Approving a resolution accepting the final report for the multi-generational recreation center to be located in Downtown East.

The City's consultant, FGM Architects, Inc. with a subconsultant team of Barker Rinker Seacat (BRS) Architecture, provided an update on the programming efforts of the future multi generational recreation center (PfRC), to be located in Downtown East, at the October 25th City Council meeting. During this meeting options were discussed related to the various components that could be included in the PfRC.

This resolution confirms and documents the programming for the recreational facility within Downtown East that would include four basketball courts, large leisure water facility with lap lanes, large weight room, an indoor turf field, a multi-level adventure/walking track throughout the whole facility and related support programming such as child watch, indoor play ground, party rental rooms and event space. The next steps will be to further the design of the recreation center in conjunction with the development of Downtown East.

Prior City Council Action

Pflugerville City Council called a November 3, 2020 bond election for three propositions totaling \$191.3 million at the August 11, 2020 meeting which included \$47.3M for a new multi-generation recreation center.

June 28, 2022 - City Council approved the selection of FGM Architects, Inc. for professional services associated with the City of Pflugerville's multi-generational recreation center project. BRS is a subconsultant of this contract.

October 25, 2023 - City Council approved a resolution confirming the recommendation of the recreation center steering committee regarding programming for the recreation center.

Deadline for City Council Action

Action is requested on March 28th in order to maintain the established programming schedule.
