4/3/2017	1	Planning and Zoning Commission	Approved on the Consent Agenda	

Approving the Sorento Phase 9 Final Plat; a 17.606-acre tract of land out of the John C. Bray Survey No. 10, Abstract No. 73; in Travis County Texas. (FP1608-02)

The proposed subdivision is located in the Municipal Utility District (MUD) #17 within the City's ETJ, generally east of SH 130 along Weiss Lane, north of Jesse Bohls Road, and directly east of Lake Pflugerville. One residential condominium lot is proposed with this final plat phase. The development of Phase 9 final plat will be governed under development standards established per 6th Amendment to the Development Agreement regarding Bohls North and PCDC Tracts approved by City Council on February 28, 2017.

The proposed one-lot subdivision receives access to Weiss Lane where site access will be limited to two driveways on Weiss Lane. In accordance with the Traffic Impact Analysis and the developer's phasing agreement with Travis County, the developer will be required to pay traffic impact fees to the City in the amount of \$60,748.00 prior to the recordation of the final plat. The traffic impact fee represents the cost of necessary roadway improvements roughly proportional to the traffic generated by the proposed development. (Refer to plat note number 29.)

Prior to the recordation of the final plat, the public improvements including water and wastewater infrastructure shall be constructed and accepted by the City, or fiscal security in an amount equal to 110% of the cost of the public improvements in a form acceptable to the Director shall be provided.

The proposed plat satisfies all state and local platting requirements, therefore staff recommends approval of the final plat.

Erin Sellers, AICP
Senior Planner
