Notice, City may terminate this Agreement as of the date provided in the notice, in whole or in part, upon the occurrence of one (1) or more of the following events, each of which shall constitute an Event for Cause under this Agreement:

7.3.1 The sale, transfer, pledge, conveyance or assignment of this Agreement without prior approval, as provided in Article XII. Assignment and Subcontracting.

7.4 *Defaults With Opportunity for Cure.* Should Consultant default in the performance of this Agreement in a manner stated in this section 7.4 below, same shall be considered an event of default. City shall deliver written notice of said default specifying such matter(s) in default. Consultant shall have fifteen (15) calendar days after receipt of the written notice, in accordance with Article VIII. Notice, to cure such default. If Consultant fails to cure the default within such fifteen-day cure period, City shall have the right, without further notice, to terminate this Agreement in whole or in part as City deems appropriate, and to contract with another consultant to complete the work required in this Agreement. City shall also have the right to offset the cost of said new Agreement with a new consultant against Consultant's future or unpaid invoice(s), subject to the duty on the part of City to mitigate its losses to the extent required by law.

Failure by Consultant to submit its claims within said forty-five (45) calendar days shall negate any liability on the part of City and constitute a **Waiver** by Consultant of any and all right or claims to collect monies that Consultant may rightfully be otherwise entitled to for services performed pursuant to this Agreement.

7.8 Upon the effective date of expiration or termination of this Agreement, Consultant shall cease all operations of work being performed by Consultant or any of its subcontractors pursuant to this Agreement.

7.9 *Termination not sole remedy.* In no event shall City's action of terminating this Agreement, whether for cause or otherwise, be deemed an election of City's remedies, nor shall such termination limit, in any way, at law or at equity, City's right to seek damages from or otherwise pursue Consultant for any default hereunder or other action.

In no event shall the indemnification obligation extend beyond the date with when the institution of legal or equitable proceedings for the professional negligence would be barred by any applicable statute of repose or statute of limitations.

10.2 The provisions of this INDEMNITY are solely for the benefit of the Parties hereto and not intended to create or grant any rights, contractual or otherwise, to any other person or entity. 10.3 Duty to Defend – Consultant covenants and agrees to hold a DUTY TO DEFEND the CITY and the elected officials, employees, officers, directors, volunteers and representatives of the CITY, individually and collectively, from and against any and all claims, liens, proceedings, actions or causes of action, other than claims based wholly or partly on the negligence of, fault of, or breach of contract by the CITY, the CITY'S agent, the CITY'S employee or other entity, excluding the CONSULTANT or the CONSULTANT'S agent, employee or sub-consultant, over which the CITY exercises control. CONSULTANT is required under this provision and fully satisfies this provision by naming the CITY and those representatives listed above as additional insured under the CONSULTANT'S general liability insurance policy and providing any defense provided by the policy upon demand by CITY.

10.4 CONSULTANT is required to perform services to the City under the standard of care provided for in Texas Local Government Code § 271.904 (d)(1-2).

10.5 Employee Litigation – In any and all claims against any Party indemnified hereunder by any employee of CONSULTANT, any subcontractor, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, the indemnification obligation herein provided shall not be limited in any way by any limitation on the amount or type of damages, compensation or benefits payable by or for CONSULTANT or any subcontractor under worker's compensation or other employee benefit acts.

10.6 Force Majeure - City agrees that the CONSULTANT is not responsible for damages arising from any circumstances such as strikes or other labor disputes; severe weather disruptions, natural disasters, fire or other acts of God; riots, war or other emergencies; or failure of any third party governmental agency to act in timely manner not caused or contributed to by CONSULTANT.

XI. ASSIGNMENT AND SUBCONTRACTING

11.1 Consultant shall supply qualified personnel as may be necessary to complete the work to be performed under this Agreement. Persons retained to perform work pursuant to this

11.2 It is City's understanding and this Agreement is made in reliance thereon, that Consultant intends to use the following subcontractors in the performance of this Agreement: Pros Consulting and Halff Associates. Any deviation from this subcontractor list, whether in the form of deletions, additions or substitutions shall be approved by City prior to the provision of any services by said subcontractor.

11.3 Any work or services approved for subcontracting hereunder shall be subcontracted only by written contract and, unless specific waiver is granted in writing by the City, shall be subject by its terms to each and every provision of this Agreement. Compliance by subcontractors with this Agreement shall be the responsibility of Consultant. City shall in no event be obligated to any third party, including any subcontractor of Consultant, for performance of services or payment of fees. Any references in this Agreement to an assignee, transferee, or subcontractor, indicate only such an entity as has been approved by the City.

11.4 Except as otherwise stated herein, Consultant may not sell, assign, pledge, transfer or convey any interest in this Agreement, nor delegate the performance of any duties hereunder, by transfer, by subcontracting or any other means, without the consent of the City. As a condition of such consent, if such consent is granted, Consultant shall remain liable for completion of the services outlined in this Agreement in the event of default by the successor Consultant, assignee, transferee or subcontractor.

