Mr. Charles Simon, Executive Director
Mr. David Clay, Board President
PCDC Board Of Directors

Faith in Action Caregivers Pflugerville (FIACP) welcomes the opportunity to apply for the challenge matching grant. Attached you will find the completed grant application and required attachments.

Since Pflugerville opted out of Capital Metro in the early 2000's, there has been significant gap in transportation services available to seniors. The life span of the "older old" (age 85+) is expected to more than double by 2030. Locally, the older adult population is increasing at an even greater rate. "Being able to go places is key for seniors to remain independent." (Aging Services Council 2006 report) FIACP must be able to respond when older adults outlive their ability to drive.

The City of Pflugerville continues to grow and our senior population is rapidly changing. Faith in Action Caregivers Pflugerville's mission is to keep seniors in their own home and independent as long as possible. By providing reliable transportation and support services, the seniors in Pflugerville will have better access to healthcare/personal business and be able to age in place.

The funding allows FIACP to meet the rising demand for services in Pflugerville. Specifically, it gives FIACP the resources to serve more clients in a more efficient manner.

Thank you for considering our grant proposal.

Sincerely,

A handwritten signature in black ink that reads "Serita Lacasse, LCSW".

PFLUGERVILLE COMMUNITY DEVELOPEMENT CORPORTATION

COMMUNITY DEVELOPMENT CHALLENGE GRANT

Date of Application: March 1, 2011
Organizational Name: Faith in Action Caregivers-Pflugerville
Organizational office address: 16500 Yellow Sage Street, Pflugerville, Texas 78660

Purpose of Organization:

Faith in Action Caregivers Pflugerville (FIACP) provides volunteer-based support services that allow adults at least 60 years old to live independently in the greater Pflugerville area. These free services include transportation, friendly visits, and minor home repairs. Trained volunteers offer personalized transportation to medical appointments and other healthcare settings, grocery stores, personal errands, and neighborhood activities so that the elderly may age in their own community. FIACP transportation is necessary for older adults to access health care services, as well as social events. Services are tailored to clients' needs, including "door through door" transportation for seniors who need the most assistance -- something public transit services do not provide. Just as important are volunteers' friendly visits to keep an eye on the older adults and alleviate isolation which is an important physical and mental health consideration. Volunteers perform small home repairs that elderly clients can no longer manage on their own, again allowing older adults to remain safely in their own homes and live independently. Finally, volunteers provide office support, including information and referral to assist elderly clients and their families in accessing opportunities for senior services.

Project Information:

Pflugerville has seen a tremendous growth of seniors moving into the Pflugerville area. Since 2008, two new senior retirement apartments have been added. These apartments were built for seniors to live in a community together. Many seniors have moved into these apartments and have given up their car keys and must rely on others to take them to all their medical and personal needs. Since 2008, we have had a 55% increase in requests for transportation. Many of these requests are for trips to the grocery store, Walmart and local businesses.

FIACP is a volunteer based organization where one volunteer transports one client to his or her appointment. Over the years, we have seen a need for a van to make weekly grocery and personal business rides more efficient. Pflugerville does not have a current bus system to transport seniors to local businesses. By purchasing and utilizing a van in the City of Pflugerville, FIACP would be able to transport seniors more efficiently and in return have more seniors "Come Home to Shop".

FIACP's van would operate on a regularly scheduled basis. For example, one morning of the week would be to transport seniors on the west side of town to HEB and the afternoon would be to transport seniors on the east side of town. A schedule of available times to visit local businesses would also be sent out to all our clients. In turn, they would call and request a seat on the van to that particular business. By having a set schedule of available times, clients can regularly visit different area businesses and can be reassured that their needs will be met.

Who will participate in the Project?

All current and future clients of FIACP.

What is the timeline for the Proposed Project?

FIACP's goal is to purchase a 12 passenger van within the next six months with final payoff within two years. Once the van is purchased the services will begin immediately.

Where is the Proposed Project Located?

