Does any potential conflict of interest exist which may interfere or inhibit you to carry out the duties of a Library Boardmember? Yes No (If Yes, please explain.)

Why are you interested in serving on the Library Board?

Being part of significant change is important to me. Over the last twenty-nine years I have witnessed PCL diligently serve the needs of an exceedingly growing and diverse community.

Do you have any previous board service, leadership, or volunteer experience?

Since 1988 I have been a Friend of PCL, I have served on the board which steered the planning and construction of the current facility, and I have volunteered in various capacities for over twenty years.

What kinds of skills or expertise can you offer?

For the past fourteen years I served as the librarian at Pflugerville Elementary, and I worked as the Library Assistant at Pflugerville High School in the early nineties. I hold a degree in Diagnostic and Remedial Reading in addition to holding a degree in English with a certification in Secondary Education. As a PCL patron for over twenty-five years and having worked in PISD since 1981, I have a sense of what would enhance and enrich our city now and in the future.

How will the organization benefit from your participation?

As a tax payer, I will strive to keep costs at a minimum without compromising the effectiveness of the project at hand. It is essential that all members of the community feel welcome and that they have a say in their library system. To address that need would be my top priority.

What do you expect from us so that your experience is satisfying?

A sense of camaraderie and trust is key to successful goal achievement. We are all in place to serve the patrons of PCL, and it is ever important to remember that they have a large variety of library systems from which to choose.

Please provide any additional information you feel would be useful to the City Council in considering your application. Please use additional sheets as necessary. A cover letter and/or resume may also be submitted with the application.

Although I grew up Dallas, Pflugerville is my home. Serving on the Library Advisory Board I would consider to be a community outreach, as should all city employees. It is a privilege to live and work in such an outstanding community .

By signing this application, I hereby affirm that I am aware of the requirements for the position and certify that I meet those requirements.

Thank you for your consideration,
