6/25/2024	1	City Council	Approved	Pass

Approving a professional services agreement with Huitt-Zollars, Inc. in the amount of \$406,511.08 for the design and preparation of construction documents for the 8-inch Bohls Place Wastewater Interceptor, and authorizing the City Manager to execute the same.

The Bohls Place Wastewater Interceptor is in the 5-Year Capital Improvement Plan (Project No. WW2304) and is located at the northeast corner of the Bohls Place Subdivision. This item supports the Infrastructure Pillar of the Strategic Plan.

This project involves the installation of approximately 2,200 linear feet of 8” wastewater line that will intercept flow prior to entering the Bohls Place Lift Station and convey it to the existing 36” wastewater line just west of SH 130 near Wilbarger Creek. This new interceptor will then allow for the Bohls Place Lift Station to be decommissioned.
