(Granting an extended Temporary Easement to Atmos)

This ordinance is a follow up request as previously approved for first and second readings in September and October 2020 for Atmos to utilize the City property for a lease associated with a temporary construction easement, yet due to a delay with their Travis County permit, Atmos has returned for an extension of another six (6) month lease.

This ordinance is to authorize the City Manager to prepare all documents necessary to execute a lease by easement between the City and Atmos for Atmos' temporary use for a pipeline replacement project. Atmos Energy Corporation is to begin a project this fall to replace approximately 2.5 miles of 30" pipe that will take six (6) months and has requested to use City property adjacent to said project and existing gas line easement for a temporary work space. The City Charter, Section 3.14., requires an ordinance to convey or lease or authorize the conveyance or lease of any city land.

For consideration of the Temporary Construction Easement Agreement for a term of six months, Atmos will pay the City \$7,917.00. After project is completed, the land will be returned to previous or like condition.
