DEVELOPMENT SERVICES | pflugervilletx.gov/development

FEE DESCRIPTION	FEE
d. \$1,000,001.00 and over in value	\$2,004.00 for the first \$1,000,000.00 in value +\$1.14 for each additional \$1,000.00 in value
9. Fire Plan Review ¹³	\$0.05 per Sq/Ft
Q. Miscellaneous Permit, Inspection, and Occupancy Fees	
1. Temporary Noise Permit	\$50.00 per Application
2. Health Inspections	Please see the City of Austin fee schedule for current rates.
3. Commencing Work without Required Permit	Additional fee to equal the cost of the applicable permit.
4. Improperly Requested/Missed Inspection ¹⁴	\$200.00 per Inspection
5. Occupancy without Certificate of Occupancy ¹⁵	\$100.00 per Day of unauthorized occupancy
R. Appeals	\$50.00 per Requirement, decision, or determination appealed (minimum of \$200.00)

¹ A \$15.00 Technology Fee will be charged per application or permit in addition to the fees listed.

² May require additional legal and recordation fees.

³ A zoning verification letter officially identifies a property's applicable zoning district and determines whether a specific land use is permitted in the subject zoning district. If more specific information regarding the property is needed, an open records request may be submitted.

⁴ For applications that require more than three (3) review cycles by staff to ensure compliance with all applicable development regulations, the fourth (4th) review cycle shall require additional review fees in accordance with the Unified Development Code (UDC).

⁵ Fee structure based on how many lots are affected by the revision.

⁶ The initial \$500 Application Submittal fee is credited toward the Plan Approval fee.

⁷ Includes Minor Plat, Amending Plat & Replat.

⁸ Applicant shall be responsible for any surveys and / or recordation fees per County's Recordation Fee Schedule.

⁹ A site development/construction plan application for the development of amenities within a public park is exempt from review fees.

¹⁰ Expansion of existing sites, fee based on additional impervious cover.

¹¹ In accordance with International Existing Building Code: Level 1 alterations include the removal and replacement or the covering of existing materials, elements, equipment, or fixtures using new materials, elements, equipment, or fixtures that serve the same purpose (unless work is exempt by IBC Section 105.2); Level 2 alterations include the reconfiguration of space, the addition or elimination of any door or window, the reconfiguration or extension of any system, or the installation of any additional equipment.; and Level 3 alterations apply where the proposed reconstruction area exceeds 50 percent of the building area.

¹² All Plan Review Fees are to be paid upon the submittal of the documents for plan review. Plan Review Fees are separate from the Permit Fees established above.

¹³ Fee includes subsequent fire inspections for the project.

¹⁴ A fee will be charged for every inspection due but not properly requested or otherwise missed. The fee must be paid to the City of Pflugerville before any further inspections are conducted, and payment of the fee does not result in a waiver of the required inspection. The missed inspection will be conducted after the fee is paid; however, if construction has progressed and the inspection is not possible, the missed inspection will be conducted at any time the work subject to the missed inspection becomes exposed.

¹⁵ In accordance with International Building Code, Section 114.3 or International Residential Code, Section 113.2, any builder or contractor who allows or in any way permits anyone to occupy any building or structure without a certificate of occupancy will be charged for each day of unauthorized occupancy. This fee must be paid to the City of Pflugerville before any further inspections will be conducted or a certificate of occupancy is issued.

PFLUGERVILLE PUBLIC LIBRARY | library.pflugervilletx.gov

1. Biochemical Oxygen Demand (BOD)	\$0.27/lb. greater than 250 mg/L.
2. Chemical Oxygen Demand (COD)	\$0.15/lb. greater than 450 mg/L.
3. Total Suspended Solids (TSS)	\$0.19/lb. greater than 250 mg/L.
4. Total Kjeldahl Nitrogen (TKN)	\$0.65/lb. greater than 50 mg/L.
5. Total Phosphorus (TP)	\$1.95/lb. greater than 8 mg/L.

-
- ¹ The City will charge every retail utility customer of the City water rates that include the Monthly Base Charge and the Volume Charge as set forth in this section.
- ² In the event of a catastrophic water leak by a residential water customer, the City may allow a credit to the customer's bill under the following circumstances. A minimum usage of 40,000 gallons more than the previous month's usage will make the customer eligible for consideration of a credit to the customer's account. The average of the past twelve months of usage will be used as a base for crediting 100% of the excess usage billed (amount of credit will be based on the highest rate per 1,000 gallons). The City would require the customer to submit a written request for a credit with a copy of the bill from a licensed plumber certifying that the leak has been repaired and a copy of a valid City of Pflugerville Building Permit for the repair. The request must detail location and dates of the leak. Customers who have been notified of a leak but have not repaired it within 15 days of notification, will not qualify for the credit. Customers are eligible for only one credit per account location.
- ³ Rates for larger sized meters are subject to separate agreement with the City.
- ⁴ The City will charge every retail utility customer served by the City wastewater rates that include the Monthly Base Charge and the Volume Charge as set forth in this section.
- ⁵ The quantity of wastewater used to calculate the Volume Charge for wastewater will be determined as follows:
- **Residential Customers:** Each March, the City will determine each customer's water usage during the preceding November, December, January, and February and calculate the average of the three (3) lowest water usage months during that period. The average will be used to calculate the customer's Volume Charges until the next March, when the average will be recalculated. For customers that do not receive water service from the City, the quantity of wastewater used to calculate the monthly bill will be determined by calculating the city average usage for residential customers during the preceding November, December, January and February.
 - **Non-Residential Customers:** The City will determine each customer's water usage during the month and that amount will be used to calculate the customer's Volume Charges. For customers that do not receive water service from the City, the quantity of wastewater used to calculate the monthly bill will be determined by calculating the city average usage for residential customers during the preceding November, December, January and February.
- ⁶ Each customer must pay the deposit set forth in this section or replenish the deposit if the City draws upon it, when the customer initially applies for the service or when the customer applies to reinstate service that has been disconnected for nonpayment of a bill. The customer's deposit will be returned in full if the customer's account has not been delinquent for 12 consecutive months. The customer's deposit will be returned, less any outstanding balance, within 30 days from the day the customer's account is closed if the amount due is \$2.00 or more. Construction/Fire Hydrant meter deposits will be returned, less any outstanding balance, upon receipt of meter. If the difference between the amount of the deposit and the outstanding balance is less than \$2.00, the difference will be refunded only at the customer's request. An application for a refund of less than \$2.00 must be made within 90 days after the date the customer's account is closed or the customer forfeits the right to the refund.
