Highlights of the success of the Pflugerville Public Library Comic Con event.

The Library's Comic Con was held on September 30 at the Pflugerville Public Library. This event included cosplay actors, comic book authors, voice actors and residents dressed in their favorite comic attire. The event, in its second year, turns the library into a Comic Con of epic superhero proportions. In this presentation, we will highlight the event and what's to come this fall at the library.

### **Staff Recommendation**

Conduct the presentation.
