Legislation Text

File #: RES-1068, **Version:** 1

Approving a resolution on declaration of official intent to reimburse for financed equipment.

To provide for the equipment needs of our departments, certain pieces of equipment will be financed over 7 - 10 year terms at 3.8% - 3.85% interest rates. Short-term financing allows the city to strategically manage cash flow for financial sustainability providing limited General Fund revenues to meet the demands of our growing community. This resolution allows for the loan proceeds to reimburse for equipment purchases ordered or delivered prior to closing on the loan. Council action will be required to authorize the loan on a future agenda. The FY23 budget was adopted with these assumptions.

The following equipment will be financed:

- Mini skid steer with attachments
- Back hoe
- Paver machine
- Mini excavator
- Vactor truck