Termination, notwithstanding any other remedy available to City under this Agreement. XII. INDEPENDENT CONTRACTOR

Consultant covenants and agrees that he or she is an independent contractor and not an officer, agent, servant or employee of City; that Consultant shall have exclusive control of and exclusive right to control the details of the work performed hereunder and all persons performing same, and shall be responsible for the acts and omissions of its officers, agents, employees, contractors, subcontractors and consultants; that the doctrine of respondent superior shall not apply as between City and Consultant, its officers, agents, employees, contractors, subcontractors and consultants, and nothing herein shall be construed as creating the relationship of employer-employee, principal-agent, partners or joint venturers between City and Consultant. XIII. CONFLICT OF INTEREST

13.1 Consultant acknowledges that it is informed that the Charter of the City of Pflugerville and its Ethics Code prohibit a City officer or employee, as those terms are defined in Section 11.06 of the Ethics Code, from having a financial interest in any contract with the City or any City agency such as city owned utilities. An officer or employee has a “prohibited financial interest” in a contract with the City or in the sale to the City of land, materials, supplies or service, if any of the following individual(s) or entities is a Party to the contract or sale: a City officer or employee; his parent, child or spouse; a business entity in which the officer or employee, or his parent, child or spouse owns ten (10) percent or more of the voting stock or shares of the business entity, or ten (10) percent or more of the fair market value of the business entity; a business entity in which any individual or entity above listed is a subcontractor on a City contract, a partner or a parent or subsidiary business entity.

13.2 Pursuant to the subsection above, Consultant warrants and certifies, and this Agreement is made in reliance thereon, that it, its officers, employees and agents are neither officers nor employees of the City. Consultant further warrants and certifies that it will comply with the City’s Ethics Code.

13.3 Certificate of Interested Parties (TEC Form 1295). For contracts needing City Council approval, or any subsequent changes thereto requiring City Council approval, the City may not accept or enter into a contract until it has received from the Consultant a completed, signed, and notarized TEC Form 1295 complete with a certificate number assigned by the Texas Ethics Commission (“TEC”), pursuant to Texas Government Code § 2252.908 and the rules promulgated thereunder by the TEC. The Consultant understands that failure to provide said form complete with a certificate number assigned by the TEC may prohibit the City from entering into this Agreement. Pursuant to the rules prescribed by the TEC, the TEC Form 1295 must be completed online through the TEC’s website, assigned a certificate number, printed, signed and notarized, and provided to the City. The TEC Form 1295 must be provided to the City prior to the award of the contract. The City does not have the ability to verify the information included in a TEC Form 1295, and does not have an obligation or undertake responsibility for advising Consultant with respect to the proper completion of the TEC Form 1295.

XIV. AMENDMENTS

Except where the terms of this Agreement expressly provide otherwise, any alterations, additions, or deletions to the terms hereof, shall be effected by amendment, in writing, executed by both City and Consultant, and, if applicable, subject to approval by the City Council.

XV. SEVERABILITY

If any clause or provision of this Agreement is held invalid, illegal or unenforceable under present or future federal, state or local laws, including but not limited to the City Charter, City Code, or ordinances of the City of Pflugerville, Texas, then and in that event it is the intention of the Parties hereto that such invalidity, illegality or unenforceability shall not affect any other clause or provision hereof and that the remainder of this Agreement shall be construed as if such invalid, illegal or unenforceable clause or provision was never contained herein; it is also the intention of the Parties hereto that in lieu of each clause or provision of this Agreement that is invalid, illegal, or unenforceable, there be added as a part of the Agreement a clause or provision as similar in

terms to such invalid, illegal or unenforceable clause or provision as may be possible, legal, valid and enforceable.

XVIII. NONWAIVER OF PERFORMANCE

Unless otherwise specifically provided for in this Agreement, a waiver by either Party of a breach of any of the terms, conditions, covenants or guarantees of this Agreement shall not be construed or held to be a waiver of any succeeding or preceding breach of the same or any other term, condition, covenant or guarantee herein contained. Further, any failure of either Party to insist in any one or more cases upon the strict performance of any of the covenants of this Agreement, or to exercise any option herein contained, shall in no event be construed as a waiver or relinquishment for the future of such covenant or option. In fact, no waiver, change, modification or discharge by either Party hereto of any provision of this Agreement shall be deemed to have been made or shall be effective unless expressed in writing and signed by the Party to be charged. In case of City, such changes must be approved by the City Council, as described in Article XVI. Amendments. No act or omission by a Party shall in any manner impair or prejudice any right, power, privilege, or remedy available to that Party hereunder or by law or in equity, such rights, powers, privileges, or remedies to be always specifically preserved hereby.

