

# City of Pflugerville

## Legislation Text

File #: 2024-0638, Version: 1

Approving a professional services agreement with K Friese & Associates, LLC in the amount of \$542,787.27 for design and bid phase services associated with the 15-inch Gilleland Wastewater Interceptor Project, and authorizing the City Manager to execute the same.

The Gilleland Wastewater Interceptor Project is in the 5-year Capital Improvement Plan (Project No. WW 2401). The project was recommended in the 2020 Wastewater Master Plan prepared by Freese and Nichols, Inc. This item supports the Infrastructure Pillar of the Strategic Plan.

The proposed wastewater line has been preliminarily sized to be 15-inches in diameter. The work to be performed by K Friese & Associates, LLC under this contract shall consist of providing Preliminary Engineering, Final Design and Bid Phase Services. The project starts at the intersection of Pecan Street and Immanuel Road on the downstream end and extends northwest where it ties into the existing 12-inch along Robbins Road and Pecan Street at the upstream end. The approximate length of the wastewater interceptor is about 2700 linear feet. The Gilleland Interceptor Project is intended to remedy insufficient capacity in the existing 12-inch wastewater line to meet projected peak flows.
