

Approving the selection of Kimley-Horn for professional engineering services associated with the Wilbarger Creek Wastewater Interceptor and authorizing City Manager to enter into negotiations regarding a scope of work and fee proposal.

Background

- The adopted Wastewater Master Plan includes the Wilbarger Creek Wastewater Interceptor (Project 8) to be constructed to convey flow to the Wilbarger Creek RWWTF by the end of 2024.
- This project will relieve the Central WWTP and lift stations in the Wilbarger Basin.
- In February 2020, City Council approved the selection of CP&Y to perform Owner's Representative services for this project.

Overview

- The City issued a Request for Qualifications (RFQs) for consulting engineering services on June 24th.
- The City received eleven (11) Statements of Qualifications (SOQs) from interested firms on July 29th.
- A Selection Committee made up of City Staff reviewed and scored the SOQs based on the RFQ scoring criteria.
- The top four (4) firms based on the SOQ scoring were interviewed by the Selection Committee on September 1st.

Scoring Summary

	Jones & Carter	Kimley-Horn	K Friese	Halff Associates	KSA Services	Freese & Nichols	Pacheco Koch	SWG Engineering	Huitt-Zollars	Black & Veatch	DCS Engineering
