Presentation regarding the Downtown East Project.

This item has been included to allow for a presentation on the Downtown East Project. The Downtown east project is located on +/-29 acres located at the northwest corner of Pecan Street and FM 685. After several actions, as summarized below, the tract of land was purchased by the City in December 2021 with plans to create a civic center that includes a city hall, recreation center, and mixed used development. This presentation includes a description of the project, summary of the steps that staff have taken over the past several months and a plan to move the project forward.

At their December 14, 2021 meeting, City Council voted to approve the selection of Hayat Brown for P3 Financial and Transactional Advisor Services and enter in contract negotiations. At the same meeting, City Council also approved the selection of AGCM, Inc. and ECM, Inc. to provide Owner's Representative Services for the proposed multi-generational recreation center and city hall projects. The AGCM Professional Services Agreement is included on this agenda for City Council consideration. The Hayat Brown and ECM agreements are expected to be brought forward for City Council consideration on February 8, 2022.

City Council votes to support this recommendation.
