outstanding service during a time of urgency for our county after it was impacted by damaging snow and ice. AshBritt worked quickly and efficiently to remove broken limbs and roadside debris, as well as worked diligently and carefully at cutting dangerous limbs left in trees from the storm. AshBritt helped us ensure and provide the most efficient and expeditious debris removal services to Georgetown County and its residents. Your assistance in our time of need meant a great deal not only to our Department but to our community as well. The clean-up efforts were overwhelming yet the competency, structure and organizational skills displayed by AshBritt were excellent and helped our county return to its normal state as quickly as possible.

Beyond Winter Storm PAX, AshBritt has provided excellent training services to us in the past and I feel confident that we can rely on AshBritt in the future. Thank you again for all of your support and efforts to keep our county safe.

Sincerely,