FIACP clients live in the City of Pflugerville or within the ETJ. Several of the businesses served will also be located within the City of Pflugerville and (or) within the ETJ.

How will the proposed Project benefit the Community of Pflugerville?

The Community of Pflugerville will benefit by more seniors "Coming Home to Shop", which would bring more revenue into the retail stores. By streamlining the community rides, the organization will provide more services to more individuals which will help area seniors live longer in their own homes.

What is the estimated cost of the proposed Project?

\$38,000

Will Itemized records of expenses be kept during prosecution of the proposed project?

Yes

Is your organization willing to submit the proposed Project's expense records for audit?

Yes

What Funds for the Proposed Project already exist? Only list sources and amounts of cash pledges

For the van, we will start a capital campaign to fund this in full. FIACP is funded by grant funding and community and individual donations, plus yearly fundraising events. For organization, we have secured the following funds so far this year: St. David's Foundation \$12,000; Pflugerville Rotary \$3000; City of Pflugerville \$20,000. We also receive individual donations and congregational donations during the year for \$20,000. Our annual fundraisers are projected to raise an additional \$16,000.

How much is requested from PCDC? (see award limits in the Challenge Grant Policy?)

\$12,000

Would a grant in amount less than the amount requested be acceptable?

Will be determined by the Board of Directors.

Faith in Action Caregivers Pflugerville
is an interfaith volunteer organization
dedicated to helping senior adults stay independent.

F A I T H

CAREGIVERS

Our Mission

Faith in Action Caregivers follows the national volunteer *Faith in Action* model supported by the Robert Wood Johnson Foundation. Faith in Action Caregivers is dedicated to helping senior adults, many of whom are on limited incomes, by providing essential services at no charge. Through community volunteerism, our older friends and neighbors can maintain an independent lifestyle in their own homes for as long as possible.

Meeting the Needs

Many of the 334 older adults helped by Faith in Action Caregivers in 2009-2010 are physically unable to use the limited public transportation available in the greater Austin Metropolitan area. Others are limited further by restricted incomes. Pflugerville has three independent Senior apartment complexes, with only one having limited transportation services to HEB or Walmart only. The other two complexes provide no assistance with transportation. To help these senior neighbors, Faith in Action Caregivers provides the following services at no charge to the recipient:

- Personalized transportation for medical appointments, grocery shopping, community activities, and personal or business errands
- Grocery and prescription delivery
- Yard work and minor home repairs
- Home visits
- Telephone reassurance calls
- "Loaner" medical equipment for those in need

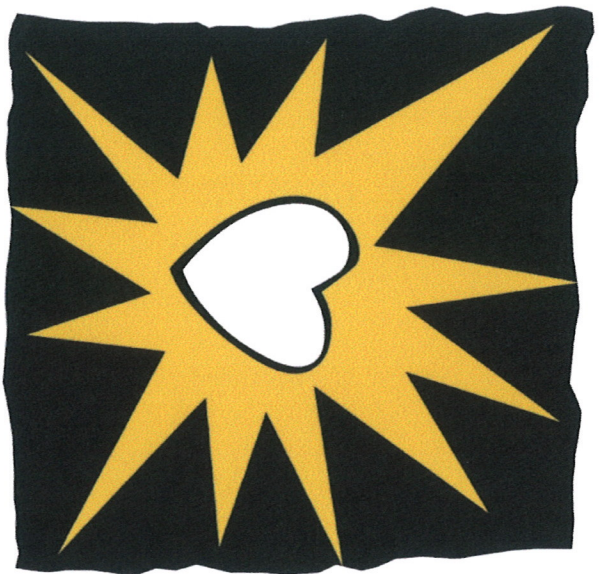

Perhaps as valuable as the services provided by Faith in Action Caregivers is the friendly, caring attitude of the volunteers, providing a chance for often lonely older people to interact with members of their community who care about them.