- 2 Key Leadership Interviews** – The Consulting Team will perform eight-ten (8-10) interviews with key stakeholders to evaluate the vision for the facilities based on full operations. The community values, strengths and challenges potentially facing the facility, trends, and existing level of services provided will also be evaluated during this time. It is important to have one-on-one interviews and small group focus groups with these stakeholders and staff to ascertain candid input.
- 3 Demographic Analysis** – The Consulting Team will complete a demographic trends analysis which is based on Census 2010 baseline data, 2018 reported data, and projected populations for next five and ten years. Demographic characteristics analyzed and reported on will include population, age and gender distribution, households, and income characteristics. This analysis will provide an understanding of the demographic environment for the following reasons: To understand the market areas which are potentially served by the facilities to determine changes and assist in making proactive decisions to accommodate those shifts.
- 4 Other Service Provider Gap Analysis** – The Consulting Team will analyze all major direct and indirect service providers in the area. Direct and indirect service providers will be based on typical services/programs administered in like facilities. This data will be utilized to compare against the activities and programs identified in the Market Definition. An inventory of comparable facilities will be performed on a local basis to attempt to quantify the potential market share. An analysis of competition will include: location, service offering, pricing, programs, competitions held and attractions.
- 5 Market Definition** – The Consulting Team will confirm the size of the market by age segment and race/ethnicity for the study area. Detailed demographic analysis will be compared to potential recreational activities to estimate potential participation per national and local trends, as documented in the Sports & Fitness Industry Association's (SFIA) *2018 Study of Sports, Fitness and Leisure Participation* market research data, as well as ESRI Local Market Potential. This will help to determine the size of the activity market by age segment and frequency rates that can be

applied to the facility. These figures will serve as the basis for participation and revenue projections of the recreation and senior center.

- 6 Public Input Meeting and Online survey** – Consultants will host an open house for the public to attend where the public will have an opportunity to voice their thoughts on recreation needs in the City. These views will be documented and become part of the report. In addition an online survey questionnaire will be placed on the internet that will allow citizens another method for providing their thoughts in terms of recreation needs for the City. All of these responses will be used in developing a final opinion of needs.

B. Feasibility Study Phase

- 1. Visioning and Core Program** – Utilizing the community input, demographic analysis, service provider analysis, and market definition, the Consulting Team will identify the recommended core programs for the recreation and senior center. This will include key activities and programs for participants, as well as the potential size of the core program and market positioning.
- 2. Operational Plan** – The Consulting Team will establish operational standards and costs for the recreation and senior center based on full operations. This will include hours of operation, maintenance standards, staffing levels needed, technology requirements and customer service requirements based on established and agreed upon outcomes. Where appropriate, personnel standards as dictated by all state and/or local codes and ordinances will also be determined based on the design and program of the facility. This task will require a workshop with key management and staff.
- 3. Detailed Financial Plan/Pro-Forma** – Based on the program, operations, and conceptual plan for the recreation and senior center, the Consulting Team will develop a detailed financial plan illustrating pricing strategy for each of the programs and services. The detailed financial plan would include a space utilization summary based on detailed line item projections and detailed participation by program area. Financial modeling will be completed in Microsoft Excel; a fully functional version of the electronic model will be provided to the management group for future use as a budgeting and planning tool. The electronic financial model, fully linked and functional with the ability to project and model dynamic scenarios, will include:
 - Expenditure detail: Detailed staffing by space/program area; contractual costs, including but not limited to, utilities, maintenance and repair, insurance, office/license/dues, advertising and promotion; Commodity costs for program area and general facility requirements; Contract instructor costs
 - Revenue and participation detail: General admission by month of year, by participant category and price point (youth, adult, weekday, weekend, etc.); Program/class participation by session/meetings, by participant category; Rental by space/program area by price pointPricing strategies would be based on a ten (10) step process which highlights the level of exclusivity received by the participant and the value of experience provided. The detailed financial plan will be included as a deliverable to provide management and staff the ability to affectively plan and budget for future years. In addition to the line item detail and summary

schedules for revenues, expenditures, and debt service, this model will provide a five-year pro forma and cash flow for budgetary purposes.

C. Site Study, Conceptual and Budgeting Phase

1. Based upon the agreed upon space program the consultant will assist the city in evaluation of a potential of two sites for this facility. The consultant will arrange conceptual block diagrams of the program spaces in a functional arrangement to illustrate how a facility and parking could be situated on the proposed sites. This conceptual exercise is performed to illustrate sizes and potential arrangements of elements on site. The consultant can provide a more realistic image of a building if desired, but this is not included as a part of this current proposal.
2. A civil engineer will also perform a technical due diligence on two potential sites. This would include research on utilities, flood plains and other easements, detention requirements if applicable and water quality issues. This information will be used in development of a comprehensive budget for the project.
3. The Consultant will meet with the committee to participate in a design workshop. Preliminary concepts, program features and budgets will be reviewed and confirmed.
4. The Consultant will then prepare a final Opinion of Probable Project Cost including Construction, FF&E, Site Development, IT, Design Fees and proper contingencies. Recent project bid figures of similar projects will be used as well as national estimating guides and local cost adjustment factors. The Total Project Budget figures will be all inclusive including not only hard construction costs, FF&E costs, IT and Audio/Visual and contingencies but also such "soft" costs as professional fees, survey, and geotechnical report. The sum of these costs will comprise **total project cost** so that the Owner will have a comprehensive overview before making an informed decision about the project.
