Approving a supplemental agreement with Freese and Nichols, Inc. in the amount of \$108,407.00 for professional engineering services associated with the Old Austin-Hutto Road Project.

Additional professional engineering services for the Old Austin-Hutto Road Rehabilitation Project will include final design, bid phase, and construction administration. The scope of work includes design services to improve the existing rural roadway section to a curb and gutter section with a subsurface drainage system. Effort for this amendment includes updating roadway plan/profile sheets and cross sections for new driveways; updating traffic control plan; updating drainage for new driveways; preparing exhibits for Open House; attending one Open House; updating Project Manual including City's new frontend documents; updating construction cost estimate; preparing construction schedule; coordination with Texas Department of Transportation (TxDOT) for traffic signal at FM 685; updating illumination details and coordination with Oncor; additional topographic survey for new driveway; Texas Department of Licensing and Regulation (TDLR) project registration, Texas Accessibility Standards (TAS) plan review and TAS inspection report; bid phase; construction administration; and construction material testing. Initial project schedule indicates that construction should begin in May 2019 and is expected to be complete within 9 months.

The City will host an Open House at the Pflugerville Recreation Center, 400 Immanuel Road, on February 27, from 5:30 p.m. - 7:30 p.m. to discuss the project.

### Prior City Council Action

Freese and Nichols, Inc. was selected as the engineering consultant for this project during at the January 13, 2015 City Council Meeting.

### Deadline for City Council Action

Action is requested on February 26, 2019.