2009 and 2010 Services

The Services of FIAC-PF in 2009-2010 have exceeded the total services from 2004-2008 in just two years with continued growth expected. The income level of our clients significantly changed to have over 70% of our clients living on a fixed income. Mission

Faith in Action Caregivers-Pflugerville is a coalition and network of congregations, business and community organizations, which offer a wide range of volunteer services to older adults living within its community. Services are designed to enhance the independence and well being of these individuals

History

- Faith in Action Pflugerville Caregivers started as a vision in March 2004. The current Executive Director, Serita Lacasse, was working as a social worker in the Pflugerville area. She noticed that her clients were not able to travel to their doctors or even able to get out of the house. After speaking with an already established Caregivers group in Round Rock, she put together a team to help decide if there was a need in the Pflugerville area for the Caregivers.
- Two founding board members from Round Rock Caregivers, Martha Burchers and Pat Wolfe helped Serita put together a team in the Pflugerville area. Round Rock executive director, Jeannie McCrea introduced Serita to Jeane Brunet who was very interested in getting a Caregiver group in Pflugerville started. They met with the pastors of First United Methodist Church, Immanuel Lutheran Church and St. Elizabeth's Catholic Church who all felt that there was a need for help for the seniors in Pflugerville.
- The original team members consisted of Emmett and Carolyn Eary from FUMC, Becky Boyer, Janelle Hebbe and Sharion Tanner from Immanuel Lutheran, Jeanne Brunet and Paul Kroschewsky from St. Elizabeth's Catholic Church, Johnnye Stringfellow and Lucy DeShay from St. Mary's Baptist Church and at large members, Ken Baumbach and Mike Clowdus. After determining a need and receiving guidance, the coalition team began working on getting the community of Pflugerville excited about Pflugerville Caregivers.
- Round Rock Caregivers referred the team to the Robert Wood Johnson Foundation who helped with start up funds for programs as ours. We became incorporated in June 2004 as Faith in Action Pflugerville Caregivers and received our 501(c)(3) status in September 2004. The Faith in Action-Robert Wood Johnson Foundation grant was applied for to be funded in January if approved. The team had a goal to begin services on November 1, 2004. In order to begin services, we needed some funding to help with the start up costs. We planned and had our 1st Annual Golf Tournament in October 2004. This tournament was well attended and we were able to make enough funds to open our doors on November 1, 2004 and begin providing services. We received the Robert Wood Johnson Foundation Grant in January 2005.
- Heatherwilde Retirement Park Apartments was approached as providing an in kind office space. They graciously offered us office space to use, where we are today.
- In 2007, the Advisory council was formed to help Faith in Action Caregivers-Pflugerville connect with the business community to gain support.
- March 30, 2008- Faith in Action Caregivers-Pflugerville was named Small Business of the Year by the Pflugerville Chamber of Commerce.
- January 2010- Faith in Action Caregivers- Pflugerville Executive Director joined the Board of Directors of Pflugerville Chamber of Commerce

Senior Transportation Facts

- Seniors in Pflugerville have few options in way of transportation. When a senior stops driving but continues to live independently, he or she then typically turns to public transportation or to local family and friends as a means of going from place to place.
- When the voters of Pflugerville opted out of Capital metro's bus service, seniors felt the blow. Special Transit Service (STS), the division of Capital Metro that serves disabled people, is suppose to provide transportation in Pflugerville. However, they are asking our seniors to get to the bus pick up station at Howard Lane and often very difficult to access services. Carts (Capital Area Rural Transportation System) only provides services on a routine schedule base which makes it difficult to work around doctors appointments. Many of our seniors travel to the doctors in Round Rock and Carts only travels to Round Rock on Thursdays. Taxi Cabs fees are often beyond the means of the seniors in Pflugerville. The cost to go from Pflugerville to North Austin Medical Center is \$50 round trip.
- The City of Pflugerville continues to grow and our senior population is rapidly changing. In 2007-2008, Pflugerville will have two additional independent senior apartments which will increase our client service needs greatly.
- 2010 continues to see a increase record number of ride requests. We have had doubled our rides given in 2008 to 2009.
