EXHIBIT A

City Services

The City of Pflugerville will provide onsite office space for Owner's Representative.

Exhibit B

Scope of Services

Preconstruction Phase Services

- Analysis of the work breakdown structure to define the project's elements for the master budget and schedule.
- Review of the master budget and schedule based on preliminary and design development phase deliverables by Vitetta Group, Inc.
- Development of project specific administrative guidelines for a document control system that will provide a complete record of project related documents and also define any necessary work flows for the project team's administration of the remaining phases of the project.
- Review preliminary and design development deliverables by Vitetta
- Review preliminary and design development cost estimates deliverables by Vitetta
- Perform constructability reviews of the 60% and 90% deliverables by Vitetta Group, Inc.
- Confirmation of the master budget and schedule based on the constructability reviews of the 60% and 90% deliverables by Vitetta Group, Inc.
- Review and verification of estimated cost of construction
- Bid/Award Phase: Development of the Contractor procurement process.
- Bid/Award Phase: Conduct or support COP in the preconstruction conference, including creating agenda and providing necessary Addenda
- Bid/Award Phase: Review, evaluate and recommend the Contractor.

Construction Phase Services

- Conduct the preconstruction conference and prepare and issue appropriately detailed meeting minutes.
- Develop and prepare monthly reports for COP.
- Conduct monthly or as-necessary progress meetings and prepare and issue appropriately detailed meeting minutes.
- Issue correspondence to contractor as appropriate (and to others, as appropriate, in advancing construction).

- Provide Resident Project Representative to:
 - Observe/inspect construction operations for conformance to the drawings and specifications (on-site presence when contractor is working).
 - Log in, distribute and track construction administration related documents: submittals, RFIs, supplemental instructions, shop drawings, correspondence, photographs, Quality Control Test results, change documentation, etc. using approved document control system.
 - o Prepare and distribute daily field reports
 - Coordinate with COP Library Operations Staff on a daily basis.
 - Monitor construction schedule on a daily basis.
 - Monitor contractor's staffing on a daily basis.
 - Monitor contractor's safety practices on a daily basis.
 - Evaluating contractor's requests for payment.
 - Provide written interpretation, clarification and recommendations pertaining to change order requests. Assist in preparation and negotiation of change orders and supplemental agreements during construction.
- Perform final acceptance inspections and assist in administering the completion and closeout process.
- Assist, as needed, in addressing and resolving claims brought by the Owner or Contractor.
- Administer the post-construction warranty phase, tracking any issues as necessary and coordinate Vitetta and Contractor involvement as needed.

Deliverables

- 60% Constructability Review Report
- 90% Constructability Review Report
- Administrative Guidelines
- Monthly Reports
- Upon project completion, all project files, documents and reports generated by participating parties

EXHIBIT C

Work Schedule

Owner's Representative services will be performed in conjunction with the Architect's design services and the contractor's construction services for the Library Expansion project.
