The proposed PUD is intended to establish an opportunity for a mix of residential and limited commercial uses in a compact, walkable environment.

A TIA will be required with the first plat submitted as required and approval will be needed from TxDOT for W. Pecan St., providing access to the site.

The development has a potential of establishing up to 1,250 residential units which requires a dedication of at least 16.005 acres of park land or pay a fee in lieu of in the amount of \$697,177.80 and with additional fees known as Park Development Fee in the amount of \$663,500. There will be occupancy limitations before Certificate of Occupancies are issued for Blocks 4, 5, 8, and 9 that requires the civic space improvements to be complete and a license agreement in place.

The Comprehensive Land Use Plan identifies this area as a mixed use with neighborhood and community centers.

Staff recommends approval of the zoning request.
