

ASPIRE PFLUGERVILLE 2040

A Comprehensive Plan for the Pfuture

April 2022

Placeholder for Adoption Ordinance

ACKNOWLEDGMENTS

This plan would not be possible without the residents of Pflugerville, and the continuous efforts of the elected and appointed officials, the City staff team, Comprehensive Plan Advisory Committee, key stakeholders and the consultant team, who have aspired to move the Pflugerville community pforward and envision all that Pflugerville can become by 2040.

The Aspire Pflugerville 2040 Plan provides direction, vision and an outline to continue to improve our city. Working together, residents, city staff and City Council will use this actionable plan with a commitment and dedicated focus to implementation of the outlined series of steps and recommendations within. Thank you to our residents, staff, consultants and City Council for dedicating the time, holding the public meetings, responding to the surveys, participating in the process and for the visioning that combined to create this plan. I'm eager to see the impacts of this plan as these pages represent who we are and who we aspire to be.

Mayor Victor Gonzales
