Approving a Preliminary Plan for RNDC-Timmerman Subdivision Preliminary Plan; a 34.867-acre tract of land out of the T.S. Barnes Survey, Abstract No. 67; in Pflugerville, Texas. (PP2105-01)

The subject property is located generally southwest of Helios and Biltmore intersection in the city limits and zoned Campus Industrial (CI) district. The preliminary plan is intended to establish a one lot subdivision and the westward extension of Helios Way along the full extent of the proposed lot. A subdivision waiver was granted by the Planning and Zoning Commission on March 1, 2021 to allow the parent tract to not be included in the preliminary plan due to the remaining parent tract being located in the ETJ and not planned for division in the foreseeable future. Any future divisions or roadway extensions will be subject to the preliminary plan parent tract requirement. Helios Way extension from it's current terminus to the west extent of the lot is included in the preliminary plan. A 10' wide sidewalk will be provided along the south side of Helios Way and a 6' wide along the north side.

The preliminary plan meets minimum requirements and staff recommends approval.

Jeremy Frazzell, P&DS Asst. Director
