---

Highlights of the success of the Pflugerville Library Summer Reading Program and Comic Con event.

The Library's Summer Reading Program kicked off on Saturday, June 4, 2016 with the Maker Pfest and opening of the new Pfab Lab. This year, the library added many new events including a Deutschen Pfest pageant princess story time, a drive-in story time and a very successful Comic Con that concluded the summer fun. In addition to encouraging everyone to spend the summer reading, the library offered a variety of different craft and program activities for youth, adults and families. The programs build language and social skills and provide fun through reading activities that are age appropriate.

### **Staff Recommendation**

Conduct the presentation.
